## NEW JERSEY DEPARTMENT OF TRANSPORTATION BUREAU OF PROFESSIONAL SERVICES DIVISION OF PROCUREMENT SUMMARY OF TECHNICAL PROPOSAL / CONSULTANT SELECTION

Tech Proposal #:	792					
<b>Selection Posting Date:</b>	May 6, 2010					
Last Day to Request PM Comments:	May 13, 2010					
Project Description:	New Jersey Congestion Management System Project:  CMS-21 will enable NJDOT to more effectively identify and analyze congestion problems, better integrate congestion management into our transportation planning, project development and design processes, and assist in the maintenance and operations of our statewide transportation network.					
Selection Information:	A Technical Proposal was uploaded by the Bureau of Professional Services to the Department's Web Site listing 8 prequalified firms resulting in 2 firms responding with a Technical Proposal. Following review and discussion of the scoring of the evaluation criteria, along with factors deemed to be in the best interests of the State, the CSC unanimously approved the recommendation of AECOM USA, Inc. one of two (2) statistically equal (within 5%) 1 <sup>st</sup> ranked firms, for selection.  The affirmative action goal assigned for this State funded project is 25% SBE.					
Firm Ratings and Rankings:	See next page for this information.					
Project Manager Comments:	Individual face-to-face debriefings or a group debriefing will <u>not</u> be conducted. Instead, e-debriefings will be offered. Please respond to <u>PSPD@dot.state.nj.us</u> by <b>5/13/10</b> for an e-debriefing request.					

## FY 10 New Jersey Congestion Management System Project (a.k.a. CMS-21)
