

become the institution's first EOF freshman cohort to begin college in the fall 2018. The EOF rules outline the requirements for participating institutions to minimally provide a dollar-for-dollar match against EOF Academic Year Article IV funding and this will be required in the first budget. Note also that EOF Article IV funds cannot be used to pay the salary of the EOF Program Director.

The newly recruited students will participate in the new program's first pre-freshman initial EOF summer program in preparation for beginning college in the fall 2018.

Therefore, upon selection, programs will also be considered for funding of up to \$75,000 to conduct an initial summer program.

Contingent upon the Fund's receipt of FY 2019 EOF Article IV and Article III appropriations that are equal to the current FY 2018 EOF appropriations (that is, \$14,768,000—IV and \$29,054,000—III), both institutions will also be eligible to receive a FY 2019 EOF academic year Article IV appropriation of up to \$75,000 each. In terms of Article III academic year (fall and spring semesters) undergraduate grant funding for EOF eligible students, the EOF Central Office will work with both programs to determine the maximum number of students that can be supported. Depending on the amount of available resources, it is the goal of the EOF Central Office to support 100 new students between the two new programs.

**Entities that may apply for funding under the program:** Institutions of higher education that wish to participate in the EOF program for the first time must be licensed by the New Jersey Office of the Secretary of Higher Education and accredited by an accrediting body recognized by the U.S. Secretary of Education. Additionally, institutions must currently participate in the New Jersey Tuition Aid Grant Program (TAG). Participation in the TAG program is designed to maximize the use of available State financial aid resources to decrease the cost of college attendance for the EOF student population.

Institutions that currently participate in the EOF program and wish to pursue funding for an additional EOF program at their institution may also apply. Applicants in this category must provide a rationale for the development of a new EOF program and demonstrate how the new EOF program will meet the needs of EOF eligible students that are not currently being met.

**Procedure for eligible entities to apply for a grant under the Program:** Applicants should consult the RFP information regarding what must be submitted in the plan for an EOF program. The RFP will be available on the Office of the Secretary of Higher Education/EOF program's website September 18, 2017, under "Request for New EOF Undergraduate Program" at [http://www.state.nj.us/highereducation/EOF/EOF\\_Undergraduateprogram.shtml](http://www.state.nj.us/highereducation/EOF/EOF_Undergraduateprogram.shtml).

The OSHE/EOF Central Office will select an external consultant(s) who will conduct, at the institution's expense, a review of the proposal, budgets, and conduct a site visit to assess the applicant institution's capability to provide the type of program described in their RFP.

**Technical Assistance Workshop:** will be held to answer any questions potential applicants may have regarding the proposal process and the EOF program on Wednesday, September 27, 2017, from 10:00 A.M. to 12:00 noon, at the Office of the Secretary of Higher Education, Roebing Building, Room numbers 219/220, located at 20 West State Street, Trenton, NJ 08608.

Unfortunately complimentary parking is not available. A public parking garage is available on Warren Street.

All those attending should register by **Monday, September 25, 2017**, by e-mailing Dr. Hasani Carter at [Hasani.Carter@oshe.nj.gov](mailto:Hasani.Carter@oshe.nj.gov). Attendance at the workshop is optional.

**Questions and answers and addenda:** Questions may be submitted on or before Monday, October 2, 2017, to <https://www.state.nj.us/treas/highereducation/contactus.shtml>.

Phone calls/faxes will not be accepted. Answers and addenda (if any) to the RFP will be posted no later than October 6, 2017, at [http://www.state.nj.us/highereducation/EOF/EOF\\_Undergraduateprogram.shtml](http://www.state.nj.us/highereducation/EOF/EOF_Undergraduateprogram.shtml).

**Date by which proposals must be received:** Proposals must be submitted electronically in pdf. format to Dr. Hasani Carter, EOF Statewide Director. Dr. Carter's e-mail address is: [Hasani.Carter@oshe.nj.gov](mailto:Hasani.Carter@oshe.nj.gov). Proposals must be submitted and received no later than 12:00 P.M. (Eastern Standard Time) Tuesday, October 31, 2017. The EOF

Board will not be responsible for any expenses in the preparation and/or presentation of the proposals or for the disclosure of any information or material received in connection with the proposals, whether by negligence or otherwise.

**Notification date of funding for application:** It is anticipated that applicants will be notified regarding the approval or the disapproval of their applications by the EOF Executive Director no later than January 31, 2018.
