CERTIFICATION OF APPROVAL OF THE
NOVEMBER 16, 1982 AND MARCH 29, 1983
AMENDMENTS TO THE ATLANTIC COUNTY
DISTRICT SOLID WASTE MANAGEMENT PLAN

BY ORDER OF THE COMMISSIONER:

A. Introduction

The New Jersey Solid Waste Management Act (N.J.S.A. 13:1E-1 et seq.) established a comprehensive system for the management of solid waste in New Jersey. The Act designated all twenty-one (21) of the State's Counties, and the Hackensack Meadowlands District, as Solid Waste Management Districts, and mandated that the Boards of Chosen Freeholders and the Hackensack Meadowlands Development Commission develop comprehensive plans for waste management in their respective Districts. On June 24, 1982, the Department approved, with modifications, the Atlantic County District Solid Waste Management Plan.

The Act requires that all district plans be based on and accompanied by a report detailing the existing waste disposal situation in the district, and a plan which includes the strategy to be followed by the district in meeting the solid waste management needs of the district for the ten-year planning period. The report must detail the current and projected waste generation for the district, inventory and appraise all facilities in the district, and analyze the waste collection and transportation systems which serve the district. The disposal strategy must include the maximum practicable use of resource recovery techniques. In addition to this strategy, the plan must designate sufficient available suitable sites for the disposal of the district's waste for the ten-year period; which sites may be in the district, or if none are available, in another district. (The Act provides procedures for reaching any necessary interdistrict agreements.)

The Act further provides that a district may review its plan at any time, and if found inadequate, a new plan must be adopted. The Atlantic County Board of Chosen Freeholders completed such a review and on November 16, 1982 and March 29, 1983 adopted Amendments to its approved District Solid Waste Management Plan. The Amendments were received by the Department on January 24 and April 11, 1983, respectively, and copies were distributed to various State level agencies for review and comment, as required by law.

The Department has reviewed these Amendments and has determined that the Amendments adopted by the Atlantic County Board of Chosen Freeholders on November 16, 1982 and March 29, 1983 are approved in accordance with N.J.S.A. 13:1E-24.

B. Approved Atlantic County District Solid Waste Management Plan Amendments

Hughey, Commissioner of the Department of Environmental Protection, in accordance with N.J.S.A. 13:1E-1 et seq., and N.J.S.A. 13:1E-21, which established specific requirements regarding the contents of the District Solid Waste Management Plans, have reviewed the November 16, 1982 and March 29, 1983 Amendments to the approved Atlantic County District Solid Waste Management Plan and certify to the Atlantic County Board of Chosen Freeholders that these Amendments are in compliance with the requirements of N.J.S.A. 13:1E-21 and are hereby made a final approved part of the Atlantic County District Solid Waste Management Plan.

Any solid waste collection operation or disposal facility registered by the Department of Environmental Protection and operating pursuant to a contract as herein described, shall be deemed to be in violation of these Amendments and of the Atlantic County District Solid Waste Management Plan if such renegotiation is not completed within ninety (90) days of the effective date of these Amendments; provided, however, that any such registrant may, upon application to the Department of Environmental Protection and for good cause shown, obtain an extension of time to complete such renegotiation.
