Daniel P. Sullivan, Executive Director
Union County Utilities Authority
1499 Routes 1&9
Rahway, NJ 07065

Dear Mr. Sullivan:

The Department of Environmental Protection's Division of Solid and Hazardous Waste is in receipt of an October 16, 2014 request for administrative action to the Union County District Solid Waste Management Plan (County Plan). The subject request for administrative action to the County Plan proposes for major modifications to the GlyEco Class D recycling facility located at 534 South Front Street, Elizabeth, New Jersey. GlyEco proposes to implement modifications to the processing and tank system for the receipt of off-grade glycols, antifreeze, and used oils in accordance with their facility's design capacity of 92 tons/day and 11 million gallons per year, and 24 hour per day/365 days per year operation.

Pursuant to N.J.A.C. 7:26-6.11(b) 5, the modification of an existing facility constitutes an approvable administrative action. Therefore, this request is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

If you have any questions relative to this matter, please contact Joseph Nalbone of my staff at (609) 633-8159 or e-mail at joseph.nalbone@dep.nj.gov.

Sincerely,

Edward Nielwocki, Contract Administrator 3
Bureau of Planning & Licensing
