Commissioner

December 4, 2023

David Heitman, Recycling Coordinator
Gloucester County Improvement Authority
County of Gloucester
503 Monroeville Road
Swedesboro, New Jersey 08085

Dear Mr. Heitman:

The New Jersey Department of Environmental Protection's Division of Sustainable Waste Management is in receipt of a proposed amendment to the Gloucester County District Solid Waste Management Plan (County Plan) dated November 21, 2023. This correspondence is regarding an application prepared by David M. DeClement, Attorney at Law, in assisting Pureform Inc. to be included into the Gloucester County Solid Waste Management Plan as a Class A facility for non-ferris metals and ferris metals (non-auto mobile related). The facility is located at 2339 Center Square Road, Logan Township on Block 3104, Lot 8. Pureform Inc. is a copper and aluminum wire recycler that currently receives materials from other businesses with no retail trade.

Pursuant to N.J.A.C. 7:26, the application to amend the Gloucester County Solid Waste Management Plan to include Pureform Inc. into the Gloucester County Solid Waste Management Plan as a Class A facility for non-ferris metals and ferris metals (non-auto mobile related) can be accomplished via administrative action. Therefore, the County Plan inclusion of Pureform Inc. to be included as a Class A facility for non-ferris metals and ferris metals is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

If you have any questions relative to this action, please contact me at (609) 292-2402 or email at James.Pellegrini@dep.nj.gov.

Sincerely,

Jill Aspinwall, Section Chief

Bureau of Solid Waste Planning and Licensing
