Content Note

This list begins as a register of boats on the canal in 1836, and records the number and name of 567 boats. The list appears to continue for several years after 1836, although no later date is actually indicated. The weight is recorded (in tons and hundred-weight) for about 70 boats. No weight is shown for any boat after no. 364.

Created September 2003
