School Bus Sensor System

N.J.A.C. 6A:27-7.13

Take notice that the Department of Education (Department) is changing N.J.A.C. 6A:27-7.13(b) to correct the effective date by which newly manufactured school buses must be equipped with a sensor system as defined in N.J.A.C. 6A:27-7.13. The date put forth in the notice of adoption of proposed substantial changes upon adoption (published October 16, 2017, New Jersey Register at 49 N.J.R. 3429(b)) should have been six months after the effective date of the section, which is April 16, 2018. The date was inadvertently published in the New Jersey Register as April 16, 2017. This notice of administrative correction is published pursuant to N.J.A.C. 1:30-2.7.

Full text of the corrected rule follows (addition indicated in boldface **thus**; deletion indicated in brackets [thus]):

6A:27-7.13 School bus sensor system

- (a) (No change.)
- (b) Every school bus, as defined in this section, manufactured after April 16, [2017] **2018**, shall be equipped with a sensor system as defined in this section.

1. (No change.)

(c) - (e) (No change.)
