NEW JERSEY SKILLFUL ANGLER AWARDS PROGRAM

THE PROGRAM

The Skillful Angler Awards Program is designed to supplement the New Jersey State Record Fish Program. The program recognizes the many anglers that catch both freshwater and marine fish, which may not be of record size, but nonetheless are of sufficient size and weight to have tested the angler's skill and thus be worthy of recognition.

THE AWARD

Fishermen qualifying for a Skillful Angler Award receive a certificate attesting to their achievement.

ANNUAL SPECIES CATEGORY WINNERS

At the end of the year special recognition is given to anglers who catch the largest fish in each species category. The winner of each category is sent a special certificate recognizing his/her accomplishment as the best of New Jersey's Skillful Anglers.

AWARD CATEGORIES

In addition to the Adult applicant category (for individuals aged 16 and over), the program now includes a Catch and Release category based on length and a Junior category for anglers under 16 years of age.

SUBMITTING AN APPLICATION

The program is open to resident and non-resident anglers. All fish must be caught in New Jersey waters using a hook and line during legally open seasons. Saltwater species taken from a boat must have been caught from a boat that left from and returned to a New Jersey port during the same trip. Incomplete applications or species that cannot be identified will not be considered for an award. The Division reserves the right to investigate fish identification, angling method and accuracy of measurement and weight. It also reserves the right to reject any application. All applications must be submitted within 30 days of catching the fish.

Applications for entries caught in December will not be accepted after January 31 of the new year.

A clear, side-view photo that allows accurate identification of the species is required for ALL entries. For catch and release, the fish must be photographed alongside a ruler. Photos become the property of the Division and will not be returned.

Measurements must be taken measuring from the tip of the nose (with mouth closed) to the tip of the tail. For Adult/Junior categories, fish must be weighed and measured by fishing license agents, tackle shops or authorized Division fisheries biologists. Applications must be signed by the person who weighed the fish and the name of the tackle shop, marina, boat or business should be identified. Mail applications and photos to the: Skillful Angler Awards Program, NJ Division of Fish and Wildlife, 605 Pequest Rd., Oxford, NJ 07863.

NEW JERSEY SKILLFUL ANGLER AWARDS PROGRAM APPLICATION

Name _____ Age _____
Address _____

City _____ State _____ Zip _____

Daytime Telephone Number _____
