VACANT	Governor

Council Membership:

Pursuant to N.J.S.A. 52:18A-83, the State Investment Council is comprised of fifteen (15) members.

Nine members are appointed by the Governor for five year terms, and are drawn traditionally from the corporate investment community. Of those nine appointments, eight are made with the advice and consent of the State Senate. One appointment is made from nominees submitted jointly by the President of the Senate and Speaker of the Assembly. The statute requires that at least seven of the nine gubernatorial appointments shall be qualified by training and experience in the direct management, analysis, supervision or investments of assets, which training and experience shall have been acquired through academic training and/or actual employment in those fields.

Four members are appointed by the Governor from nominees submitted by various employee organizations. Two of the four members are appointed for five year terms from nominees submitted by the New Jersey State AFL-CIO. One of the four members is appointed for a three year term from nominees submitted by the New Jersey Education Association (NJEA). The fourth member is appointed by the Governor for a three year term from nominees submitted by the State Troopers Fraternal Association. The statute requires that these four appointments shall be qualified by training, experience or long-term interest in the direct management, analysis,

supervision or investments of assets and this training, experience or interest shall be supplemented by academic training in the fields of economics, business, law, financial or actuarial science or by actual employment in those fields.

Two members, representing the Public Employees' Retirement System (PERS), and the Teachers' Pension and Annuity Fund (TPAF), are designated from members of the respective pension system's board of trustees and serve three year terms.

All members serve until reappointed or a successor is named and has qualified.
