14th Annual Delaware River Sojourn *Conserving Our Wild and Scenic River* June 22-28, 2008

The purpose of the Sojourn is to heighten awareness of, and appreciation for, the ecological, historical, recreational, and economic significance of the Delaware River, which flows through New York, New Jersey, Pennsylvania, and Delaware. The Sojourn combines canoeing, camping, educational programs, historical interpretation, and more.

Almost anyone can come on the Sojourn: adults, families, kids, and grandparents. The Sojourn is for people who love paddling or are curious about the outdoors. Travelers can sign up for the entire event or for the section or day(s) of their choice.

To show the variety of landscapes, culture, history, and nature of the entire Delaware River, we paddle in each section (upper, middle, lower, and estuary). The itinerary varies from year to year, so there is always something new to discover.

This year is the 40th Anniversary of the National Wild and Scenic Rivers Act, as well as the 30th Anniversary of the Upper and Middle Delaware and the 8th Anniversary of key segments of the Lower Delaware being officially named Wild and Scenic. In all, three-quarters of the non-tidal Delaware River, as well as portions of several Delaware River and Bay tributaries, are currently included in this National System.

The theme of the 2008 Delaware River Sojourn is *Conserving Our Wild and Scenic River*. It is important not only to mark the anniversary of the Act, but also the inherent fact that as the decades pass, the River still, and should always, remain.
