Guide Date: 11/1993 (JK)
Volume: 1.0 c.f. [2 vols.]

[Contents](#)

Content Note

This series consists of two reference works acquired by the Engineering and Railroad Tax Bureau for the purpose of appraising railroad equipment. The extent to which the volumes were actually used by the Bureau (and, in the case of item #1, the Bureau's predecessor agencies back to the State Board of Assessors) is not known. Both volumes are in fine condition.

Contents

1. Wright, Roy V. (for The American Railway Master Mechanics' Association). *Locomotive Dictionary: Definitions and Illustrations of American Locomotives, their Parts and Equipment, together with Typical Illustrations of Machine Tools and Devices Used in their Maintenance and Repair*. Third edition. New York: Simmons-Boardman Publishing Company, 1912. [Stamped "State Board of Assessors, Trenton, N.J." on title page].
2. Wright, Roy V., ed. *1946 Car Builders' Cyclopedia Of American Practice: Definitions and Typical Illustrations of Railroad and Industrial Cars, Their Parts and Equipment; Cars Built in America for Export to Foreign Countries; Descriptions and Illustrations of Shops and Equipment Employed in Car Construction and Repair*. Seventeenth edition. New York: Simmons-Boardman Publishing Corporation, 1946.

Created April 2005
