

Data Collection 2003-2004

In the spring and summer of 2004, New Jersey schools will again be asked to report on the achievement of English language learners on the English language proficiency tests. A prototype of the data collection form is presented below. Please note that the form is very similar to that used in 2002-2003, with the addition of the column entitled “# Students Improving One or More Proficiency Levels”. The additional data that will be requested in 2004 is the number of students improving one or more proficiency levels by years in program.
