HUNTERDON COUNTY

January 24, 2013

WHEREAS, the Agriculture Retention and Development Act, N.J.S.A. 4:1C-11 et seq., P.L. 1983, c.32, provides for the identification of Agricultural Development Areas (ADAs) by county agriculture development boards; and

WHEREAS, pursuant to N.J.S.A. 4:1C-18, the Hunterdon County Agriculture Development Board (HCADB) adopted, after a public hearing, ADA criteria and a map identifying areas where agriculture shall be the preferred, but not necessarily exclusive use of land, documenting that the area:

1. Encompasses productive agricultural lands which are currently in production or have a strong potential for future production and in which agriculture is a permitted use under the current municipal zoning ordinance or in which agriculture is permitted as a nonconforming use;
2. Is reasonably free of suburban and conflicting commercial development;
3. Comprises not greater than 90% of the agricultural land mass of the county;
4. Incorporates any other characteristics deemed appropriate by the Board; and

WHEREAS, pursuant to N.J.A.C. 2:76-1.4, the HCADB incorporated the following other criteria into the County ADA criteria:

1. A minimum contiguous area of at least 250 acres;
2. The predominance of prime or statewide important soils;
3. Land use that is reasonably free of non-farm development;
4. The absence of public sewers; and
5. Landowner consent to be included within the ADA; and

WHEREAS, the State Agriculture Development Committee (SADC) certified Hunterdon County's designated ADA criteria pursuant to N.J.S.A. 4:1C-18, and N.J.A.C. 2:76-1.4 on September 23, 1999; and

WHEREAS, the SADC certified amendments to Hunterdon County's designated ADA map showing the general location of the ADA(s) as defined by the application of the criteria many times over the years at the request of several municipalities, most recently on June 26, 2008; and

WHEREAS, on October 13, 2011, the HCADB updated its designated ADA map, at the request of the Township, to include Block 94, Lot 11, in the Township of Readington; and

WHEREAS, the HCADB reviewed the proposed ADA against the ADA criteria set forth at N.J.S.A. 4:1C-18 and N.J.A.C. 2:76-1.4 and the certified CADB criteria; and

WHEREAS, the HCADB held a public hearing on December 13, 2012 to consider public comment on the proposed amendment to its ADA map pursuant to N.J.A.C. 2:76-1.5 with no one providing any additional information on the proposed change; and

WHEREAS, the HCADB has requested the SADC's certification of the amended ADA map (as identified in the attached Schedule "A"); and

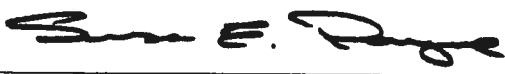

WHEREAS, pursuant to N.J.A.C. 2:76-1.5, the CADB submitted to the SADC, copies of the agenda and minutes of the October 13, 2011 meeting and the publicly noticed December 13, 2012 hearing, and the October 13, 2011 CADB resolution of adoption; and

WHEREAS, the SADC has reviewed the CADB's submissions and has determined that the analysis of factors and resultant criteria is reasonable and consistent and in compliance with the provisions of N.J.A.C. 2:76-1.6;

NOW THEREFORE BE IT RESOLVED, that the SADC, pursuant to the restrictions as contained in the Deed of Easement, finds that the replacement of a single-family residence on the Premises will have a positive impact on the continued agricultural operations of this farm by replacing the deteriorated residence, which is very close to the road with a new residence which shall serve as the primary residence for the Contract Purchaser and his family; and

BE IT FURTHER RESOLVED, that the Committee approves the construction of a single family residence, consisting of approximately 3,800 sq./ft. heated living space, and approximately 2,000 sq./ft. of basement space, in the location shown in Schedule "A", to replace the single family residence which currently exists on the Premises; and

WHEREAS, upon review of sales comparables in the summer of 2012, SADC staff determined that Block 22, Lot 7, in Pilesgrove Township and Block 21, Lots 1 and 2 and Block 22, Lot 10 in Oldmans Township had been conveyed to the Purchasers without SADC or CADB approval and advised the CADB accordingly; and

WHEREAS, Salem CADB staff advised the Owners and Purchasers that the Premises was not in compliance with the Deed of Easement and that a division of premises request, approved by the CADB and State Agriculture Development Committee (SADC), was necessary; and

WHEREAS, the Owners propose to divide the Premises as shown in Schedule "A"; and

WHEREAS, the Owners have retained ownership of Block 22, Lot 3, in Pilesgrove Township (Parcel-A) and sold Block 22, Lot 7, in Pilesgrove Township and Block 21, Lots 1 and 2 and Block 22, Lot 10 in Oldmans Township (Parcel-B) to Edward and Barbara Byrnes; and

WHEREAS, paragraph 15 of the Deed of Easement states that no division of the Premises shall be permitted without the joint approval in writing of the Grantee and the SADC; and

WHEREAS, in order to grant approval, the Grantee and the SADC must find that the division is for an agricultural purpose and will result in agriculturally viable parcels such that each parcel is capable of sustaining a variety of agricultural operations that yield a reasonable economic return under normal conditions, solely from the parcel's agricultural output; and

WHEREAS, by resolution dated November 28, 2012, the CADB approved the request to divide the Premises into two (2) parcels along existing lot lines as follows:

Parcel A – Block 22, Lot 3 in Pilesgrove Township

Parcel B – Block 22, Lot 7, in Pilesgrove Township and Block 21, Lots 1 and 2 and Block 22, Lot 10 in Oldmans Township

WHEREAS, in support of its determination, the CADB found that the division of Premises was for an agricultural purpose as it will help secure the expansion of the Byrnes family farming operation; and

WHEREAS, in support of its determination, the CADB found that the division of Premises resulted in agriculturally viable parcels, with resulting parcels containing significant quantities of quality soils; and

WHEREAS, the resulting Parcel-A would result in a 147+/- acre property that is approximately 95% (140 acres) tillable with 32% (47 acres) prime soils, 59% (87 acres) soils of Statewide Importance, with 6.03 acres of freshwater wetlands; and

WHEREAS, the resulting Parcel-A would include four (4) existing single-family residences and several farm outbuildings; and

WHEREAS, Parcel-A is improved with an irrigation pond, an irrigation well and underground mains over the entire parcel; and

WHEREAS, the resulting Parcel-B would result in an 129+/- acre property that is approximately 81% (105 acres) tillable with 54% (69.5 acres) prime soils, 25% (32 acres) soils of statewide importance identified, with 18 acres of freshwater wetlands; and

WHEREAS, the resulting Parcel-B includes two (2) existing single family residences, an agricultural labor dormitory and several farm outbuildings; and

WHEREAS, Parcel-B is improved with an irrigation pond and underground mains throughout the entire parcel; and

WHEREAS, on January 11, 2013, SADC staff visited the site and found all of the tillable acres on Premises planted in cover crops and spring grains; and

WHEREAS, the primary outputs of the two parcels have historically been grains and vegetables; and

WHEREAS, the SADC makes the following findings related to its determination of whether the division will result in agriculturally viable parcels, such that each parcel is capable of sustaining a variety of agricultural operations that yield a reasonable economic return under normal conditions, solely from the parcel's agricultural output:

- 1) Each parcel contains a significant acreage of high quality, tillable soils, as follows:
  - Parcel A, at 147 acres, has 140 tillable acres with approximately 47 acres of prime soil and 87 acres soils of statewide importance;
  - Parcel B, at 129 acres, has 105 tillable acres with approximately 69.5 acres of prime soils and 32 acres of soil of statewide importance;

WHEREAS, the SADC makes the following findings related to its determination of whether this application meets the agricultural purpose test:

- 1) The division was undertaken for purposes of expanding the Byrnes family agricultural operation;
- 2) The Byrnes family agricultural operation has, over the past 20 years, maintained a high degree of stewardship of both Parcels A and B.

NOW THEREFORE BE IT RESOLVED, that the SADC finds that the division is for an agricultural purpose and results in agriculturally viable parcels such that each parcel is capable of sustaining a variety of agricultural operations that yield a reasonable economic return under normal conditions, solely from the parcel's agricultural output due to the size of the two proposed parcels and the quality of the soils present on both parcels; and

BE IT FURTHER RESOLVED, that the SADC's approval of the division of the premises is subject to, and shall be effective upon, the recording of the SADC's approval resolution; and

BE IT FURTHER RESOLVED, that this action is not effective until the Governor's review period expires pursuant to N.J.S.A. 4:1C-4f.

69.87-Acres

WHEREAS, Lahaway Creek Farm LLC, hereinafter, Owner, is the record owner of Block 55, Lot 17, in Upper Freehold Township, Monmouth County, by Deed dated May 26, 2005, and recorded in the Monmouth County Clerk's Office, in Deed Book 8470, Page 1472, totaling approximately 69.87 acres, hereinafter referred to as "Premises" (as shown on Schedule "A"); and

WHEREAS, the development easement on the Premises was conveyed to the County of Monmouth on September 27, 1989, pursuant to the Agriculture Retention and Development Act, N.J.S.A. 4:11 et seq., P.L. 1983, c. 32, as a Deed of Easement, recorded in Deed Book 4961, Page 0129; and

WHEREAS, P.L. 2009, c.213 signed into law on January 16, 2010, requires State Agriculture Development Committee (SADC) approval before constructing, installing, and operating renewable energy generating facilities, structures and equipment on preserved farms, including areas excepted from the Premises; and

WHEREAS, the SADC must adopt regulations to implement P.L. 2009, c.213 (N.J.S.A. 4:1C-32.4) hereinafter, referred to as "the Act"; and

WHEREAS, the SADC, in conjunction with the Office of the Attorney General, has determined that it may accept and consider applications for the construction of renewable energy generating facilities on preserved farms, prior to the adoption of rules, only in cases where the project will not result in the creation of any new impervious cover and the review is based solely upon criteria listed in subsection (a) of the Act; and

WHEREAS, subsection (a) of the Act states that the owner of a preserved farm may construct, install and operate renewable energy generation facilities on preserved farms for the purpose of generating power or heat, provided the systems:

- (1) do not interfere significantly with the use of the land for agricultural or horticultural production, as determined by the committee;
- (2) are owned by the landowner, or will be owned by the landowner upon the conclusion of the term of an agreement with the installer of the biomass, solar, or wind energy generation facilities, structures, or equipment by which the landowner uses the income or credits realized from the biomass, solar, or wind energy generation to purchase the facilities, structures, or equipment;
- (3) are used to provide power or heat to the farm, either directly or indirectly, or to reduce, through net metering or similar programs and systems, energy costs on the farm; and
- (4) are limited (a) in annual energy generation capacity to the previous calendar year's energy demand plus 10 percent, in addition to what is allowed under subsection b. of this section, or alternatively at the option of the landowner (b) to occupying no more than one percent of the area of the entire farm including both the preserved portion and any portion excluded from preservation.
- (5) The person who owns the farm and the energy generation facilities, structures, and equipment may only sell energy through net metering or as otherwise permitted under an agreement allowed pursuant to paragraph (2) of this subsection.

WHEREAS, the Owner submitted an "Application for Energy Generation Facilities on Existing Buildings or Structures on Preserved Farmland" pursuant to N.J.S.A. 4:1C-32.4; and

WHEREAS, the Owner is seeking SADC approval for the construction of a photovoltaic solar energy generation facility on portions of two roof tops of existing barns on the Premises which will provide electricity to these two barns as well as the farm office located on a non-preserved area next to one of the barns; and

WHEREAS, the buildings that will support the solar energy generation facilities are two equine surgery barns on the premises, with roof tops totaling approximately 9,700 square feet in size as identified on Schedule "A"; and

WHEREAS, the agricultural operation consists of an equine veterinary/breeding/raising farm and the electrical energy demand of the farm is generated from service to the barns on the premises and the farm office on the farm; and

WHEREAS, the farm's energy demand for the previous calendar year was 17.42 kilowatts (kW) as confirmed by the Owner's submission of 12 months of utility bills; and

WHEREAS, there are no other renewable energy generation facilities existing on the Premises; and

WHEREAS, the rated capacity of the proposed solar energy generation facility is 14.72 kW; and

WHEREAS, the solar energy generation facility is owned by the Owner; and

WHEREAS, the Owner provided evidence confirming that the solar energy generation facility will provide power to the farm directly through net metering to reduce energy costs on the farm; and

WHEREAS, the Owner provided evidence that the annual solar energy generation does not exceed the previous calendar year's energy demand; and

WHEREAS, as a result of the panels being installed on the roof of a structure no new impervious cover or soil disturbance will result from the installation of the solar energy generation facilities, structures and equipment; and

Execute Deed of Easement, Project Agreement, and Closing Documents  
Hunterdon Land Trust - Horoschak Farm  
2011 Non Profit Round - SADC #10-0061 NP

January 24, 2013

WHEREAS, on December 20, 2010 the State Agriculture Development Committee ("SADC"), received a non-profit cost share grant application from Hunterdon Land Trust ("HLT") for the Horoschak farm identified as Block 49, Lots 16 and 18, Franklin Township, Hunterdon County, totaling approximately 133 acres, hereinafter referred to as "Property" (Schedule A); and

WHEREAS, the Property contains one 5-acre non-severable exception area limited to one single family residence; and

WHEREAS, the farm is approximately 38 percent cropland harvested and was in field crop (hay) production at the time of application and meets the minimum criteria as set forth in N.J.A.C. 2:76-6.20; and

WHEREAS, on April 28, 2011 the SADC granted preliminary approval by Resolution #FY2011R4(7) to the HLT application and appropriated \$1,445,000 for the acquisition of development easements or fee simple interest to four farms which HLT had submitted including the Property; and

WHEREAS, in accordance with N.J.A.C. 2:76-12.2(b) the SADC determined that any farm that has a quality score (as determined by N.J.A.C. 2:76-6.16) greater than or equal to 70% of the county average quality score as determined in the County PIG program be eligible for funding; and

WHEREAS, at the time of SADC preliminary approval the Property had a quality score of 63.55, however, subsequently a small wooded lot (Lot 18) was removed from the application and the acreage became 125 acres, reducing the quality score to 64.20 which is still greater than 70% of the County average quality score of 43 as determined on June 24, 2010; and

WHEREAS, the owner has read and signed SADC Guidance Documents regarding Exceptions, Division of Premises and Non-agricultural uses; and

WHEREAS, HLT has not received Final Approval or closed any of the four farms they submitted in the 2011 Round, therefore there is a balance of \$1,445,000 available; and

WHEREAS, in accordance with N.J.A.C. 2:76-15.1 if two appraisals have been obtained on a parcel and the difference between the two appraisal values is 10 percent of the higher appraisal value or less, the eligible land cost shall be the average of the appraisal values. The two appraisals submitted were within 10 percent of the highest appraisal value and the resulting average was \$6,650 per acre; and

WHEREAS, on September 27, 2012 the SADC certified the easement value of the Property to be \$6,650 per acre based on current zoning and environmental regulations (as of August 19, 2012); and

WHEREAS, the SADC advised HLT of the certified value and its willingness to provide a 50 percent cost share grant pursuant to N.J.A.C. 2:76-15.1, not to exceed 50 percent of HLT's eligible costs and subject to available funds from the \$1,445,000 appropriated in the 2011 Nonprofit round; and

WHEREAS, on December 28, 2012 HLT informed the SADC that it will accept SADC cost share of \$3,325 per acre and the landowner was willing to accept \$6,700 which is equal to the highest appraised value; and

WHEREAS, HLT has stated that the farm is included on HLT's Federal United States Department of Agriculture, Natural Resources Conservation Service FRPP grant application as a targeted farm and they intend to utilize these Federal Grant funds for their matching grant; and

WHEREAS, the HLT/Horoschak farm is eligible for a 50% Federal grant for \$402,000 based on 50% of the NRCS anticipated approved easement value of \$6,700; and

WHEREAS, the landowner has agreed to the additional restrictions associated with the FRPP funding, including a 5% maximum impervious coverage restriction (approximately 6.0 acres available for impervious coverage including agricultural related structures) on the lands being preserved outside of the exception area; and

WHEREAS, on December 13, 2012 Franklin Township passed Resolution 2012-101 showing its support for the project and financial commitment of up to \$12,550; and

WHEREAS, the anticipated cost share participation for the project will be as follows based on 120 acres:

HLT FRPP Grant	\$402,000	\$3,350/acre (50% of \$6,700)
Franklin Township Funds	\$ 3,000	\$ 25/acre (0.4% of \$6,700)
SADC Nonprofit Grant Funds	<u>\$399,000</u>	<u>\$3,325/acre (50% of \$6,650)</u>
Total	\$804,000	\$6,700/acre; and

WHEREAS, pursuant to N.J.A.C. 2:76-12.6 and N.J.A.C. 2:76-16.3, the SADC shall provide a cost share grant to HLT for up to 50% of the eligible ancillary costs which will be deducted from its appropriation and subject to the availability of funds;

NOW THEREFORE BE IT RESOLVED that the SADC grants final approval to the HLT/Horoschak easement acquisition application subject to compliance with N.J.A.C. 2:76-16; and

BE IT FURTHER RESOLVED, the SADC shall provide a cost share grant not to exceed \$3,325 per acre (total of approximately \$399,000 based on 120 acres) to Hunterdon Land Trust for the development easement acquisition on the Property farm subject to the availability of funds; and

BE IT FURTHER RESOLVED, the SADC approves the use of HLT Federal Farm and Ranch Land Protection Program funds for the preservation of the Horoschak farm, which will include an impervious coverage limitation of 5% and other restrictions required under the Federal Farm and Ranch Land Protection Program; and

BE IT FURTHER RESOLVED, the application is subject to the conditions contained in (Schedule B); and

BE IT FURTHER RESOLVED that the SADC authorizes staff to proceed with the preparation of a Project Agreement and closing documents prepared in accordance with N.J.A.C. 2:76-16.1; and

BE IT FURTHER RESOLVED, the SADC's cost share grant to Hunterdon Land Trust for the development easement purchase on the approved application shall be based on the final surveyed acreage of the Premises adjusted for proposed road rights-of-way, other rights-of-way or easements as determined by the SADC, and streams or water bodies on the boundaries of the Premises as identified in Policy P-3-B Supplement; and

BE IT FURTHER RESOLVED that the SADC authorizes Douglas Fisher, Secretary of Agriculture as Chairperson of the SADC or Executive Director Susan E. # Schedule C

## SCHEDULE B (deed of easement)

Grantor certifies that at the time of the application to sell the development easement to the Grantee no non-agricultural uses existed. Grantor further certifies that at the time of the execution of this Deed of Easement no non-agricultural uses exist.

Grantor certifies that at the time of the application to sell the development easement to the Grantee and at the time of the execution of this Deed of Easement the following uses occur on the Premises:

Horseback riding lessons, boarding, training and schooling horses, in an arena and stalls, as depicted on the survey dated \_\_\_\_\_, prepared by \_\_\_\_\_.

Grantor further certifies that the above uses (hereinafter "equine service activities") are currently ancillary to equine-related production, including pasturing, horse breeding and hay production. "Ancillary" means that the area of land on which equine service activities are conducted is subordinate, secondary and auxiliary in comparison to the area of the farm devoted to equine production activities. Grantor understands and agrees that because the equine service activities are ancillary to equine-related production, the said equine service activities are deemed agricultural uses and are not currently subject to the restrictions placed on non-agricultural uses in Paragraphs 3 and 4 of the Deed of Easement. The areas occupied by equine service activities and equine production activities are depicted on the attached aerial photograph identified as Schedule B1.

Grantor also understands and agrees that if, in the future, equine service activities are no longer "ancillary" as defined above, then the equine service activities will be deemed non-agricultural and will be subject to the restrictions contained in Paragraphs 3 and 4 of the Deed of Easement.

	<b>\$88,065.00</b>	<b>\$44,032.50</b>	<b>\$88,065</b>	<b>\$5,700 /acre</b>

WHEREAS, pursuant to N.J.A.C. 2:76-17.13, the Fredon Township Committee approved the application of the Klein Farm on January 28, 2010, and the Sussex County Agriculture Development Board approved the application on December 17, 2012 and secured a commitment of funding for 40% of the easement purchase (\$1,950 per acre or an estimated \$30,127.50) from the Sussex County Board of Chosen Freeholders for the required local match on January 16, 2013; and

WHEREAS, pursuant to N.J.A.C. 2:76-17.14, the SADC shall approve a cost share grant for the purchase of the development easement on an individual farm consistent with the provisions of N.J.A.C. 2:76-6.11; and

NOW THEREFORE BE IT RESOLVED, that the SADC grants final approval to provide a cost share grant to Sussex County for the purchase of a development easement on the Klein Farm, comprising approximately 15.45 acres, at a State cost share of approximately \$57,937.50 (65.79% of certified market value and 65.79% of the purchase price) pursuant to N.J.A.C. 2:76-6.11 and the conditions contained in Schedule C; and

BE IT FURTHER RESOLVED, that to account for any potential increase in the final surveyed acreage, a 3% acreage buffer has been applied to the funds encumbered from the County's base grant, which would allow for a maximum SADC cost share of \$57,937.50; and

BE IT FURTHER RESOLVED, that the SADC will utilize any remaining FRPP grant funds (estimated \$13,905) to offset SADC grant needs on the Property; and

BE IT FURTHER RESOLVED, that the SADC cost share grant shall utilize an approximate total of \$44,032.50 from Sussex County's base grant funds and \$13,905 from the USDA, NRCS FY12 FRPP grant funds; and

BE IT FURTHER RESOLVED, that if additional base grant funds are needed due to an increase in acreage the grant may be adjusted so long as it does not impact any other applications' encumbrance; and

BE IT FURTHER RESOLVED, any unused funds encumbered from either the base or competitive grants at the time of final approval shall be returned to their respective sources (competitive or base grant fund); and

BE IT FURTHER RESOLVED, that the SADC's cost share grant to the County for the purchase of a development easement on the approved application shall be based on the final surveyed acreage of the premises adjusted for proposed road rights-of-way, other rights-of-way or easements as determined by the SADC, streams or water bodies on the boundaries of the premises as identified in Policy P-3-B Supplement and for residual dwelling site opportunities allocated pursuant to Policy P-19-A; and

BE IT FURTHER RESOLVED, the SADC shall enter into a Grant Agreement with the County pursuant to N.J.A.C. 2:76-6.18, 6.18(a) and 6.18(b); and

BE IT FURTHER RESOLVED, that the SADC's final approval is conditioned upon the Governor's review pursuant to N.J.S.A. 4:1C-4.

STATE AGRICULTURE DEVELOPMENT COMMITTEE

RESOLUTION #FY2013R1(16)

SADC EASEMENT ACQUISITION  
PRELIMINARY APPROVAL  
of an "OTHER" FARM  
IN THE HIGHLANDS PRESERVATION AREA

JANUARY 24, 2013

Subject Farm: Andersen, Tor  
Block 19, Lot 109; Block 19.06, Lots 62 & 64  
Sparta Township, Sussex County  
SADC ID# 19-0017-DE  
Approximately 13 net easement acres

WHEREAS, pursuant to N.J.A.C. 2:76-11.3, an owner of farmland may offer to sell to the State Agriculture Development Committee ("SADC") a development easement on the farmland; and

WHEREAS, on October 16, 2012 the SADC received an SADC easement acquisition application from Tor Andersen for Property identified Block 19, Lot 107; Block 19.06, Lots 62 & 64, Sparta Township, Sussex County, totaling approximately 13 net acres as shown on (Schedule A); and

WHEREAS, the landowner purchased the farm in 2012 but still qualifies for 01/01/04 zoning consideration in the appraisal because he meets the definition of a "farmer" pursuant to N.J.A.C. 13:20-1 et seq. and N.J.A.C. 13:8C-38j(1); and

WHEREAS, staff evaluated this application for the sale of development easement pursuant to SADC Policy P-14-E, Prioritization criteria, N.J.A.C. 2:76-6.16 and the State Acquisition Selection Criteria approved by the SADC on September 27, 2012 which categorized applications into "Priority", "Alternate" and "Other" groups; and

WHEREAS, staff finds that the Property, with a quality score of 42.29 and 13 net acres, does not meet the SADC's Sussex County minimum ranking criteria for the "Priority" or "Alternate" categories which requires a quality score of at least 38 combined with at least 46 acres, therefore this farm is categorized as an "Other" farm requiring SADC preliminary approval; and

WHEREAS, the Property meets the minimum eligibility criteria as set forth in N.J.A.C. 2:76-6.20; and

WHEREAS, all of the Property's lots, except Block 19, Lot 107, are within the County Agriculture Development Area and the County Planning Incentive Grant Eastern Highlands 2 project area ; and

WHEREAS, the Property is located within the New Jersey State Plan-designated Environmentally Sensitive Area (PA5) and within the Highlands Agriculture Priority and Resource Areas as well as the Highlands Preservation Area's "Protection Zone" (Schedule B) and

WHEREAS, this farm has two (2) existing single family residences; and

WHEREAS, the applicant has requested an a 0.5-acre non-severable exception area for future flexibility of use for the existing farm market, which sells goods produced on this farm and from additional land owned by the Andersen's, and

WHEREAS, the farm has 64.5% Prime soil and +/- 7 acres are in corn/ field crop production (Schedule C); and

WHEREAS, on March 23, 2006 the SADC adopted the FY 2006 Highlands Preservation Appropriation Expenditure Policy - Amended, which approves the use of Highlands funds to support additional applications in all farmland preservation programs where demand for funding has outstripped otherwise approved SADC funding. The Property is a candidate for this funding source; and

WHEREAS, at this time there is approximately \$1.9 million available from the \$30 million originally designated as Highlands funding; and

WHEREAS, pursuant to N.J.A.C. 2:76-11.6 (b) 1.i., there are no "Priority" or "Alternate" Ranked applications at this time in the Highlands Preservation Area which have not already been accepted for processing and have funding earmarked; and

NOW THEREFORE BE IT RESOLVED that the SADC grants preliminary approval to the Property for an easement acquisition and authorizes staff to proceed with the following:

1. Enter into a 120 day option agreement.
2. Secure two independent appraisals to estimate the fair market value of the Property.
3. Review the two independent appraisals and recommend a certified fair market easement value of the property to the SADC.

BE IT FURTHER RESOLVED, that this action is not effective until the Governor's review period expires pursuant to N.J.S.A. 4:1C-4f.
