Part V: Budget Statement Form--------------------------------------------20

Part VI: Special Request Form---------------------------------------------21
Instructions

The purpose of Early Launch to Learning Initiative (ELLI) is to assist districts in providing high quality preschool for four year-old children. The Early Launch to Learning Initiative Operational Plan must be aligned with the district’s long-term comprehensive plan (i.e., strategic plan, if applicable). The operational plan will provide implementation activities and related costs for the 2006-2007 through 2008-2009 school years.

- School districts applying for the Early Launch to Learning Initiative (ELLI) for the first time must submit a three-year operational plan for the 2006-2007 through 2008-2009 school years in conjunction with a budget statement for the 2006-2007 school year.

- School districts that received ELLI funding in 2005-2006 have already submitted a three year operational plan. These districts are required to submit ONLY the portions of their plan that have been revised for the coming year and a 2006-2007 ELLI Budget Statement along with the forms provided by the Department of Education.

- ELLI funding may not be used to fund preschool slots that are already funded by other sources.

All applicant districts – new and continuing – must complete all other parts of the application as described in this document.

The completed Operational Plan, FOUR (4) copies, and a PC-formatted computer disk file must be submitted to the Department of Education by 4:00 PM on May 23, 2006.

Follow the instructions below to complete the attached Operational Plan forms. The district’s Early Childhood Advisory Council and the program, business and facilities administrators must work closely together to complete the plan. Assurance of this collaboration should be provided in the letter(s) of support. Complete the cover page and attach a copy of the letters of support and signed board resolution. The district must explain how it will meet all of the required criteria listed in the Notification of Funding Opportunity.

Part I: Enrollment Projections, Class Size and Teacher Credentials

Note: The recommended maximum class size for four year olds is 15 - 18 with one certified teacher and one aide. Class size can not exceed 20.

Districts receiving ELLI are encouraged to contract with and/or use Department of Human Services (DHS)-licensed child care providers and Head Start programs to implement the four year old preschool program. Districts contracting with DHS-licensed child care providers must meet the standards set out in N.J.A.C. 6A: 8-.3.4 and N.J.A.C. 6A:9-9.1. Teachers in all classrooms must be properly certified.

Table 1: Current and Projected Preschool Enrollment

Please read the instructions detailed at the top of the form. Use first grade data on enrollment and free and reduced lunch status to estimate preschool information. The district must enter its actual enrollment from the October 15, 2005 enrollment count. This estimate will help the district plan
for the number of preschool children to be served, but ELLI funding will be based on actual enrollment of income-eligible four-year-olds during the funding period. This spreadsheet details enrollment information by age group for general education, special education, Head Start and contracted private provider programs.

Note: Do not count any child on more than one line, or an over count will result.

**Table 2: Current and Projected Preschool Class Sizes**

Please read the instructions detailed at the top of the form.

- If the district currently has a preschool program, provide the actual and projected enrollment of preschool children for every class in the program. For the 2005-2006 school year, enter enrollment information for October 15, 2005 for children with disabilities and for all other four-year-olds served.

- If the district does not currently have a preschool program, only provide projected enrollment of preschool children for every class in the proposed program.

Indicate on this form the class size of every class a teacher instructs. For example, one teacher may teach two sessions per day, and the class size for each session should be entered.

**Table 3: Teacher Education, Credentials and Experience**

Please read the instructions detailed at the top of the form.

- If the district currently has a preschool program, provide current (October 15, 2005) and anticipated education, credentials and experience for every classroom teacher in the preschool program (in-district programs, self-contained preschool disabled programs, contracted Head Start programs and other contracted private provider programs).

- If the district does not currently have a preschool program, provide anticipated education, credentials and experience for every classroom teacher in the proposed preschool program (in-district programs, self-contained preschool disabled programs, contracted Head Start programs and other contracted private provider programs).

Please note: Teachers in contracted Head Start and childcare providers must hold appropriate Department of Education certification for teaching regular education preschool. Districts may opt to place certified teachers who are district employees into contracting classrooms. Include teachers who are responsible for delivering the primary education program in partner classrooms. Do not include teacher aides, substitute teachers or other specialists.

**Part II: Overview**

In no more than five pages, provide a general overview of the operational plan of the district’s early childhood program. Listed below are some questions the district must address in the narrative:

1) What is the mission and philosophy of your (proposed) preschool program? Give an overview of your (proposed) program. Explain anticipated progress over the three-year period.
2) Describe the services your community currently offers four year old children. How many resident four year olds are currently served in childcare centers and Head Start in your community? What kinds of comprehensive services are offered? What has your community learned from past experiences?

3) What unique challenges or circumstances does your district face? Briefly describe how this plan addresses those circumstances.

4) List in bullet form how this proposal meets the required and preferred criteria listed in the Notification of Funding Opportunity. Highlight the unusual and exemplary aspects of your plan.

Part III: Program and Component Activity Forms

1. Complete the Program and Component Activity Forms (PCAF) for the program. The district’s ELLI program must include the following components: (1) outreach and enrollment; (2) district-wide planning with evidence of community partnership through the Early Childhood Advisory Council; (3) curriculum development and implementation; (4) inclusion of children with special needs; (5) professional development and training; and (6) program evaluation.

2. Develop and list measurable objectives that will enable the district to implement an effective program in each component. List each objective on a separate line. Objectives should be measurable, consistent with the goals they support, specify the outcome to be achieved, and specify the date by which the outcome will be achieved.

3. Describe in detail the specific activities and strategies that will contribute to achieving each objective. You are encouraged to use multiple activities and strategies for each objective.

4. Describe how the district will measure the progress/success toward achieving each objective.

Sample Objectives, Activities/Strategies, Evaluation Methods and Costs for Part III

Objective: By October 2006, at least 90 percent of four year old children in the district will be enrolled in the early childhood education program.

Activities/Strategies:

1. Advertise the early childhood program in local media (print, radio, television).
2. Conduct a mass mailing to all residents in the district.
3. Publicize the program at public events and meetings.
4. Post advertisements at local businesses, community centers, and other high-traffic areas.
5. Translate all materials into Spanish and Urdu and advertise in Spanish language media.
6. Place announcements on local restaurant place mats.

Evaluation Method: Monitor enrollment as a proportion of the universe of eligible children.
Part IV: Statement of Assurances and Letters of Support

- The Chief School Administrator must sign and date the Statement of Assurances form.
- Include letters of support from individual members of the Early Childhood Advisory Council – and must include members other than district personnel.

Part V: Budget Statement Form

Complete the separate ELLI Budget Statement Form. Indicate allocations from the general fund, special education funding, parent tuition or other revenue that will contribute to the preschool program. If instituting tuition, indicate what the district will charge for what services (i.e. half-day, full-day, sliding fee scales). If contracting with other providers, include the total contracted amount in the budget statement form on line 200-321.

Part II: Overview

In no more than 5 pages, provide a general overview of the operational plan of the district’s preschool program. Listed below are some questions the district must address in the narrative:

- What is the mission and philosophy of your (proposed) preschool program? Give an overview of your (proposed) program. Explain anticipated progress over the three-year period.
- Describe the services your community currently offers four year old children. How many resident four year olds are currently served in child care centers and Head Start in your community? What kinds of comprehensive services are offered? What has your community learned from past experiences?
- What unique challenges or circumstances does your district face? Briefly describe how this plan addresses those circumstances.
- List in bullet form how this proposal meets the required and preferred criteria listed in the Application for Funding Notification. Highlight the unusual and exemplary aspects of your plan.
- Provide a budget narrative that explains the major sections of the budget. If charging tuition, explain the amount charged and any sliding fee. If the district receives less than the full funding amount requested, how might the operational plan be changed?
- Districts currently receiving ECPA funds may request ELLI funding to expand and/or enhance the preschool services they provide. Detailed explanation must be given for whether the district decides to use the funding either to expand from half day to full day program, or they may use the ELLI funding to increase the quality of their existing program via curriculum training for teachers, reduced class size, adding comprehensive supports for inclusion and/or English language learners, and contracting with local child care providers who agree to meet the same standards of quality implemented within the district classrooms.
**Part III: Program Component Activity Forms**

**OUTREACH, RECRUITMENT AND ENROLLMENT**

*Answer the following question below.*

What efforts will the district implement to recruit and place four year old students, especially the hardest to reach families; e.g. recent immigrants, low income, teen parents, etc.? If your district currently serves 4-year-old children, please describe the strategies the district has in place for serving eligible preschool students in your district.

<table>
<thead>
<tr>
<th>GOAL 1: Engage in district-wide planning to assess needs and recruit and enroll all district children. <em>Suggested areas to address: needs assessment and recruitment and outreach. [See the Preschool Program Implementation Guidelines as a reference.]</em></th>
</tr>

COMMUNITY COLLABORATION AND PLANNING

Please list below the membership and involvement of your ECAC. When was it formed and how often has it met? Who else do you plan to recruit as members? What role do you expect the ECAC to play in program planning and implementation?

**GOAL 2:** Collaborate with community organizations and leaders to take full advantage of existing resources to deliver a comprehensive early childhood education program with appropriate support services. *Suggested areas to address: involvement of community health and social service agencies, county Unified Child Care Agencies (also called CCR&R), collaboration with Department of Human Services (DHS)-licensed child care programs and/or registered family child care providers, etc. [See the Preschool Program Implementation Guidelines as a reference.]*

<table>

CURRICULUM DEVELOPMENT AND IMPLEMENTATION

Please identify below your district’s preschool curriculum. All preschool classrooms must implement the designated curriculum. This includes contracted child care and Head Start classrooms.

If your district is not implementing or does not plan to implement one of the curricula introduced at the Curriculum Showcase, then explain in detail by content area how the district’s curriculum meets the *Preschool Teaching and Learning: Standards of Quality* and *Preschool Program Implementation Guidelines*. A document containing expectations and suggested activities is not a comprehensive, evidence-based curriculum and will not be approved. **Please note: The district curriculum must be submitted with this application and will have to be reviewed by the OECE Curriculum Review committee before approval is granted.**

<table>
<thead>
<tr>
<th>GOAL 3: Develop and implement a high-quality early childhood education curriculum that comprehensively addresses the <em>Preschool Teaching and Learning Expectations: Standards of Quality</em>. Required areas to address: transition plans (pre-k to 3rd grade and) and bilingual education. [See the <em>Preschool Program Implementation Guidelines</em> as a reference.]</th>

**GOAL 5:** To the maximum extent possible, children with disabilities will receive the preschool program in the general education classroom with their peers. Appropriate supports are provided during the regular routine, such as adaptive curriculum, activities and materials, adjusted schedules, and integrated therapies. General education classroom teachers and assistants are provided consultation from special education staff and other experts. *See the Preschool Program Implementation Guidelines as a reference.*

PROGRAM EVALUATION

List below the methods the district will be using for assessing the effectiveness of the program components and the effects on children. The program evaluation plan should result in valid information that will be useful in program development and planning for individual children. With the exception of developmental screenings and diagnostic testing or random assessment as part of an experimental research design, no standardized testing will be administered on preschool children. Instead, performance-based assessment will be administered.

GOAL 6: Develop and implement credible methods of assessing the effectiveness of the program components and the effects on children. [See the Preschool Program Implementation Guidelines as a reference.]

ELLI Special Request Guidance

Districts are directed to use funding from the ELLI award in conjunction with district general funds, and special education funds to support ELLI classrooms. Early Childhood Program Aid (ECPA) funds and parent tuition, may also be used, where applicable. The department will consider Special Requests in cases where there is a documented need for additional professional development services or classroom books and supplies for the preschool program. ELLI districts may use the Special Request form provided to make one-time budget requests that require funds over and above those provided through the braiding of ELLI funds, district general funds, special education funds, ECPA funds, and parent tuition, where applicable. Special requests can be made only in three budget categories: professional development for teachers and assistants which may include workshops and teacher resources, books for the classrooms and/or materials for the classrooms. Only those special requests accompanied by detailed descriptions and justifications (such as detailed professional development plans with associated costs, or purchase plans for classroom materials accompanied by catalog pages or other cost documentation) will be considered by the department. You may attach any additional relevant information or documentation to support your request.

In the case of special requests for categories already included in the budget, a detailed account of the total costs needed for that category must be presented. For example: If a district requests additional funding for professional development, it must show how funding from all sources will be spent in addition to detailing how the special request funding will be spent.

Special Request funding is intended as a one-time infusion of funds to assist districts in taking significant steps to enhance the quality of the preschool program and ensure that all of the ELLI requirements are met appropriately.

Districts may submit Special requests of up to $10,000, depending upon the nature of the request and the detailed expenditure projections with full documentation. Each request will be evaluated by the DOE and may be adjusted as necessary.
STATEMENT OF ASSURANCES

As the duly authorized chief school administrator/chief executive officer of the applicant agency, I am aware that submission to the Department of Education of the accompanying application constitutes the creation of a public document, and I certify that the applicant:

• Has the legal authority to apply for the funds made available under the requirements of the announcement, and has the institutional, managerial and financial capacity to ensure proper planning, management and completion of the project described in this application.

• Will give the New Jersey Department of Education, or its authorized representatives, access to, and the right to examine, all records, books, papers, or documents related to the award and will establish a proper accounting system in accordance with generally accepted accounting principles (GAAP).

• Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes, or presents the appearance of, personal or organizational conflict of interest, or personal gain.

• As well as its principals and subgrantees, for all grant awards in excess of $25,000.00, is not presently debarred, proposed for debarment, declared ineligible, suspended, or voluntarily excluded by any federal agency from receiving federal funds in accordance with Executive Orders 12549 and 12689.

• Will comply with Section 6002 of the Resource Conservation and Recovery Act (RCRA), P.L. 94-580, codified at 42 U.S.C. 6962 if the applicant is an entity of state and/or local government and will give preference to the purchase of recycled materials identified in U.S. EPA guidelines (40 CFR Part 247-254).

• Will comply with all federal and state statutes and regulations relating to nondiscrimination. These include, but are not limited to:

  (A) Title VI of the Civil Rights Act of 1964 (P.L 88-352; 34 CFR Part 100) which prohibits discrimination on the basis of race, color or national origin;

  (B) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. 1681-1683, and 1685-1686; 34 CFR Part 106), which prohibits discrimination on the basis of sex;

  (C) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794; 34 CFR Part 104), which prohibits discrimination on the basis of handicaps;
(D) Section 503 of the Rehabilitation Act of 1973, as amended (41 CFR Parts 61-741.5(a)), as applicable, which requires affirmative action in employment;

(E) the Age Discrimination Act of 1975, as amended (42 U.S.C. 6101 et seq.; 45 CFR Part 90), which prohibits discrimination on the basis of age, and

(F) the Americans With Disabilities Act of 1990, as amended (P.L. 101-336), which guarantees equal opportunity for individuals with disabilities.

- Will comply with the provisions of the Drug-Free Workplace Act of 1988, as implemented at 34 CFR Part 85, Subpart F, for grantees, as defined at 34 CFR Part 85, Sections 85.605 and 85.610.

- Will comply with the provisions of the Drug Free Schools and Communities Act Amendments of 1989, as implemented at 34 CFR Part 86, Subparts A-E (institutions of higher education only).
