A feasibility assessment study will be undertaken to determine the viability of new access ramps between Route 55 and the Millville Industrial Park. Also included in the study will be improved safety conditions at the intersection of Route 49 and Wade Boulevard. The purpose of the project is to promote economic development in this area.

| 47 | Operational Improvements, Sharp Street to Sherman Avenue | 9013A |
| | | |

This project will address operational and safety improvements along Route 47, including acceleration and turning lanes for 0.7 mile in each direction. Other improvements include new traffic signals, drainage improvements, detention basin construction, ramp improvements and utility relocations. In addition, two local roads, Hennis Road and Bluebird Lane, will be relocated. This project will be bicycle/pedestrian compatible.

This is a multi-year funded project under the provisions of Section 13 of P.L. 1995, c.108.

ROUTE/PROGRAM **Project ID Number** 98356 56 Maurice River Bridge Replacement This project will provide for the replacement of the existing structure along the same alignment. The existing structure has one 12-foot travel lane, one 3-foot outside shoulder and one 6-foot sidewalk in each direction. There will be one 12-foot travel lane and one 1 foot shoulder in each direction. In addition, because of the close proximity of the structur to the Route 55/56 interchange, missing acceleration/deceleration lanes on Route 56 from and to Route 55 will be provided. Guiderail upgrades will be made in the immediate vicinity of the structure and will extend along the Route 55 southbound ramp to Route 50 westbound, as well as the Route 56 eastbound to Route 55 southbound ramp. This proje will be designed to be bicycle/pedestrian compatible via use of the shoulder. COUNTY: Salem Cumberland MUNICIPALITY: Pittsgrove Twp.
