10. Fencing

Maiden Farmer is permitted to erect fencing on the Premises for the purposes of pasture rotation and rehabilitation, as described in the Maiden Farmer SSAMP Application. Fencing materials will be chosen by the landowner for the purposes of the described agricultural use. As described in the Maiden Farmer SSAMP Application, Maiden Farmer proposes to host onsite farm-to-table dinner, farm open houses, and holiday-related events to market the output of the Premises, fundraisers, and farm-task experiences. The SCADB finds that these events are specifically covered under the On-farm Direct Marketing Agriculture Management Practice (N.J.A.C. 2:76-2.13). Maiden Farmer will operate these events in connection with the requirements set forth in this Site-Specific Agriculture Management Practice and the On-farm Direct Marketing Agriculture Management Practice (N.J.A.C. 2:76-2.13); and

14. Farm Stand

Maiden Farmer is permitted to operate an onsite farm stand, which is mobile and does not sit on a permanent foundation. The Farm Stand will sell 51% of its produce and other retail items from the agricultural output of the Premises. 15. Facilities, Activities and Events Proposed for Long-Term

At the time of the execution of this Site Specific Agriculture Management Practice for Maiden Farmer, the SCADB is only approving facilities, activities and events proposed for the short-term (defined as 1-2 years in the Maiden Farmer SSAMP Application). Facilities, activities and events proposed for the long-term (identified as 3-5 years in the Maiden Farmer SSAMP Application) are not approved at this time. When the landowner is ready to seek approval for these proposed items, including the construction of a new horse barn, renovation of the existing horse barn and construction of an equipment storage barn, the landowner will have to submit a new SSAMP Application for these On-Farm Direct Marketing Facilities. All building permits and local approvals related to health and safety will have to be obtained from the Township of Bedminster at that time; and

16. Local Permits (Construction, Fire Safety, Food Service):

Maiden Farmer agrees to apply for and obtain all applicable construction, fire safety, and food service permits associated with Maiden Farmer's future development and use of the Premises; and

17. Federal and State Statutes, Rules, and Regulations

Maiden Farmer's development and use of the Premises must conform to all relevant federal and state statutes, rules, and regulations.

BE IT FURTHER RESOLVED, that Maiden Farmer shall be obligated at all times to adequately address and provide measures to ensure that public health and safety issues and concerns remain adequately addressed in connection with Maiden Farmer's development and use of the Premises as outlined in the Maiden Farmer SSAMP Application and Maiden Farmer Site Plan. The SCADB encourages Maiden Farmer representatives and representatives from the Township of Bedminster to work cooperatively toward addressing all public health and safety issues associated with Maiden Farmer's development and use of the Premises. To the extent that Maiden Farmer's future development and use of the Premises results in public health and safety issues that are not being adequately addressed by Maiden Farmer, the SCADB's approval of the Maiden Farmer SSAMP Application as evidenced by this Resolution will remain subject to revision upon application by the Township of Bedminster.

BE IT FURTHER RESOLVED that the SCADB Staff shall forward a copy of this Resolution to Mrs. Rebecca Casey (Maiden Farmer LLC), the Township of Bedminster, the SADC, and any other individuals or organizations deemed appropriate by the Board within 30 days of the execution of this Resolution.
