Dear Ms. Gismondi:

The Department of Environmental Protection's Division of Solid and Hazardous Waste is in receipt of a request for administrative action to the Gloucester County District Solid Waste Management Plan (County Plan) dated June 11, 2021. The request proposes County Plan inclusion to verify block and lot numbers and Class A daily tonnage limitations in the Gloucester County Solid Waste Management Plan (SWMP) at the Omni Recycling, Inc. Class A Recycling Center and Solid Waste Transfer Station/Material Recovery Facility (TS/MRF). The site once identified as Block 254.01, Lot 20 is now identified and located at Block 253.01, Lot 20, in Mantua Township. Until such time as the facility desires to develop the TS/MRF, the daily limit for Class A recyclable materials should be 750 tons per day (Monday through Saturday) and will provide sufficient capacity to handle all future Class A materials.

Pursuant to N.J.A.C. 7:26-6.11(b)14, inclusion to verify change in the block and lot designation of an existing solid waste facility and Class A daily tonnage limitations in the SWMP can be accomplished via an administration action. Therefore, this request is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

If you have any questions relative to this action, please contact Joanne McClendon of my staff by email at Joanne.mcclendon@dep.nj.gov.

Sincerely,

Dana Lawson, Environmental Specialist 4
