Minutes

SADC Regular Meeting of April 28, 2022 (Open and Closed Session)

It was moved by Mr. Norz and seconded by Mr. Bullock to approve the Open and Closed Session minutes of the SADC regular meeting of April 28, 2022. Roger Kumpel abstained from the vote. The motion was approved by the remaining members.

Report of the Chairman

Chairman Fisher stated that Ms. Payne, Executive Director, is on vacation and that Mr. Everett, Executive Deputy Director, will be filling in for her today.

Chairman Fisher stated that he sent a letter, as Secretary of Agriculture, to the County Agriculture Development Boards (CADBs) and the County Boards of Agriculture explaining the status of the Special Occasion Events (SOEs) legislation and informing them that they may want to notify their legislators. Chairman Fisher stressed the importance of the subject since the winery pilot program has expired and there is no longer authority to have SOEs at those farms. The letter outlined what was acceptable to the State Board of Agriculture, the Farm Bureau, and the Office of the Secretary of the Department of Agriculture. He stated we are now waiting to see if the bill makes its way through the legislature and then on to the Governor's desk.

Chairman Fisher reported that there is continuing interest in the Soil Protection Standards (SPS) and staff is close to issuing draft standards. Mr. Everett stated draft SPS packets were sent out to all of our partners and we have asked them to submit all informal comments by June 10th. Those comments will be brought back to the SADC and a final vote will be taken to formally submit the rules to the NJ Register. There is a meeting scheduled in the beginning of June with members of the State Board of Agriculture and the SADC subcommittee to discuss the SPS packet and receive their comments.

Chairman Fisher stated that this is going to be a very trying year for farmers across the country due to exorbitant cost of everything, which is putting pressure on farmers these days. He urged everyone to buy from local New Jersey farmers to support them and also to support Jersey Fresh in their endeavors.

Chairman Fisher reported that he was at Monmouth College yesterday supporting the Future Farmers of America (FFA) youth. There was a lot of participation from the SADC, both staff and board members, supporting the FFA participants to advance in agriculture, whether it be working on a farm, support services, or in government.

Report of the Deputy Executive Director

Mr. Everett reported that today would be his last meeting with the SADC as he will be leaving the SADC to work as Associate Director for the Rutgers Agriculture Experiment Station. There he will combine practice with theory dealing with climate change in agriculture, agriculture viability, and natural resource conservation.

He will still be working with the SADC but in a different capacity. He stated that he's been with the SADC for 10 years and that he appreciates everyone he's worked with. He stated that NJ has a challenge of balancing a lot of interests amongst many different people and the SADC has a diverse group of people trying to do what's best for the common good and he looks forward to his continued work with the SADC in this new capacity.

Mr. Waltman stated that Mr. Everett is a very important part of the SADC staff and thanked

him for everything that he has done. Mr. Kumpel thanked Mr. Everett for being a commonsense person who listens, stated that he appreciates everything that he has done and supports his endeavors of moving forward. Chairman Fisher stated that Mr. Everett is an extraordinary public servant who has tackled some extraordinary issues and he wished Mr. Everett all the best at Rutgers.

Mr. Everett asked Mr. Roohr to review the memo for the Search Farm Windmill Project. Mr. Roohr explained the nature of the project to the committee and that this is for informational purposes only. At this time there is no action being requested of the committee. The nature of the project was to understand the conditions that would be encountered when installing steel caissons to support offshore windmills and the equipment that would be necessary for installation. The soil structure, primarily the marl layer, on the premises had been identified as exactly the same as the conditions found in the ocean seabed off the Atlantic coast.

The testing activity occurred on an approximately 10,000 square foot area on the western edge of the farm adjacent to an existing pole barn. Staff informed the landowner and the project engineers that the activities being conducted on the site constituted a violation of the deed of easement (DOE) because they involved both nonagricultural use and nonagricultural development of the farm. It was explained to staff that testing was nearly complete, and that remediation of the site was included in the scope of work for the project. Staff reviewed the soil disturbances resulting from the project, discussed the existing remediation scope of work with the site manager, and provided the contractor with a list of additional requirements related to the remediation, including grading, stabilization and seeding. Staff made a final inspection of the Search Farm on April 21 and confirmed that the remediation work was satisfactorily completed and that all project equipment was removed. Because this violation has been resolved and the property restored to its prior condition to the extent practicable, staff recommends no further legal action in this matter.

Communications

Mr. Everett stated that Ms. Winzinger puts together a great packet of information and asked that the committee review it.

Public Comment

Patricia Springwell from Reading, NJ commented on the Soil Protection Standards, specifically, the 12% disturbance allowance. She stated that this is a flawed calculation proposal and said that excessive disturbance would reduce productive soil. She noted that it must be stipulated that fertile soil should not be disturbed when placing improvements on a farm. She expressed concern about land affordability for new farmers and suggested a way to manage this is to limit development on preserved land, which would also reduce the destruction of fertile soil.

- 1. Resolution: Renewable Energy Generation- Solar- Benioff Farm
Block 28, Lot 2.03, Hopewell Twp., Mercer Co.
SADC ID# 11-0092-EP**

NOTE: James Waltman recused himself from this item.

Mr. Roohr referred the committee to a request for the installation of a Ground-Mounted Solar Energy structure on the Benioff Farm. He reviewed the specifics of the request and stated that the staff recommendation is to grant final approval.

It was moved by Mr. Kumpel and seconded by Mr. Johnson to approve Resolution FY2022R5(1), for a Ground-Mounted Solar Energy structure on the Benioff Farm, as presented, subject to any conditions of said resolution.

Benioff Farm, SADC ID#11-0092-EP, FY2022R5(1), Block 28, Lot 2.03, Hopewell Township, Mercer County, 100.6 acres.

Mr. Waltman recused. A roll call vote was taken. The motion was unanimously approved. A copy of Resolution FY2022R5(1) is attached to and a part of these minutes.

B. Resolutions: Final Approval- FY2023 PIG Programs

Mr. Bruder introduced Mr. Thomas Allen, a planner who joined the staff in December. Mr. Bruder stated that Mr. Allen has been a great help to the planning staff and that that he will be doing the majority of the presentation today. Mr. Allen stated that the SADC 2023 Planning Incentive Grant (PIG) program will be comprised of two resolutions. The first resolution deals with counties that have applied for the PIG grant this year and the second deals with municipalities that applied for the PIG grant this year. There are also several municipalities throughout the state that are requesting approval of their 10-year updates to their farmland preservation plans. He discussed all the counties and municipalities that are applying and the distinctions between them as far as their approvals.

Mr. Allen noted that 12 counties applied for the PIG grant, three of which are being approved without conditions and nine that are receiving conditional approval. Mr. Allen stated 31 municipalities applied this year, 24 of which are being approved without conditions and two that are receiving conditional approval. Five municipalities that applied will not receive approval due to expired farmland preservation plans.

Mr. Bruder added that the SADC has a planning grant available to provide up to a 50% cost - share to go towards the cost for preparing and updating farmland preservation plans. Mr. Allen reviewed the specifics of the requests and stated that staff recommendation is to grant approval.

Mr. Norz asked what would happen to those counties that do not qualify. Mr. Bruder stated that this is just for the fiscal year 2023 and each year all requirements get evaluated for qualification based on open space, open space tax, etc. Most counties that did not qualify for approval this year did not complete their farmland preservation plans in time. They may, however, reapply for eligibility next year

It was moved by Mr. Norz and seconded by Mr. Kumpel to approve Resolutions FY2022R5(2) and FY2022R5(3), to approve the Final Approval FY2023 County PIG Program and the Final Approval FY2023 Municipal PIG Program, as presented, subject to any conditions of said resolution.

1. Annual County PIG Program Applications and Plan Updates
2. Annual Municipal PIG Program Applications and Plan Updates

A roll call vote was taken. The motion was unanimously approved. A copy of Resolutions FY2022R5(2) and FY2022R5(3) are attached to and a part of these minutes.

C. Resolutions: Final Approval- County PIG Program

Ms. Mazzella referred the committee to a request for final approval under the County PIG Program. She reviewed the specifics of the request with the committee and stated that staff recommendation is to grant final approval.

It was moved by Mr. Bullock and seconded by Mr. Waltman to approve Resolution FY2022R5(4) granting approval to the following application under the County PIG Program, as presented, subject to any condition of said resolution.

1. Saul Levin, SADC ID#, FY2022R5(4), Block 76, Lot 1, Block 78, Lot 3, and 45, Deerfield Township, Cumberland County, 80.47 gross acres.

A roll call vote was taken. The motion was unanimously approved. A copy of Resolution FY2022R5(4) is attached to and a part of these minutes.

D. Resolutions: Final Approval- Municipal PIG Program

Ms. Mazzella referred the committee to a request for final approval under the Municipal PIG Program. She reviewed the specifics of the request with the committee and stated that staff recommendation is to grant final approval.

It was moved by Mr. Kumpel and seconded by Mr. Bullock to approve Resolution FY2022R5(5) granting approval to the following application under the Municipal PIG Program, as presented, subject to any condition of said resolution.

1. Barbara Burt and Venetia Menajlo-Moore, SADC ID#17-0238-PG, FY2022R5(5), Block 903, Lot 3, Pittsgrove Township, Salem County, 19.5 gross acres.

A roll call vote was taken. The motion was unanimously approved. A copy of Resolution FY2022R5(5) is attached to and a part of these minutes.

E. Resolutions: Preliminary Approval- State Acquisition

Ms. Mazzella referred the committee to a request for final approval under the State Acquisition Program. She reviewed the specifics of the request with the committee and stated that staff recommendation is to grant final approval.

It was moved by Mr. Kumpel and seconded by Mr. Norz to approve Resolution FY2022R5(6) granting approval to the following application under the Preliminary Approval- State

Acquisition Program, as presented, subject to any condition of said resolution.

1. Clifford and Rose Mecouch, SADC ID#:17-0372-DE, FY2022R5(6), Block 4701, Lots 18, 20, & 24, Pennsville Township, Salem County, 198.2 gross acres.

A roll call vote was taken. The motion was unanimously approved. A copy of Resolution FY2022R5(6) is attached to and a part of these minutes.

Ms. Miller referred the committee to a request for approval under the State Acquisition Program for the Estate of Veronica Gulyas. She reviewed the specifics of the request with the committee and stated that the landowners are interested in selling the farm in fee simple. She stated they want to see it remain as preserved farmland permanently and thought that the SADC would be able to help them do that. She noted that the property has 90% prime soil and a high-quality score, so if approval is granted today, the property would be appraised, and an environmental study would take place. If the landowner accepts the offer, staff will come before the committee again for final approval. Ms. Miller stated that the family members are here today and they wrote a letter expressing the long commitment that the family has to farmland.

Chairman Fisher asked for an explanation of fee simple. Mr. Everett explained that NJ is one of the few states that has fee simple authority, and this is another way to be competitive with development in NJ. Mr. Everett stated that the SADC would be acquiring the essentially the same thing the developer acquires whereas when a development easement is acquired, only a fraction of the fee is acquired.

Family members that own the property spoke and stated that their wish is for this property to remain farmland as the family doesn't want this land to be developed into shopping centers or highways. The family would like the land to be maintained as such for perpetuity.

Chairman Fisher stated that the SADC can sell the property or retain ownership, maintain it as farmland and possibly rent it. He stated that this is a monumental opportunity for the SADC to be stewards of this land.

It was moved by Mr. Waltman and seconded by Mr. Kumpel to approve Resolution FY2022R5(6) granting approval to the following application under the Preliminary Approval-State Acquisition Program, as presented, subject to any condition of said resolution.

2. Estate of Veronica Gulyas, (279 Federal City Road), SADC ID# 11-0030-FS, FY2022R5(7), Hopewell Township, Mercer County, 67.8 gross acres.

A roll call vote was taken. The motion was unanimously approved. A copy of Resolution FY2022R5(7) is attached to and a part of these minutes.

Public Comment

Patricia Springwell from Reading, NJ stated that she wanted to publicly thank the family of the Veronica Gulyas Estate for their commitment to the preservation of farmland.

A representative from the Farm Bureau, Ed Wengryn, congratulated Mr. Everett on his new

opportunity at Rutgers, thanked him for everything he did for the SADC and stated that he will miss Mr. Everett and all he's done for the SADC.

Ms. Miller introduced new SADC staff member David Zaback, a Mercer county resident, who will serve as a new regional coordinator for acquisition staff. He has a background in anthropology and environmental studies, and he was also an organic farmer in NJ for over 10 years. Mr. Zaback stated that he's happy to be a part of this great organization.

Chairman Fisher stated that staff will have to go into closed session as there is a matter that needs to be discussed there. He asked anyone that is not staff or committee member to please leave the room.

CLOSED SESSION

At 10:16 a.m. Mr. Everett read the following resolution to go into Closed Session:

In accordance with the provisions of the Open Public Meetings Act, N.J.S.A. 10:4-13, it is hereby resolved that the SADC shall now go into executive session to discuss certain matters including personnel matters, any pending or anticipated litigation and any matters falling within the attorney-client privilege and any contract negotiations including the Quaker Valley Farm case. The minutes of such meeting shall remain confidential until the Committee determines the need for confidentiality no longer exists.

It was moved by Mr. Kumpel and seconded by Mr. Waltman to go into Closed Session. The motion was unanimously approved.

WHEREAS, pursuant to N.J.A.C. 2:76-17.6(b)1 and N.J.A.C. 2:76-17.6(b), in order to improve county and municipal farmland preservation coordination, the counties notified all municipalities in which targeted farms are located within a project area and provided evidence of municipal review and comment and, if appropriate, the level of funding the municipality is willing to provide to assist in the purchase of development easements on targeted farms; and

WHEREAS, pursuant to N.J.A.C. 2:76-17.7, SADC staff reviewed and evaluated the counties' applications to determine whether all the components of the comprehensive farmland preservation plans are fully addressed and complete and whether the project area inventories are complete and technically accurate, and that the application is designed to preserve a significant area of reasonably contiguous farmland that will promote the long-term economic viability of agriculture as an industry; and

WHEREAS, of the 12 counties that applied for funding under the 2023 County Planning Incentive Grant round, three (3), Gloucester, Mercer and Warren Counties, have comprehensive farmland preservation plans adopted within the last 10 years pursuant to N.J.A.C. 2:76-17.4(c); and

WHEREAS, nine (9) counties that applied for funding under the 2023 County Planning Incentive Grant round, Burlington, Cape May, Cumberland, Hunterdon, Middlesex, Monmouth, Morris, Salem and Somerset Counties, have comprehensive farmland preservation plans that are greater than 10 years old ; and

WHEREAS, these (9) counties are actively revising their comprehensive farmland preservation plans but have yet to adopt the revisions; and

WHEREAS, the twelve (12) total applicants for the 2023 County Planning Incentive Grant round identified project areas targeting 1,524 farms and 49,714 acres at an estimated total cost of \$391,018,897, with a ten-year preservation goal of 19,000 acres, as summarized in the attached Schedule B.

NOW THEREFORE BE IT RESOLVED, that the SADC grants approval to Gloucester, Mercer and Warren Counties' Planning Incentive Grant applications for the FY 2023 funding round as summarized in the attached Schedule B; and

BE IT FURTHER RESOLVED, that the SADC grants approval to Burlington, Cape May, Cumberland, Hunterdon, Middlesex, Monmouth, Morris, Salem and Somerset Counties' Planning Incentive Grant applications for the FY 2023 funding round, as summarized in the attached Schedule B, conditioned upon the counties readopting their comprehensive farmland preservation plans prior to the SADC's approval of its FY2023 appropriation request; and

BE IT FURTHER RESOLVED, that Atlantic, Bergen, Camden, Ocean, Passaic, and Sussex Counties' decisions to not apply to the 2023 County Planning Incentive Grant Program does not preclude their use of previously appropriated funds in a manner consistent with their existing Planning Incentive Grant plans; and

BE IT FURTHER RESOLVED, that the SADC will monitor each county's funding plan and adjust the eligibility of funds based on the county's progress in implementing the proposed funding plan. Pursuant to N.J.A.C. 2:76-17.8(a)3 each county with an approved Planning Incentive Grant shall expend its grant funds within three years of the date the funds are appropriated. These funds will be considered expended upon the SADC's issuance of a grant containing the final remaining funds. Any funds that are not expended within three years are subject to reappropriation and may no longer be available to the county; and

BE IT FURTHER RESOLVED, that this approval is considered a final agency decision appealable to the Appellate Division of the Superior Court of New Jersey; and

BE IT FURTHER RESOLVED, that the SADC's approval is conditioned upon the Governor's review period pursuant to N.J.S.A 4:1C-4f.

**STATE AGRICULTURE DEVELOPMENT COMMITTEE
RESOLUTION #FY2022R5(3)**

**APPROVAL Of
MUNICIPAL PLANNING INCENTIVE GRANT ("PIG") APPLICATIONS
INCLUDING COMPREHENSIVE FARMLAND PRESERVATION PLANS AND
PROJECT AREA SUMMARIES**

FY 2023 PIG PROGRAM

May 26, 2022

WHEREAS, the State Agriculture Development Committee ("SADC") is authorized under the Farmland Preservation Planning Incentive Grant Act, P.L. 1999, c.180 (N.J.S.A. 4:1C-43.1), to provide a grant to eligible counties and municipalities for farmland preservation purposes based on whether the identified project area provides an opportunity to preserve a significant area of reasonably contiguous farmland that will promote the long term viability of agriculture as an industry in the municipality or county; and

WHEREAS, to be eligible for a grant, a municipality shall:

1. Identify project areas of multiple farms that are reasonably contiguous and located in an agricultural development area ("ADA") authorized pursuant to the Agriculture Retention and Development Act, P.L. 1983, c.32 (C.4:1C-11 et seq.); and
2. Establish an agricultural advisory committee composed of at least three, but not more than five, residents with a majority of the members actively engaged in farming and owning a portion of the land they farm; and
3. Establish and maintain a dedicated source of funding for farmland preservation pursuant to P.L. 1997, c.24 (C.40:12-15.1 et seq.), or an alternative means of funding for farmland preservation, such as, but not limited to, repeated annual appropriations or repeated issuance of bonded indebtedness, which the SADC deems to be, in effect, a dedicated source of funding; and
4. Prepare a farmland preservation plan element pursuant to paragraph (13) of section 19 of P.L. 1975, c.291 (C.40:55D-28) in consultation with the agricultural advisory committee; and

WHEREAS, the SADC adopted amended rules, effective July 2, 2007, under Subchapter 17A (N.J.A.C. 2:76-17A) to implement the Farmland Preservation Planning Incentive Grant Act, P.L. 1999, c.180 (N.J.S.A. 4:1C-43.1) by establishing a municipal farmland preservation planning incentive grant program; and

WHEREAS, recent amendments to Subchapter 17A (N.J.A.C. 2:76-17A), effective August 3, 2020, were made to enhance the planning incentive grant program; and

WHEREAS, as a condition of eligibility for a grant, a county's comprehensive farmland preservation plan must now be reviewed and readopted at least every 10 years pursuant to N.J.A.C. 2:76-17A.4(b); and

WHEREAS, pursuant to N.J.A.C. 2:76-17A.6, a municipality applying for a grant to the SADC shall submit a copy of the municipal comprehensive farmland plan element, a project area inventory for each project area designated within the plan in accordance with N.J.A.C. 2:76-17A.5; and a report summarizing the status of the purchase of development easements on farms identified in prior year's applications and expenditure of Committee funds previously allocated; and

WHEREAS, to date, the SADC has received 44 comprehensive farmland preservation plans and municipal planning incentive grant applications pursuant to N.J.A.C. 2:76-17A.6(a); and

WHEREAS, in total, the 44 municipal planning incentive grant participants identified 95 project areas in 9 counties and targeted 2,161 farms and 94,389 acres at an estimated total cost of, \$1,159,206,222, with a ten-year preservation goal of 59,550 acres as summarized in the attached Schedule A; and

WHEREAS, of the 44 municipalities, 31 applied for funding under the 2023 Municipal Planning Incentive Grant Program; and

WHEREAS, pursuant to N.J.A.C. 2:76-17A.6(b)1 and N.J.A.C. 2:76-17A.6(b)2, in order to improve municipal and county farmland preservation coordination, the municipalities forwarded their applications to the county for review and provided evidence of county review and comment and, if appropriate, the level of funding the county is willing to provide to assist in the purchase of development easements on targeted farms; and

WHEREAS, pursuant to N.J.A.C. 2:76-17A.7, SADC staff reviewed and evaluated the municipalities' applications to determine whether all the components of the comprehensive farmland preservation plans are fully addressed and complete and whether the project area summaries are complete and technically accurate, and that the application is designed to preserve a significant area of reasonably contiguous farmland that will promote the long-term economic viability of agriculture as an industry; and

WHEREAS, 24 of the 31 municipalities that applied for funding under the 2023 Municipal Planning Incentive Grant Program have comprehensive farmland preservation plans adopted within the last 10 years pursuant to N.J.A.C. 2:76-17A.4(b); and

WHEREAS, Kingwood Township, Hunterdon County; and West Amwell Township, Hunterdon County, have comprehensive farmland preservation plans greater than 10 years old and are actively revising these plans and anticipate readoption in advance of the SADC's approval of the FY2023 appropriation request; and

WHEREAS, five (5) municipalities, East Amwell Township, Hunterdon County; Holmdel Township, Monmouth County; Manalapan Township, Monmouth County; Hillsborough Township, Somerset County; and Montgomery Township, Somerset County, have comprehensive farmland preservation plans greater than 10 years old; and

WHEREAS, since a municipality must review and readopt its comprehensive farmland preservation plan every 10 years in accordance with N.J.A.C. 2:76-17A.4(b), the above five municipalities are currently not eligible for additional grant funding pursuant to N.J.A.C. 2:76-17A.3(a)3.

NOW THEREFORE BE IT RESOLVED, that the SADC grants approval of the Municipal Planning Incentive Grant applications submitted under the FY23 program funding round, and eligible for funding, as summarized in the attached Schedule B; and

BE IT FURTHER RESOLVED, that the SADC's approval of the Municipal Planning Incentive Grant application for Kingwood Township, Hunterdon County; and West Amwell Township, Hunterdon County is conditioned upon readoption of their comprehensive farmland preservation plans prior to SADC's approval of its FY23 appropriation request; and

BE IT FURTHER RESOLVED, a municipalities' decision to not apply to the 2023 Municipal Planning Incentive Grant Program does not preclude its use of previously appropriated funds in a manner consistent with their existing Planning Incentive Grant plan; and

BE IT FURTHER RESOLVED, that funding eligibility shall be established pursuant to N.J.A.C. 2:76-17A.8(a), and that the SADC's approval of State funding is subject to Legislative appropriation of funds and the Governor signing the respective appropriation bills; and

BE IT FURTHER RESOLVED, that the SADC will monitor the municipality's funding plan and adjust the eligibility of funds based on the municipality's progress in implementing the proposed funding plan pursuant to N.J.A.C 2:76-17A.8(a)2. Each Planning Incentive Grant municipality shall expend its grant funds within three years of the date the funds are appropriated. These funds will be considered expended upon the SADC's issuance of a grant containing the final remaining funds. Any funds that are not expended within three years are subject to reappropriation and may no longer be available to the municipality; and

Total Easement Purchase	\$497,304.00	(\$6,000/acre)

WHEREAS, pursuant to N.J.A.C. 2:76 17.14 (d) (f), if there are insufficient funds available in a county's base grant, the county may request additional funds from the competitive grant fund; and

WHEREAS, pursuant to N.J.A.C. 2:76-17.14, the County is requesting \$323,247.60 in base grant funding which is available at this time (Schedule B); and

WHEREAS, pursuant to N.J.A.C. 2:76-17.14, the SADC shall approve a cost share grant for the purchase of the development easement on an individual farm subject to available funds and consistent with the provisions of N.J.A.C. 2:76-6.11;

NOW THEREFORE BE IT RESOLVED:

1. The WHEREAS paragraphs set forth above are incorporated herein by reference.

2. The Green Light Approval and certification of easement value were conditioned upon the SADC's approval of the Township's 2023 Comprehensive Farmland Preservation Plan annual update to include this property as a targeted farm, and on May 26, 2022, the SADC approved the annual update to add the Property as a targeted farm.
3. The SADC grants final approval to provide a cost share grant to the County for the purchase of a development easement on the Premises, comprising approximately 82.884 net easement acres, at a State cost share of \$3,900 per acre, (65% of certified easement value and purchase price), for a total grant of approximately \$323,247.60 pursuant to N.J.A.C. 2:76-6.11 and the conditions contained in (Schedule C).
4. Any unused funds encumbered from either the base or competitive grants at the time of closing shall be returned to their respective sources (competitive or base grant funds).
5. Should additional funds be needed due to an increase in acreage and if base grant funding becomes available the grant may be adjusted to utilize unencumbered base grant funds.
6. The SADC's cost share grant to the county for the development easement purchase on the Premises shall be based on the final surveyed acreage of the Premises adjusted for proposed road rights-of-way, other rights-of-way, easements, encroachments, and streams or water bodies on the boundaries of the Premises as identified in Policy P-3-B Supplement or other superior interests (recorded or otherwise granted) in the property that conflict with the terms of the Deed of Easement or otherwise restrict the affected area's availability for a variety of agricultural uses.
7. The SADC shall enter into a Grant Agreement with the County in accordance with N.J.A.C. 2:76-6.18.
8. The final acreage of the exception area shall be subject to onsite confirmation, and the Chief of Acquisition may recommend that the Executive Director approve final size and location of the exception area such that the size does not increase more than one (1) acre and the location remains within the substantially same footprint as the herein-approved exception, so long as there is no impact on the SADC certified value.
9. All survey, title and all additional documents required for closing shall be subject to review and approval by the SADC.
10. This approval is considered a final agency decision appealable to the Appellate Division of the Superior Court of New Jersey.

11. This action is not effective until the Governor's review period expires pursuant to N.J.S.A. 4:1C-4f.

STATE AGRICULTURE DEVELOPMENT COMMITTEE

RESOLUTION #FY2022R5(6)

Preliminary Approval of SADC Easement Purchase
on an "Other" FARM

On the Property of
Mecouch, Clifford W. & Rose M.

MAY 26, 2022

Subject Property: **Mecouch, Clifford W. & Rose M.**
Block 4701, Lots 18, 20, & 24 - Pennsville Township, Salem County
SADC ID#:17-0372-DE

WHEREAS, pursuant to N.J.A.C. 2:76-11.3, an owner of farmland may offer to sell to the State Agriculture Development Committee ("SADC") a development easement on the farmland; and

WHEREAS, on November 17, 2021, the SADC received a development easement sale application from Clifford and Rose Mecouch, hereinafter "Owner," identified as Block 4701, Lots 18, 20, & 24, Pennsville Township, Salem County, hereinafter "the Property," totaling approximately 198.2 gross acres, identified in (Schedule A); and

WHEREAS, the Property includes one (1), approximately 3.3-acre non-severable exception area for and limited to one existing single family residential unit and to afford future flexibility of uses and one (1), approximately 19.1 acre non-severable exception area that is already encumbered by an existing Wetlands Reserve Easement (WRE) held by Natural Resources Conservation Service (NRCS) resulting in approximately 175.8 net acres to be preserved; and

WHEREAS, the portion of the Property outside the exception area includes one (1) single family residential unit, zero (0) Residual Dwelling Site Opportunities (RDSO), zero (0) agricultural labor units, and no pre-existing non-agricultural uses; and

WHEREAS, at the time of application, the Property was in hay, beef, chicken, and bee production; and

WHEREAS, the application has been evaluated for the sale of development easement pursuant to N.J.A.C. 2:76-11.5 and the State Acquisition Selection Criteria approved by the SADC on September 9, 2020, which categorizes applications into "Priority", "Alternate" and "Other" groups; and

WHEREAS, the Property, has a quality score of 37.80 and contains approximately 175.8 net acres (Schedule B); and

WHEREAS, the Property does not meet the SADC's Salem County minimum criteria for the "Alternate" category which requires a quality score of at least 48 combined with at least 69 acres, therefore, this farm is categorized as an "Other" farm, requiring SADC preliminary approval; and

WHEREAS, the Property meets the minimum eligibility criteria as set forth in N.J.A.C. 2:76-6.20 and pursuant to N.J.A.C. 2:76-11.6(b)i. there are no "priority" ranked applications that have not already been selected for processing at this time; and

NOW THEREFORE BE IT RESOLVED:

1. Because this 198.2-acre farm is significantly larger than the average farm size and the acreage criteria for a "Priority" farm in Salem County, has approximately 41% Prime soils and 56% Statewide Important soils, and is directly adjacent to a large NJDEP Wildlife Management Area, the SADC approves selecting the Property for processing as an "Other" farm, pursuant to N.J.A.C. 2:76-11.5; and
2. The SADC grants preliminary approval to the Property for an easement acquisition and authorizes staff to proceed with the following:
 - a. Enter into a 120 day option agreement with the Landowner
 - b. Secure two independent appraisals to estimate the fair market value of the Property
 - c. Review the two independent appraisals and recommend a certified fair market easement value of the property to the SADC

BE IT FURTHER RESOLVED, that this action is not effective until the Governor's review period expires pursuant to N.J.S.A. 4:1C-4f.
