Quality Assurance Bureau

- Evolution and Transition of Enlisted OSPA Personnel
- The following functions currently are and have been performed by the enlisted component within OSPA:
  - Review all "Critical Incidents"
    - "Critical Incident" - All Motor Vehicle Contacts that involve:
      - Use of Force
      - K9 Deployment
      - Request for Consent Search
  - Random Type III Reviews
    - Provides high probability that the Division of State Police have reported all events that should have been reported based on the requirements of the Decree.
    - After reviewing a critical incident, several incidents prior and post the critical incident on that tape are reviewed for compliance.

---

---

---

---

---

---

---

---

Quality Assurance Bureau

- Instruct MVR review best practice and procedure for all first line and mid-level supervision courses
- Provide Operations Section Supervisors with real time interaction, feedback and intervention guidance

---

---

---

---

---

---

---

---

## Quality Assurance Bureau

- Formal & In-Formal intake of Search & Seizure questions and concerns
  - Questions and concerns are vetted through the Search & Seizure Committee, which is comprised of the following:
    - OAG
    - MAPPS
    - Training Bureau
    - Division of Law
    - Planning
  - State Police personnel provide real-time context in which the attorneys can frame an answer and provide guidance
