APR 12 2019

Dear Mr. Deacon:

The Department of Environmental Protection's Division of Solid and Hazardous Waste is in receipt of a proposed amendment to the Morris County District Solid Waste Management Plan (County Plan) dated April 1, 2019. This amendment to the County Plan proposes County Plan inclusion of an additional recyclable material accepted at the Northeast Products, LLC Class B Recycling Center located at 1405 Route 46 West (Block 8901; Lots 2 & 2.01) in the Township of Roxbury. The proposed amendment requests the inclusion of wood pallets and untreated dimensional lumber. Untreated dimensional lumber will be limited to unfinished lumber from new construction projects including pallets. Unfinished shall mean non-chemically treated (not pressure treated, impregnated with preservatives, insecticides, fungicides, creosote, or other chemicals, and not painted, resin-coated or otherwise surface treated, and not laminated or bonded; and not similarly altered from its natural condition). No lumber from demolition projects will be accepted. The County Plan inclusion of the additional recyclable materials will not result in any operational changes at the facility.

Pursuant to N.J.A.C. 7:26-6.11(b)5, the modification of an existing recycling facility, including the acceptance of additional recyclable materials, can be accomplished via an administrative action. Therefore, the County Plan inclusion of an additional recyclable material accepted at the Northeast Products, LLC Class B Recycling Center is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

If you have any questions relative to this matter, please contact Dawn Slawsky of my staff at (609) 292-4393 or by e-mail at dawn.slawsky@dep.nj.gov.

Sincerely,

Edward A. Nielwocki, Contract Administrator 3
