Dear Mr. Moncman,

The Department of Environmental Protection's Division of Solid and Hazardous Waste is in receipt of a request for administrative action to the Cape May County Solid Waste Management Plan (County Plan) dated May 22, 2014. The May 22, 2014 request for administrative action proposes County Plan inclusion of an increase in daily capacity from 300 tons per day to 500 tons per day at the Daley's Pit Class B Recycling Facility located on Block 453, Lot 3 in Upper Township, NJ.

Pursuant to N.J.A.C. 7:26-6.11(b) 5, the increase of capacity at an existing facility constitutes an approvable administrative action. Therefore, this request is hereby approved as an administrative action pursuant to N.J.A.C. 7:26-6.11(f).

Please be advised that this administrative action approval shall not be construed as an expression of the Department's intent to issue a permit modification to the subject facility for the above noted operational changes.

If you have any questions relative to this action, please contact Najwa N. Ali of my staff at (609) 984-9773 or email at najwa.ali@dep.state.gov.

Sincerely,

Edward Nieliwocki, Contract Administrator 3
