

NEW JERSEY HAS more than 750,000 acres of public land available to the deer hunter. This list is arranged by deer management zone for public land open to deer hunting. Generally, only areas with 100 acres or more of upland habitat are listed. State parks and forests that allow hunting may have some sections which are closed to hunting. Some areas allow deer hunting only during certain seasons, require an access fee or have other special regulations. Refer to the *Digest* section *Special Areas Hunting Season Information* page 50 or contact the appropriate authority for details. See page 89 for hunting opportunities on national wildlife refuges in New Jersey.

Remember: Hunters must have permission to hunt agricultural land even if the land is not posted. Hunters should obtain permission before hunting any private property. Hunters are advised not to purchase a deer permit for a zone in which they have no place to hunt.

SAFETY ZONE Awareness: Protecting Your Hunting Privilege

NEW JERSEY HUNTERS enjoy many types of hunting, numerous days afield and generous bag limits. But development and other human encroachment on the forests and fields of the Garden State has changed both wildlife habitat and land suitable for hunting, such that SAFETY ZONE awareness is even more critical for hunters.

What is a SAFETY ZONE?

- The firearm SAFETY ZONE is the area within 450 feet of a building or school playground, even if not occupied. For bowhunters, the SAFETY ZONE around buildings is 150 feet but remains 450 feet from a school playground. See Safety Zone, page 26.
- The SAFETY ZONE is the place where you, the hunter, cannot carry a loaded firearm or nocked arrow unless you have written permission in hand.
- The SAFETY ZONE was established by legislation in 1946 as an area to place some physical distance, a buffer, between hunters and homeowners.
- The SAFETY ZONE could be land where there is suitable wildlife habitat for adaptable species, like the white-tailed deer, cottontail rabbit and Canada goose.
- The SAFETY ZONE is not a magic shield and cannot stop a misdirected projectile from entering the area around a home.

150' Bowhunter safety zone

What can you do to heighten your SAFETY ZONE awareness?

1. Post SAFETY ZONE signs.
2. Talk with landowners.
3. Scout hunting property annually to be aware of new construction or other changes.
4. Hunt SMART and remind your hunting partners to Hunt SMART.
5. Know the law. Know the land.

Remember, failure to hunt safely and responsibly is inexcusable. Always be a responsible hunter. Always be aware of your surroundings, the target and what may lie beyond the target. The principles of good conduct learned at your hunter education course are called into practice every time you hunt.

Take special care hunting on “high visibility” property, habitat where our adaptable wildlife species—especially white-tailed deer—are flourishing. Here, hunter conduct will be watched closely; the image we portray can have a great impact on the tolerance for our sport. Hunting these *Special Areas* carries added responsibility for you, as a hunter, to exercise restraint and make superior judgment decisions. 🐾

MOREE'S Sportsman's Preserve

Quail • Pheasant • Deer • Boar
Turkey • Fishing • Golf

Moree's Sportsman's Preserve is the favorite of many who love guaranteed opportunity hunting for whitetail, hogs, quail, duck and pheasant in South Carolina.

In addition to the very best possible hunting environment and game availability, Moree's offers a very attractive golf package at nearby Moree's Cheraw Country Club.

MOUNTAIN TRAIL WHITETAILS

Mountain Trail Whitetails Preserve offers the best trophy deer hunting in New Jersey. See our ad on page 61!

Over the last several years we have noticed heavy deer traffic outside of the preserve, and now maintain several baited stand sites outside of the preserve. We are offering hunters the opportunity to hunt these sites for **only \$250 a day**.
