DANGER!
ULTRAVIOLET RADIATION

- Follow instructions.

- As with natural sunlight, overexposure may cause eye and skin injury and allergic reactions. Repeated overexposure may cause premature aging of the skin and/or skin cancer.

- Wear Food and Drug Administration compliant protective eyewear. Failure to use protective eyewear may result in severe burns and/or long-term injury to the eyes.

- Medications or cosmetics may increase your sensitivity to the ultraviolet radiation. Consult a physician before using sunlamp indoor tanning beds or booths if you are pregnant, using medications or have a history of skin problems or believe yourself especially sensitive to sunlight.

- If you do not tan in the sun, you are unlikely to tan from the use of this product.

If you believe that you have been injured by this tanning equipment, you should contact:
New Jersey Department of Health and Senior Services
Consumer, Environmental and Occupational Health Service
PO Box 369, Trenton, NJ 08625-0369
