

Delaware River Boat Access Sites

N.J. Department of Environmental Protection

Division of Fish and Wildlife

www.njfishandwildlife.com

This list of sites was compiled to assist anglers in locating boating access to the Delaware River from the NJ/NY state line downstream to the freshwater license line at the Commodore Barry Bridge in Pennsville, Salem County, NJ (several sites below the Commodore Barry Bridge are also included). These access sites are open to the general public and are listed in order from north to south. When fishing upstream from the Commodore Barry Bridge, valid New Jersey or Pennsylvania fishing licenses are recognized on both shorelines, and anglers may launch from either shore. Upon returning, an angler may have in possession any fish, which might be legally taken according to the regulations of the state in which the angler lands his/her boat.
