Dear Ms. Gismondi:

The Department of Environmental Protection's Division of Solid and Hazardous Waste is in receipt of a request for administrative action to the Gloucester County District Solid Waste Management Plan (County Plan) dated April 26, 2021. The request proposes County Plan inclusion to implement a metal recovery operation to collect scrap non-ferrous metals (copper, aluminum, stainless steel, high temp alloys, lead, and zinc; magnesium will not be accepted) at the CP Processing, Inc. ("CP Processing") Class A Metal Recycling Facility located at 1671 Hurffville Road, Block 386, Lot 53, in Sewell Township.

Pursuant to N.J.A.C. 7:26-6.11(b)3, inclusion of a Class A metal recovery operation at CP Processing can be accomplished via an administration action. Therefore, this request is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

If you have any questions relative to this action, please contact Joanne McClendon of my staff by email at Joanne.mcclendon@dep.nj.gov.

Sincerely,

Seth Hackman, Chief
Bureau of Planning and Licensing
