Trucks Prohibited

The large truck travel designations depicted in this map are for illustrative purposes and pertain to permissible widths only. A complete description of the large truck networks and the proposed applicable restrictions may be found in the New Jersey Access Code at N.J.A.C. 16-25.

Note: Designation within the regulations and/or as depicted on the map does not always guarantee free movement of all double-trailer truck combinations and 102 inch wide standard trucks on a road. Some double-trailer truck combinations and 102 inch wide standard truck movements may be restricted on a route because of road or bridge weight restrictions and/or vertical clearance restrictions.
