David Heitman, Recycling Coordinator  
Gloucester County Improvement Authority  
County of Gloucester  
503 Monroeville Road  
Swedesboro, New Jersey 08085

Dear Mr. Heitman:

The New Jersey Department of Environmental Protection, Division of Sustainable Waste Management is in receipt of a proposed amendment to the Gloucester County District Solid Waste Management Plan (County Plan) dated May 23rd, 2023. County Conservation, LLC, proposed an application to amend the Gloucester County Solid Waste Management Plan to include additional parcels of land to the Class B/C facility. Their facility is located at 2989 Delsa Drive, Franklinville, NJ 08322. County Conservation, LLC, has entered an agreement with the owner of the adjacent property (Block 2403; Lots 5,6,8, and 9) to purchase these parcels and to add a portion of these lots to the existing Class B/C operations. The Franklinville facility presently has a daily limit of 1,440 tons per day for acceptance of all currently approved materials.

Pursuant to N.J.A.C. 7:26-6.11(b)5, the application to amend the Gloucester County Solid Waste Management Plan to include additional parcels of land to the Class B/C facility can be accomplished via administrative action. Therefore, the County Plan inclusion of County Conservation, LLC, to add the additional parcels outlined above into the Gloucester County Solid Waste Management Plan for operations of the company's Class B/C recycling center is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

If you have any questions relative to this action, please contact me at (609) 292-2402 or email at [James.Pellegrini@dep.nj.gov](mailto:James.Pellegrini@dep.nj.gov).

Sincerely,

Jill Aspinwall, Section Chief

Bureau of Solid Waste Planning and Licensing
