SUBCHAPTER 1. GENERAL PROVISIONS

3A:52-1.1 Legal authority

(a) This chapter is promulgated pursuant to the Child Care Center Licensing Act, N.J.S.A. 30:5B-1 et seq.

(b) Under the laws specified in (a) above, the Department of Children and Families is authorized to:

1. License certain public and private child care centers that are maintained for the care, development, or supervision of six or more children under 13 years of age for less than 24 hours a day;

2. Inspect and examine the physical plant or facilities, including, but not limited to, storage areas and additional floor levels, and program of a child care center without delay or an escort, and inspect all documents, records, files, or other data maintained pursuant to the above-referenced law during the center's normal operating hours and without prior notice; and

3. Request the appropriate State and local fire, health and building officials to conduct examinations and inspections to determine a center's compliance with State and local ordinances, codes and regulations. The inspections shall be conducted and the results reported to the Department within 60 days after the request.

(c) Under the laws specified in (a) above, the Department of Children and Families is authorized to issue a Certificate of Life/Safety Approval to a center that:

1. Operates on a seasonal or short-term basis for eight weeks or less and does not offer a continuous program that extends across the three-year period of licensure; or

2. Was operating on or before May 16, 1984 and was exempt from the licensing provisions because it was operated by an aid society of a properly organized and accredited church.

(d) Centers specified in (c)1 and 2 above are required to comply with the physical facility; life/safety; administration and control of medication; environmental sanitation; supervision, minimum staffing, and discipline requirements; and communicable disease reporting provisions of this chapter. Centers with Certificates of Life/Safety Approval may secure regular licenses on a voluntary basis, as long as they comply with all provisions of this chapter.

(e) To be eligible for a license, a center shall demonstrate to the satisfaction of the Department of Children and Families, or the duly authorized agency, that the center complies with all applicable provisions of this chapter.

(f) All applicable requirements shall be met by all child care centers, unless the rules are specified as "for early childhood programs" or "for school-age child care programs."

(g) Responsibility for ensuring that centers comply with the provisions of the laws cited in (a) above and with provisions of this chapter is hereby delegated by the Department of Children and Families to the Office of Licensing.

(h) When a person intends to care for six or more children under 13 years of age, he or she shall apply for and secure from the Office of Licensing a license to operate a child care center. Once licensed, the center is subject to all applicable provisions of this chapter, even if the number or ages of the children attending the center at a particular time should fall outside the definition of a center, as specified in N.J.A.C. 3A:52-1.2(a).

(i) The Office cannot complete initial program inspections unless six or more children are present at the center.

3A:52-1.2 Definition of child care center

(a) "Child care center" or "center" means any home or facility, by whatever name known, which is maintained for the care, development, or supervision of six or more children under 13 years of age who attend for less than 24 hours a day.

1. For a facility that is located in a sponsor's or sponsor representative's home, the Office of Licensing shall not count the children residing in the sponsor's or sponsor representative's home in determining whether the facility is serving the minimum number of children that would require it to be licensed as a center.

(b) The term "child care center" shall include, but not be limited to, day care centers; drop-in centers; night-time centers; recreation-type centers sponsored and operated by a county or municipal government recreation or park department or agency; day nurseries; nursery and play schools; cooperative child centers; centers for children with special needs; centers serving sick children; infant-toddler programs; school-age child care programs; employment-related centers; centers that had been licensed by the Department of Human Services prior to the enactment of the Child Care Center Licensing Act of 1984; and kindergartens and pre-kindergartens that are not an integral part of a private educational institution or system offering elementary education in grades kindergarten through sixth.

(c) The term "child care center" shall not include the following programs, since they do not meet the definition of a child care center:

1. A program serving fewer than six children who are below 13 years of age;
2. A program, such as that located in a bowling alley, health spa, or other facility, in which:
 - i. Each child attends on a drop-in basis for no more than two hours; and
 - ii. The parent of each child attending the program is in the same building, is readily accessible at all times on an on-call basis, and is able to resume control of the child immediately;
3. A child care program operating within a geographic area, enclave or facility that is owned or operated by the Federal government;
4. A family day care home that is registered pursuant to the Family Day Care Provider Registration Law, N.J.S.A. 30:5B-16 et seq.;
5. Programs that offer activities for children who attend at their own discretion on an "open door" basis, where there is no agreement, written or implied, between the program and the parent for the program to assume responsibility for the care of the child; and

6. A program offering child care on an ad hoc, sporadic, and isolated basis in order to meet an emergency or special need, such as during emergency school closings, conferences, or training sessions.

3A:52-1.3 Programs exempt from licensure

(a) The following programs are exempt from licensure pursuant to the laws specified in N.J.A.C. 3A:52-1.1(a):

1. Programs operated by the board of education of a local public school district which is responsible for their implementation and management;

2. Kindergartens, pre-kindergarten programs, or child care centers that are operated by and are an integral part of, a private educational institution or system providing elementary education in grades kindergarten through sixth;

i. For purposes of this paragraph, operation of a program by a private educational institution or system shall require direct operation and payment of staff by the operating institution or system.

ii. For purposes of this paragraph, a program is an integral part of a private educational institution or system if the program and the institution or system can reasonably demonstrate integration of the program based on geographic proximity, commonality of enrollment, and continuation of enrollment between the program and the institution or system, commonality of staffing, cohesion of an academic curriculum between programs, or some combination of the above.

3. Centers or special classes operated:

i. Primarily for religious instruction. To qualify for an exemption from licensing under this paragraph, a center or special class must:

(1) Be an integral part of a bona fide church or religion;

(2) Serve only children who are two years of age or older;

(3) Provide a program that is composed primarily of religious instruction in which the curriculum is related to religious themes, stories, or teachings; and

(4) For children under six years of age, operate and provide religious instruction for not more than two hours on any day; or

ii. For the temporary care of children while persons responsible for such children are attending religious services. To qualify for an exemption from licensure under this provision, a center or special class must:

(1) Provide care only for the children of participants in religious services that are an integral part of a bona fide church or religion;

(2) Be arranged by and responsible to the church or religion; and

(3) Provide child care only for the duration of time the services are in progress;

4. Programs of specialized activities or instruction for children that are not designed or intended for child care purposes, including, but not limited to: Boy Scouts, Girl Scouts, 4-H Clubs, Junior Achievement, and commercial indoor playground or sports centers where parents remain with pre-school children; and single activity programs, such as: athletics,

gymnastics, hobbies, art, music, dance, and craft instruction, which are supervised by an adult, agency or institution. To qualify for an exemption from licensing under this paragraph, a program must:

- i. Provide activities that are supervised on a full-time basis by an adult; and
- ii. Provide only a single instruction or activity program. For children under six years of age, such single instruction or activity programs shall be limited to not more than two hours on any day;

5. Homework or tutorial programs that submit documentation demonstrating that:
 - i. Time frames are developmentally appropriate for the age group served and children under six years of age do not attend the program for more than two hours;
 - ii. The tutorial or homework instruction is not designed for child care purposes;
 - iii. The tutorial or homework program is supervised on a full-time basis by an adult;
 - iv. There is no agreement, written or implied, between the tutorial or homework program and the parent to assume responsibility for the care of the child; and
 - v. There is no agreement, written or implied, between the tutorial or homework program that transportation is provided by the program.

6. Youth camps required to be licensed under the Youth Camp Safety Act of New Jersey, pursuant to N.J.S.A. 26:12-1 et seq. To qualify for an exemption from licensing under this provision, a program must have a valid and current license as a youth camp, issued by the New Jersey Department of Health. A youth camp sponsor who also operates a child care center shall also secure a license from the Office of Licensing for the center;

7. Regional schools operated by or under contract with the Department of Children and Families; and

8. Privately operated infant and preschool programs that are approved by the Department of Education to provide services exclusively to local school districts for children with disabilities, pursuant to N.J.S.A. 18A:46-1 et seq.

(e) If the application is denied, or the center does not open, the Office of Licensing shall refund the licensing fee to the applicant.

(f) The licensing fee will not be refunded once the Office of Licensing issues the center a license.

3A:52-2.2 Issuance of a license

(a) The Office of Licensing shall issue a regular license to a center that has achieved full compliance with all applicable provisions of this chapter.

(b) If the Office of Licensing determines that a center is in substantial compliance with, but does not meet all applicable provisions of this chapter, and provided that there is no serious or imminent hazard to the health, safety, well-being, and development of the children, the Office of Licensing shall issue a temporary license to the center and indicate in writing the steps the center must take to secure a regular license. When a center applies for its first license, a temporary license shall not be issued until the center has submitted to the Office of Licensing a satisfactory Certificate of Occupancy and documentation of compliance with State requirements, as specified in N.J.A.C. 3A:52-5.2 through 5.6.

(c) A temporary license may be issued for a period not to exceed six months. The Office of Licensing may issue as many temporary licenses as it deems necessary. However, a center shall not operate pursuant to temporary licenses for more than 18 months.

(d) Each licensing period, which may include the issuance of one or more temporary licenses and/or one regular license, shall be three years.

2. In determining the expiration date of a renewal regular license, the Office of Licensing shall compute the three-year licensing period from the date on which the center's previous regular license expired.

(e) The license shall be posted in a prominent location within the center and in each building associated with the center.

(f) A center shall not make claims contrary to its license, either in advertising or in any written or verbal announcement or presentation.

(h) A center shall not claim that it is licensed by any State department or agency other than the New Jersey Department of Children and Families, or that it is accredited by any State department.

(i) For those centers that do not have children in attendance for a period of six months or more, the centers shall be deemed as closed and a new license shall be issued should the center decide to serve children in the future.

3A:52-2.3 Location of a center

(d) The requirements for co-location of a center within a multi-use building are as follows:

2. Prior to approving the site, the Office of Licensing shall determine that the multi-use site does not pose a serious risk to the health, safety or well-being of the children.
3. During operating hours, the Office of Licensing may require the center to:
 - i. Operate in a separate room, floor, or section of the building;
 - ii. Have or use a separate entrance or toilet facility;
 - iii. Meet any other physical plant, staffing, program, or other operational requirements that are deemed necessary to protect the children from serious risk of harm stemming from the co-location;
 - iv. Not share common areas, such as hallways, gyms, or bathrooms; and
 - v. Have a schedule for outdoor time, if the outdoor play area is shared.
4. The sponsor or sponsor representative of a center that has been approved to be located in a multi-use building shall notify the Office of Licensing of any change in use by other occupants of the building, as specified in N.J.A.C. 3A:52-3.2(a).

3A:52-2.4 Denying, suspending, revoking, or refusing to renew a license or a Certificate of Life/Safety Approval

(a) The Office of Licensing may deny an application or suspend, revoke, or refuse to renew a license or a Certificate of Life/Safety Approval for good cause, including the following, as applicable:

6. Any activity, policy, or staff conduct that adversely affects or presents a serious hazard to the education, health, safety, well-being, or development of a child attending a center, or that otherwise demonstrates unfitness by a sponsor, sponsor representative, or staff member(s) to operate a center;
7. Failure to provide developmental activities that meet the physical, social, emotional, and cognitive needs of the children served;
8. Lure by the sponsor or sponsor representative to secure and maintain on file conviction disclosures, as specified in N.J.A.C. 3A:52-4.1(b)3, Child Abuse Record Information (CARI) background checks, as specified in N.J.A.C. 3A:52-4.10, or Criminal History Record Information (CHRI) fingerprint background checks, as specified in N.J.A.C. 3A:52-4.11;
9. A determination by the Department's Institutional Abuse Investigation Unit that children in the center are at risk of harm;
10. Refusal by the sponsor or sponsor representative to consent to a Child Abuse Record Information background check for himself or herself, or to terminate the employment of a staff member who refuses to consent to a Child Abuse Record Information background check;
11. Refusal by the sponsor or sponsor representative to terminate the employment of a staff member when a Child Abuse Record Information background check reveals that an incident of child abuse or neglect has been substantiated against the staff member;
12. A Child Abuse Record Information background check that reveals that an incident of child abuse or neglect has been substantiated against the sponsor or sponsor representative; or
13. Failure to comply with the provisions of P.L. 1998, c. 35, which prohibit smoking in child care centers, as specified in N.J.A.C. 3A:52-7.7(d).

(b) The Office of Licensing shall provide written notice to the sponsor^{4.1}

or sponsor representative if it intends to deny an application or suspend, revoke, or refuse to renew a license or a Certificate of Life/Safety Approval. The notice shall specify the Office of Licensing's reasons for such action.

(c) If the Office of Licensing suspends a center's license or Certificate of Life/Safety Approval to prevent the imminent risk of harm to children served by the center, the Office of Licensing may reinstate the suspended license or Certificate of Life/Safety Approval upon the center's compliance with all applicable provisions of this chapter.

(d) If the Office of Licensing denies an application or revokes or refuses to renew a center's license or Certificate of Life/Safety Approval, as specified in (a) above, the sponsor or sponsor representative of the center shall be prohibited from reapplying for a license or a Certificate of Life/Safety Approval for one year from the date of the denial, revocation, or refusal to renew. After the one-year period has elapsed, the sponsor or sponsor representative may submit to the Office of Licensing a new application for a license or a Certificate of Life/Safety Approval.

(e) Each license and each Certificate of Life/Safety Approval issued by the Office of Licensing to a center is the property of the State of New Jersey. If the Office of Licensing

suspends or revokes a license or a Certificate of Life/Safety Approval, the center shall return the license or Certificate of Life/Safety Approval to the Office of Licensing immediately.

(f) If the Office of Licensing determines to suspend, revoke, or refuse to renew the center's license or Certificate of Life/Safety Approval, the Office of Licensing shall notify the parent of each enrolled child of the action.

1. Upon notification by the Office of Licensing of an action against the center's license or Certificate, the center shall provide to the Office of Licensing the name and mailing address of each child's parent.

2. Within 20 days after notifying the center of the action, the Office of Licensing shall:

i. Notify parents of the action against the center's license or Certificate;

ii. Advise parents of the center's right to contest the action through an administrative hearing before the Office of Administrative Law;

iii. Inform parents of the name, address, and telephone number of the resource and referral services offered by the appropriate State-contracted Child Care Resource and Referral agency for assistance in finding alternative child care arrangements, if necessary; and

iv. Notify the appropriate State-contracted Child Care Resource and Referral agency of the action.

(g) The Office may require the center to submit in writing a corrective action plan indicating the time frame and the actions the center shall take to comply with all applicable provisions of this chapter.
