**** NAMI Signature Programs*** are based upon a standardized model developed and maintained by NAMI National. Our 2 signature support group models, NAMI Connection Recovery Support Group and NAMI Family Support, attendees can expect that:

- Programs are for adults 18+ and are peer led, meaning the people leading the program share important life experiences with the participants and speak from the perspective of an equal. No student or professional observers are present and membership is not required.
- It's not necessary for a formal diagnosis to have been made for a person, or their family members, to participate in and benefit from a NAMI program.
- Two trained program leaders will be present, who are members of the group. The program leaders are screened and trained intensively for their role. They will facilitate according to well-defined rules and processes which they had 2 days of training in. They will not give advice or keep records.
- The facilitators will regularly turn the group to the structures we read out at the beginning of the meeting (Group Guidelines and Principles of Support), as well as our Stages of Emotional Response structure and our Group Wisdom, Hot Potato, and Problem Solving processes as needed.
