A Message from The Secretary of State

Dear Fellow Citizen,

Participating in the democratic process by voting is not only a precious right, it is a civic responsibility. For while we live in a free society, that society still operates on the basis of laws. Only by voting can we have a voice in determining who makes those laws.

Public safety. Health care. Equal justice. The cost of goods and services.

On a daily basis, these and other issues that help determine our quality of life are influenced by the decisions our elected leaders make. If we do not vote, we allow others to choose those leaders. And, ultimately, we relinquish a vital opportunity – the opportunity to help shape the policies that will guide our future.

If you are a United States citizen, at least 18 years of age, and are registered to vote in accordance with New Jersey law, you have the legal right to vote. I urge you to exercise that right.

The Secretary of State is committed to ensuring that the voting process in New Jersey is as accessible and inclusive as possible.

Consistent with that goal, this Voter Rights Handbook is filled with useful information including: registration and voting procedures, a glossary of voting terms, tips on how to protect your right to vote from undue interference, and available resources should you require further assistance.

An informed electorate is the key to a thriving democracy. Today and in the future, I hope you will participate in the democratic process by voting, and that you will find this Voter Rights Handbook a useful resource.

Nina Mitchell Wells
Secretary of State

If the registrant does not have either a driver's license or MVC ID, the last four numbers of his or her social security number must be provided. How Will I Know [Where to Vote?](#)

As a registered voter, you will be sent a **sample ballot** before every election. The sample ballot will tell you where your polling place is. You may also bring your sample ballot to the polling place on Election Day.

If you don't get a sample ballot a few days before an election, call your County Clerk's office. Visit www.NJElections.org to find your County Clerk's Office.

You can also get polling place information from your Municipal Clerk or Board of Election office.

Voting Rights in the [Polling Place](#)

You can vote in the voting machine if:

- ✘ your complete voter registration information is in the poll book.
- ✘ you currently live in the election district or you moved to another county after the close of registration. Thereafter, you must register in your new county.

Assistance in the [Voting Machine](#)

You can get assistance in the voting machine **ONLY** if you are blind, visually impaired, physically disabled or illiterate.

You get to choose who will assist you. If you come alone to the polling place, **two** board workers will be glad to assist you. **Remember, the choice is yours.**

Quick Tip

Visit www.NJElections.org to find your **County Election Offices** and contact information as well as other important dates and information.
