NOTICE TO LICENSED NEW JERSEY MOTOR VEHICLE DEALERS REGARDING THE
NUMBERING OF ELECTRONIC TEMPORARY TAG

Beginning on October 4, 2017, the New Jersey Motor Vehicle Commission (MVC) will discontinue the policy of using the letter "P" in its resident and non-resident temporary registration tags (temp tags).

This change will occur automatically through an enhancement to the eTemp Tag system. You will not need to change the way that you create the temp tag. Temp tags that have already been issued using the letter "P" will not need to be reissued and are valid until their designated expiration date.

Please visit www.njportal.com/temptags for information about using the eTemp Tag system. You may also contact the MVC with questions by posting them on the NIC website using the "Questions Form" or by calling the MVC at (609) 292-6500 x-5014.
