Executive Summary

The Task Force on the Closure of State Developmental Centers (Task Force) was established pursuant to P.L. 2011, c. 143, to perform a comprehensive evaluation of New Jersey’s seven developmental centers (DCs) and set forth binding recommendations to the New Jersey Department of Human Services for the closure of one or more facilities. The Task Force was comprised of five members, including: three members appointed by the Governor, one member appointed upon the recommendation of the Senate President, and one member appointed upon the recommendation of the Speaker of the General Assembly.

The Task Force conducted a thorough review of each developmental center pursuant to five specific criteria mandated in the enabling statute. The Task Force performed the evaluation process over the course of six months and during that time, the Task Force held nine public hearings, heard testimony from 49 stakeholders and representatives from applicable state Departments, toured each of the seven developmental centers as well as several community programs, and deliberated independently and collaboratively on the information received.

Upon weighing each of the five factors required by statute, the Task Force agreed that four centers should not be considered for closure at this time due, in part, to the operational needs of the Department of Human Services and the difficulty the Department of Human Services would have in replicating the services provided at these centers elsewhere in a cost effective way. Those centers include: Woodbine Developmental Center, New Lisbon Developmental Center, Hunterdon Developmental Center, and Green Brook Regional Center.

The Task Force evaluated the number of developmental centers that should be subject to closure and the timeframe for closure. Among the factors discussed was the system-wide declining census, the number of residents in each center whose Inter-disciplinary teams have recommended a move to community, and the readiness of provider agencies in each region to expand the community-based residential infrastructure to support residents leaving developmental centers.

Recognizing that the Department of Human Services had previously identified the closure of Vineland Developmental Center, the Task Force expressed concern that the provider infrastructure in that region was not as robust as in the northern part of the state and that closing Vineland may have a significant adverse impact on the local economy in Cumberland County, where the unemployment rate is already the highest in the State.

Following this deliberative process, on July 23, 2012, by a majority vote of 4-0-1, the Task Force recommended the closure of North Jersey Developmental Center followed by Woodbridge Developmental Center within the next five years. The Department of Human Services is now tasked by law with executing these recommendations as soon as practicable, in accordance with a schedule that considers, first, the residents of the
developmental centers identified for closure and, then, any appropriate operational concerns of the developmental centers and the community services system.

The following report summarizes the deliberations of the Task Force, information provided to the Task Force from interested stakeholders and the Department of Human Services, and the final, binding recommendation of the Task Force. In addition to the binding recommendation, this report also contains non-binding recommendations agreed upon by the Task Force for consideration by the New Jersey Department of Human Services.

On August 1, 2012, by a unanimous vote of 5-0, the Task Force approved the following report to communicate the aforementioned recommendations.
Introduction

The New Jersey Department of Human Services is responsible for the operation and maintenance of the State’s seven developmental centers. The Developmental Centers are as follows:

- Green Brook Regional Center – Somerset County
- Hunterdon Developmental Center – Hunterdon County
- New Lisbon Developmental Center – Burlington County
- North Jersey Developmental Center – Passaic County
- Vineland Developmental Center – Cumberland County
- Woodbine Developmental Center – Cape May County
- Woodbridge Developmental Center – Middlesex County

Currently, New Jersey ranks 49th in the nation for institutionalization of individuals with intellectual or developmental disabilities, per capita (per 100,000 people) and 50th in the nation for maintaining large, state-operated institutions.1 Furthermore, the State operates more developmental centers than necessary to support a declining population. The census in New Jersey’s developmental centers has steadily decreased over the last ten years. In fact, since 2007, the Division of Developmental Disabilities (DDD) within the Department of Human Services (DHS) has, in each fiscal year, been appropriated funds to advance its Path to Progress, which represents the state’s Olmstead Plan2. These resources allowed for the expansion of community services and residential opportunities for individuals with developmental disabilities, enabling a decreased census in the developmental centers. Between January 1, 2009, and December 31, 2011, a total of 204 individuals moved from developmental centers to the community through the Olmstead process. Of that number, 191 or 94% of those individuals successfully remain in the community. A reduced system-wide census and the need to increase community-based services for individuals with developmental disabilities prompted the DDD to develop a 34 page Addendum to the Olmstead Path to Progress, entitled, “Blueprint for the June 30, 2013 Closure of Vineland Developmental Center” (Blueprint) which was released in May 2011.

The Blueprint was met with mixed reactions. Some families, self-advocates, service providers and advocacy organizations supported the plan, while some legislators, families and VDC employees were vehemently opposed. The Governor’s proposed Fiscal Year (FY) 2012 budget contained language identifying Vineland Developmental Center (VDC) for closure by June 30, 2013. Subsequently, Senator Jeff Van Drew proposed legislation (S-2928) to establish a Task Force to study and make recommendations regarding the closure of developmental centers in New Jersey. The bill was conditionally vetoed by the Governor, changing the membership of the Task Force and making the recommendations binding. The

revised bill was approved by both Houses and signed into law on December 14, 2011, with near unanimous bipartisan support from both houses of the Legislature.

Pursuant to the authorizing statute, no sooner than 90 days, but no later than 180 days after organization, the Task Force was charged to set forth recommendations for the closure of one or more developmental centers in the state. The Department of Human Services must close each of the developmental centers identified by the Task Force as soon as practicable. Upon submission of the closure recommendations, the Task Force expires.

**Task Force Composition**

The Task Force was comprised of the following five members:

- Chair Craig A. Domalewski, Esq. – Gubernatorial Appointee
- Vice Chair Allison Murphy – Senate Appointee
- Colin M. Newman, Esq. – Gubernatorial Appointee

- Nancy R. Thaler – Gubernatorial Appointee

**Public Hearings**

The Task Force held nine public hearings and deliberated on information provided by families, self-advocates, expert witnesses, interested stakeholders, relevant Department representatives, and advocacy organizations. All hearings were held at the Department of Human Services. Additionally, members of the general public were invited by the Task Force to provide oral testimony on April 9, 2012. In total, 49 individuals provided testimony to the Task Force regarding the closure of developmental centers. The Task Force also permitted members of the general public to submit written testimony through mail.

**Legislative Factors:**

Pursuant to P.L. 2011, c. 143, in order of importance the Task Force conducted a comprehensive evaluation of state developmental centers using the five guiding legislative criteria enumerated in the public law:

- the number of individuals with developmental disabilities residing in a developmental center who want or do not oppose, or if applicable, whose guardians want or do not oppose, community placement and whose interdisciplinary team have recommended such a placement;
- the present capacity of the community to provide and or develop specialized services and supports to individuals with developmental disabilities or the time required to allow for the development of capacity to provide such specialized services;
- the operational needs of the Department of Human Services in meeting the range of needs and preferences of all affected individuals served by the Division of Developmental Disabilities in the Department of Human Services;
- the economic impact on the community in which the developmental center is located if that center were to close; and
- the projected repair and maintenance costs of the developmental center as estimated by the Department of Human Services.

---

3 Note: On the dates that meetings were held the tours commenced following the conclusion of the meeting. Each tour group was escorted by a DHS or DDD staff person and no more than two Task Force members were grouped together.
Binding Recommendation

Pursuant to P.L. 2011, c. 143, the Task Force was required to recommend the closure of one or more of New Jersey’s seven developmental centers by a majority vote. After thoroughly considering the five legislative criteria, the Task Force, by a majority vote of 4-0-1\(^4\) approved the following closures and closure timeline:

The Task Force hereby issues its binding recommendation instructing the New Jersey Department of Human Services to develop and implement a plan to close North Jersey Developmental Center followed by Woodbridge Developmental Center within the next five years in accordance with a schedule that takes into account the needs of the residents of the developmental centers to be closed and the operational concerns of the developmental centers and the community services system. This recommendation shall not impede the Department’s authority to manage and operate the Developmental Centers, including but not limited to, moving individuals and staff to other Developmental Centers or the community, as appropriate, during the closure process.

Non-Binding Recommendations

In addition to the aforementioned binding recommendations, the Task Force agreed to the following non-binding recommendations for consideration:

1. Develop plans for the closure of North Jersey Developmental Center and Woodbridge Developmental Center ensuring clarity regarding the process and timeframes contained in the binding recommendations.

2. Reinvest the full savings realized as the result of each closure to enhance or expand services and supports for individuals served by DDD including the community infrastructure to ensure the health, safety and quality of community living and care.

3. Make certain that: direct care personnel are adequately trained; a sufficient number of case managers are in place to plan and monitor services, and; clinical staff are available for behavioral and mental health services.

4. Designate sufficient quality assurance staff to assure the health and safety of individuals being moved from the developmental centers. This includes staff to conduct inspections, investigations and oversight of community programs utilizing information to measure performance to improve services and achieve positive, long-term outcomes.

\(^4\) July 23, 2012, Vote Count: Yes – Chair Craig Domalewski, Vice Chair Allison Murphy, Colin Newman, Nancy Thaler; No – None; Abstain – Valessa Goehringer.
5. Ensure that the transition of every resident is carefully planned by a team that includes individuals and their guardians (when appropriate), prioritizing the health and safety of the residents.

6. Utilize a person-centered process to plan for the transition of individuals to ensure that information is provided to them as well as guardians so they can make an informed choice regarding community living options and arrangements.

7. Continue vigilance at the existing Developmental Centers to ensure that quality care is maintained.

8. Continue to honor the right of residents at all the Developmental Centers to move to the community by offering them the opportunity if they so choose.

9. Honor the rights of residents to continue to live in a Developmental Center if they so choose.

A
CHAPTER 143

AN ACT establishing the "Task Force on the Closure of State Developmental Centers."

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The Legislature finds and declares that:
   a. The closure of developmental centers advances New Jersey's efforts to comply with the decision by the Supreme Court of the United States in *Olmstead v. L.C.*, 527 U.S. 581 (1999), which requires states to provide community living options and other supports to individuals with developmental disabilities who do not require or want institutionalized care;
   b. Continuing New Jersey's commitment to providing individuals with developmental disabilities the ability to live in the most integrated setting appropriate to their needs, consistent with the *Olmstead v. L.C.* decision, is critical to ensure a better quality of life;
   c. It is our goal to reduce the number of developmental centers, while being consistent with federal Medicaid law, and that such centers shall be utilized primarily to provide specialty services for individuals with developmental disabilities who exhibit high-risk behaviors, have intense medical needs, or are court-ordered;
   d. The State operates more developmental centers than necessary to support a declining population of individuals with developmental disabilities, which has decreased by approximately 1,200 individuals, or 33 percent, since 1998;
   e. It is our goal to affirm the State's commitment to reducing reliance on institutional care, along with expanding community living options; and
   f. It is important for the State to affirm its commitment to provide individuals with developmental disabilities who are institutionalized with the opportunity to live in the community, consistent with the *Olmstead v. L.C.* decision, and to realign fiscal, staffing, and operational resources to support community living.

2. There is established the "Task Force on the Closure of State Developmental Centers." The task force shall perform a comprehensive evaluation of all of the State developmental centers and provide recommendations for the closing of developmental centers.

3. a. The task force shall be comprised of five members who shall be appointed within 30 days of the effective date of this act, as follows:

   (2) one public member appointed by the Governor upon the recommendation of the President of the Senate; and
(3) one public member appointed by the Governor upon the recommendation of the Speaker of the General Assembly.

Vacancies in the membership of the task force shall be filled in the same manner provided for the original appointments.

b. The task force shall organize within 30 days following the appointment of a majority of its members and shall select a chairperson and vice-chairperson from among the members.

c. The members shall serve without compensation, but shall be reimbursed for necessary expenses incurred in the performance of their duties and within the limits of funds available to the task force.

d. The task force shall make recommendations by a majority vote of its members.

e. The Department of Human Services shall provide staff support to the task force.

4. The task force shall perform a comprehensive evaluation of the State developmental centers, and set forth recommendations for the closure of developmental centers in the State. The recommendations, which shall be binding on the Department of Human Services, may provide for the closure of one or more developmental centers. The recommendations for closure of a developmental center shall consider the following criteria in order of importance:

a. the number of individuals with developmental disabilities residing in a developmental center who want or do not oppose, or if applicable, whose guardians want or do not oppose, community placement and whose interdisciplinary teams have recommended such a placement;

b. the present capacity of the community to provide or develop specialized services and supports to individuals with developmental disabilities or the time required to allow for the development of the capacity to provide such specialized services;

c. the operational needs of the Department of Human Services in meeting the range of needs and preferences of all affected individuals served by the Division of Developmental Disabilities in the Department of Human Services;

d. the economic impact on the community in which the developmental center is located if that center were to close; and

e. the projected repair and maintenance costs of the developmental center as estimated by the Department of Human Services.

5. No sooner than 90 days but not later than 180 days after the task force organizes, the task force shall submit its closure recommendations, including, if applicable, a targeted date for closure of each developmental center recommended for closure, and make such other recommendations as the task force deems appropriate, to the Governor, and to the Legislature pursuant to section 2 of P.L.1991, c.164 (C.52:14-19.1).
6. a. If applicable, the Department of Human Services shall close each of the developmental centers recommended by the task force as soon as practicable in accordance with a schedule that takes into account the needs of the residents of any developmental center to be closed and any appropriate operational concerns of the developmental centers and the community services system.

b. Nothing in this act shall limit the commissioner's authority pursuant to R.S.30:1-12 or the discretion to take the actions authorized by sections 1 and 2 of P.L.1996, c.150 (C.30:1-7.3 and C.30:1-7.4), as the commissioner may deem appropriate.

7. This act shall take effect immediately and shall expire upon the submission by the task force of its closure recommendations to the Governor and the Legislature or 180 days after the task force organizes, whichever is sooner.

**Roll Call**
Barbara Booth conducted a Roll Call as follows: Craig Domalewski, Allison Murphy, Nancy Thaler, Valessa Goehringer and Colin Newman. All responded in the affirmative.

**Adopting of Minutes**
Colin Newman moved to adopt the minutes of the June 18, 2012 meeting prepared by Barbara Booth. Allison Murphy seconded the motion. All members unanimously voted in favor of adopting the minutes with no alterations.
Task Force members were provided the following documents prior to or at the meeting:

- Revised Overview of Developmental Centers further explaining Operational Needs of the Department of Human Services related to each DC to include:
  - the number of two story buildings at North Jersey DC and the number of residents living in those buildings, and
  - the number of residents living in the two “Step Down” units and in the Moderate Security Unit at New Lisbon DC.

- Department of Health Survey Results as the heading for the columns was hidden which raised confusion for the members.

- Department of Health reports related to the complaint surveys conducted at Vineland Developmental Center in February 2012 and June 2012.

- The number of employees that will be eligible to retire effective April 30, 2013 and April 30, 2014.

Task Force members spent the meeting deliberating on the five factors identified in the legislation, voting on binding recommendations pursuant to P.L. 2011, c. 143, and approving non-binding recommendations to be included in the final report to the Governor and Legislature. The Task Force completed a comprehensive review of all developmental centers which included meetings, receiving testimony, visiting all seven developmental centers and a number of community residences, and extensive fact finding. Chair Craig Domalewski reviewed the legislative factors and the requirement in the statute that a majority vote – not unanimous – was necessary to close at least one developmental center.

Upon weighing each of the five factors, the Task Force unanimously agreed that four centers should not be considered for closure at this time due, in part, to the operational needs of the Department of Human Services and the difficulty the Department of Human Services would have in replicating the services provided at these centers elsewhere in a cost effective way. Those centers include: Woodbine Developmental Center, New Lisbon Developmental Center, Hunterdon Developmental Center, and Green Brook Regional Center.

The Task Force next discussed the number of developmental centers that should be subject to closure and the timeframe for closure. Among the factors discussed was the system-wide declining census, the number of
residents in each center whose Inter-disciplinary teams have recommended a move to community, and the readiness of provider agencies in each region to expand the community-based residential infrastructure to support residents leaving developmental centers.

Recognizing that the Department of Human Services had previously identified the closure of Vineland Developmental Center, the Task Force expressed concern that the provider infrastructure in that region was not as robust as in the northern part of the state and that closing Vineland may have a significant adverse impact on the local economy in Cumberland County, where the unemployment rate is already the highest in the State.

During the discussion, some Task Force members asserted that the State should close additional centers in the long term to keep pace with national trends. The Task Force members agreed that the Department of Human Services should carry out the closure recommendations within five years. The Task Force agreed that ensuring the health, safety and well-being of center residents was most important and discussion continued on whether to issue a binding recommendation for the closure of two developmental centers at this time. The Task Force voted 4-0-1 to issue the recommendation for the closure of two developmental centers. The tally on whether to issue recommendations to close two developmental centers was as follows: voting yes – Chair Craig Domalewski, Vice Chair Alison Murphy, Colin Newman, Nancy Thaler. Valessa Goehringer abstained.

Vote on Binding Recommendation

Allison Murphy made a formal motion for a vote to issue binding recommendations directing the Department of Human Services to close North Jersey Developmental Center and Woodbridge Developmental Center, within five years. Colin Newman seconded the motion and a vote on the motion was taken. Voting yes to approve the motion: Allison Murphy Nancy Thaler, Colin Murphy and Craig Domalewski. Valessa Goehringer abstained. The motion passed by a vote of 4-0-1 and the binding recommendation will be made as a part of the report to the Governor and Legislature.

The Task Force also agreed on non-binding recommendations to be included in the final report. The non-binding recommendations are as follows:

1. Develop plans for the closure of North Jersey DC and Woodbridge DC ensuring clarity regarding the process and timeframes contained in the binding recommendations.
2. Reinvest the full savings as the result of each closure to enhance or expand the community infrastructure of services and supports to ensure the health, safety and quality of community living and care.
3. Make certain that: direct care personnel are adequately trained; a sufficient number of case managers are in place to plan and monitor services, and; clinical staff are available for behavioral and mental health services.

4. Designate sufficient quality assurance staff to assure the health and safety of individuals being moved from the developmental centers. This includes staff to conduct inspections, investigations and oversight of community programs utilizing information to measure performance in order to improve services and achieve outcomes.

5. Ensure that the transition of every resident is carefully planned by a team that includes individuals and their guardians (when appropriate) prioritizing the health and safety of the residents.

6. Utilize a person-centered process to plan for the transition of individuals to ensure that information is provided to them as well as guardians so they can make an informed choice regarding community living options and arrangements.

7. Continue vigilance at the existing Developmental Centers to ensure that quality care is maintained.

8. Continue to honor the right of residents at all Developmental Centers to move to the community by offering them the opportunity, if they so choose.

9. Honor the rights of residents to continue to live in a Developmental Center if they so choose.

Meeting Conclusion
Colin Newman motioned to adjourn the meeting. Allison Murphy seconded the motion. The members unanimously approved.
