NOV 27 2018

Dear Mr. Newman:

The Department of Environmental Protection's Division of Solid and Hazardous Waste is in receipt of a request for administrative action to the Monmouth County District Solid Waste Management Plan (County Plan) dated October 25, 2018. This amendment to the County Plan proposes County Plan inclusion to "weekly average" the 500 ton per day, daily limitation of inbound Class A recyclable material (recyclable cans, bottles, fiber (paper and cardboard), comingled containers, and single-stream material) at the Monmouth County Reclamation Center (MCRC) Class A Recycling Center located at 6000 Asbury Avenue (part of Block 131, Lot 19.01) in the Borough of Tinton Falls.

Pursuant to N.J.A.C. 7:26-6.11(b)5, the modification to implement weekly averaging at an existing facility can be accomplished via an administration action. Therefore, the weekly averaging of Class A recyclable material at the MCRC is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

If you have any questions relative to this action, please contact Joanne McClendon of my staff at (609) 292-2125 or email at Joanne.mcclendon@dep.nj.gov

Sincerely,

Edward A. Nieliwocki, Contract Administrator 3
Bureau of Planning and Licensing
