RE: Arawak Paving Class B Recycling Facility
Administrative Action to the Atlantic County Solid Waste Management Plan

Dear Mr. Hackman:

The Atlantic County Department of Regional Planning and Development and the Atlantic County Utilities Authority have received and reviewed a request from Arawak Paving to revise the Atlantic County Solid Waste Management Plan to correctly identify the municipality in which their existing Class B Recycling Facility is located.

Arawak Paving is an existing permitted Class B Recycling facility located within Atlantic County Solid Waste Management Plan. It has been brought to our attention that the NJDEP Certification of the July 28, 2009 amendment to the Atlantic County District Solid Waste Management Plan incorrectly identified that the Arawak Paving Recycling Center was located within the Town of Hammonton. While the mailing address for this facility is the Town of Hammonton we have confirmed that the physical location of the Arawak Paving Class Recycling Center is actually within Hamilton Township on Block 68, Lots 3-10. See attached map (Figure C-2) from the 2009 Solid Waste Management Plan Update for Atlantic County which shows the physical location of the facility within Hamilton Township.

P.O. Box 719 • New Road and Dolphin Avenue • Northfield, New Jersey 08225-0719

Visit our web site at: <http://www.aclink.org>
Atlantic County is an Equal Opportunity Employer

We believe that correctly identifying that the Arawak Paving Class B Recycling Center is located within the municipality of Hamilton Township and not the Town of Hammonton can be implemented by an administrative action to the Atlantic County Solid Waste Management Plan.

Please review and let us know if this is acceptable.

Sincerely,

Brian Walters
