Increasing the awareness of fire safety for younger kids can be fun!

This approach might include it as a shared resource among several departments.

SPOT THE DOT!

Firefighters, EMTs, and First Responders can now access a victim's medical records by looking for a yellow dot on the vehicle. The data can include medical history, meds or existing conditions, critical to administering on-site emergency care.

Local counties and towns will administer the program rolling out in 2014
