Dear Mr. Kuhlwein,

The Department of Environmental Protection's Division of Solid and Hazardous Waste is in receipt of a request for administrative action to the Ocean County Solid Waste Management Plan (County Plan) dated March 11, 2015. The March 11, 2015 request for administrative action proposes County Plan inclusion to reflect an increase in the maximum daily incoming capacity from 300 tons per day to 600 tons per day at the Brick Wall Class B Recycling Facility located on West Lacey Road, Lacey Township on Block 4005, Lot 10.

Pursuant to N.J.A.C. 7:26-6.11(b) 5, the increase of capacity at an existing facility constitutes an approvable administrative action. Therefore, this request is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

Please be advised that this administrative action approval shall not be construed as an expression of the Department's intent to issue a permit modification to the subject facility for the above noted operational changes.

If you have any questions relative to this action, please contact Ed Nieliwocki of my staff at (609) 984-6939 or email at ednieliwocki@dep.nj.gov.

Sincerely,

Deborah Pinto, Bureau Chief
Bureau of Planning & Licensing
