1.0 INFORMATION FOR BIDDERS

1.1 PURPOSE AND INTENT

This Request for Proposal (RFP) is issued by the Purchase Bureau, Division of Purchase and Property, Department of the Treasury (the "Division"), on behalf of the State of New Jersey, Department of the Treasury, Division of Lottery (Lottery). The purpose of this RFP is to solicit bid proposals to contract with firms to provide life annuities for lottery winners.

The intent of this RFP is to award contracts to those responsible bidders whose bid proposals, conforming to this RFP are most advantageous to the State, price and other factors considered. However, the State reserves the right to separately procure individual requirements that are the subject of the contract during the contract term, when deemed by the Director to be in the State's best interest.

The NJ Standard Terms & Conditions version 05/09/06 will apply to all contracts or purchase agreements made with the State of New Jersey. These terms are in addition to the terms and conditions set forth in this RFP and should be read in conjunction with them unless the RFP specifically indicates otherwise.

1.2 BACKGROUND

1.2.1 GENERAL ANNUITY REQUIREMENTS

The Lottery purchases annuities from companies (contractors) offering the greatest yield per dollar invested. Such yield or interest is compounded and accumulated to produce the funding for payments to prizewinners designated by the Executive Director of the Lottery. The State shall be the designated annuitant.

This is a reprocurement of the Life Lottery Annuity Contract term contract, presently due to expire on November 30, 2006. Bidders who are interested in the current contract specifications and pricing information may review the current contract T1524 at <http://www.state.nj.us/treasury/purchase/noa/contracts/t1524.shtml>

The Division of Lottery (Lottery) was established February 16, 1970 pursuant to N.J.S.A. 5:9-1 et seq. The first tickets were sold on December 16, 1970 and the first lottery drawing was held on January 7, 1971.

The Lottery currently operates the following games:

- Pick 3
- Pick 4
- Jersey Cash 5
- Pick 6 Lotto
- Mega Millions
- Various Instant Games

The Lottery sells various products (generally instant games) that offer top tier prizes whereby the prize is paid over the life of the prizewinner. In this case, the Lottery seeks an annuity composed of a certain annuity portion (guaranteed portion) as well as a deferred life portion. (See [Section 2.0](#), Definitions)

3.0 SCOPE OF WORK

3.1 ANNUITY PROCEDURE

The State generally makes an immediate payment to the winner of most lifetime lotteries on the date of claim of the prize award. However, this initial payment is not directly linked to the State's subsequent purchase of a life annuity contract pursuant to this contract. The first payment by the contractor under the annuity contract purchased pursuant to this contract shall be due and payable thirteen (13) weeks from the purchase date of the annuity.

Further, the State does not make payment to a person under the age of eighteen (18) years. Payment to lottery winners less than eighteen (18) years old is deferred until the individual attains the age of eighteen (18). In the event of the death of a prizewinner under the age of eighteen (18), payment shall commence on the date the prizewinner would have begun to receive payment had the prizewinner survived, i.e. at age eighteen (18).

3.2 REQUIRED STANDARD & POOR'S RATING

The contractor shall maintain the Standard & Poor's Corporation claims payment rating of "AA" or better during the entire term of the contract. Failure to maintain a minimum claim payment rating of "AA" during the contract term may result in termination of the contract.

Should a contractor's Standard & Poor's rating be downgraded below "AA"; the contractor shall immediately report this change to the State Contract Manager and the Director.

In such an event, the Division, upon receipt of a recommendation from the Lottery may immediately suspend the contract and proceed to obtain required lottery annuities from the remaining contractors or contractors from any future contract.

3.2.1 METHOD OF ENGAGEMENT

- A. When a prizewinner is certified, the State Contract Manager shall contact all contractors in writing (via fax or e-mail) informing them of the age and gender of the prizewinner and request a firm, fixed price for the specific life annuity.
- B. Within the time period specified (generally three (3) business days), contractors shall submit a firm, fixed price for the particular prizewinner by fax to the New Jersey Lottery, 609-599-5935, Attn: State Contract Manager.
- C. The total firm, fixed price bid for each life annuity to be paid to each specific prizewinner shall not exceed the price submitted on the [Price Schedule](#), i.e. the proposed prices shall not exceed the price bid for a person 18 years of age that was bid on the Price Schedule.
- D. The contractor submitting the lowest firm, fixed price bid for each prizewinner shall be given the Annuity Award for that specific life annuity purchase. Each contractor will receive notice from the State Contract Manager of the results for each specific life annuity award.

3.3 PURCHASE AND DELIVERY OF ANNUITY

The following items apply to the contractor engaged in accordance with Section 3.3.1 to provide an annuity for a specific prizewinner.

- A. The State will provide the contractor with a copy of the prizewinner's birth certificate together with the check containing funds to purchase the life annuity in accordance with the firm fixed bid price.
- B. The contractor shall assign a unique account number for each life annuity awarded under this contract. The account number shall be used for the purpose of identifying the specific prizewinner and the life annuity purchased for the prizewinner.
- C. The contractor shall receive a check for the purchase price for each specific life annuity within five (5) business days of acceptance of the life annuity quote by the State of New Jersey, Division of Lottery.
- D. The funds received by the contractor shall be allocated to an accumulation account. At anytime, the amount of the accumulation account shall be equal to the deposit amount plus interest from the date it is received by the contractor less the sum of the amounts previously paid in quarterly installments.
- E. The contractor shall make payments in accordance with an annuity consisting of a Certain Annuity Portion (Guaranteed Portion) and a Deferred Life Annuity Portion as defined in Section 2.2.
- F. The contractor shall supply monthly statements to the State Contract Manager for all life annuities awarded. The statements, which are due by the fifth business day of each month, shall provide, at a minimum, the following information:
 - Account Number
 - Prizewinner Name
 - Beginning Balance (Guaranteed Portion Only)
 - Interest Rate
 - Payments Made
 - Net Interest
 - Ending Balance
- G. Payments shall be made directly to the Treasurer, State of New Jersey. **Because the Lottery receives numerous annuity checks each month, the contractor must identify each annuity payment by naming the prizewinner in the comment area of each check. If payment is made by electronic fund transfer, the Contractor must include the prizewinner name for each bank wire.**
- H. The contractor shall not contact the prizewinner or make disbursements of funds to such person. Instead the contractor shall direct all pertinent data, correspondence, communications, inquiries and the original annuity contracts to the State Contract Manager.
- I. The Director has the ability to revise the terms of the annuities based on the needs and requirements of the Lottery. The revisions to the terms of the annuities can include number of years and the guaranteed amount.

- J. Any award issued pursuant to this contract shall be subject to approval of the terms and conditions of the annuity contract by the Office of the Attorney General, State of New Jersey.
- K. The annuity contract shall be supplied to Lottery from the contractor within ten business days of the annuity award,
- L. The annuity contract shall conform to New Jersey Statutes, N.J.S.A. 5:9-1, et seq., known as the "State Lottery Law."
- M. The contractor shall submit reports and certifications (i.e. Standard & Poor's Certification) as requested by the Lottery.
- N. The Lottery reserves the right to request financial or other information concerning the contractor's ability to perform, at any time, until the last annuity payment is made under the annuity contract.
- O. During the period of the annuity contract, no change shall be permitted in the terms, conditions and specifications unless the contractor receives written approval from the Director as specified in "I".

Upon receipt of a Notice of Intent to Award a Contract, the intended awardee shall submit to the Division, in care of the Purchase Bureau Buyer, the Certification and Disclosure(s) within five (5) business days of the State’s request. Failure to submit the required forms will preclude award of a contract under this RFP, as well as future contract opportunities.
- c) Further, the Contractor is required, on a continuing basis, to report any contributions it makes during the term of the contract, and any extension(s) thereof, at the time any such contribution is made. The required form and instructions, available for review on the Purchase Bureau website at <http://www.state.nj.us/treasury/purchase/forms.htm#eo134>, shall be provided to the intended awardee with the Notice of Intent to Award.

7.1.1.4 STATE TREASURER REVIEW

The State Treasurer or his designee shall review the Disclosures submitted pursuant to this section, as well as any other pertinent information concerning the contributions or reports thereof by the intended awardee, prior to award, or during the term of the contract, by the contractor. If the State Treasurer determines that any contribution or action by the contractor constitutes a breach of contract that poses a conflict of interest in the awarding of the contract under this solicitation, the State Treasurer shall disqualify the Business Entity from award of such contract.

7.1.1.5 ADDITIONAL DISCLOSURE REQUIREMENT OF P.L. 2005, C. 271

Contractor is advised of its responsibility to file an annual disclosure statement on political contributions with the New Jersey Election Law Enforcement Commission (ELEC), pursuant to P.L. 2005, c. 271, section 3 if the contractor receives contracts in excess of \$50,000 from a public entity in a calendar year. It is the contractor’s responsibility to determine if filing is necessary. Failure to so file can result in the imposition of financial penalties by ELEC. Additional information about this requirement is available from ELEC at 888-313-3532 or at www.elec.state.nj.us.

7.1.2 SOURCE DISCLOSURE REQUIREMENTS

7.1.2.1 REQUIREMENTS OF N.J.S.A. 52:34-13.2

Under the referenced statute, effective August 3, 2005, all contracts primarily for services awarded by the Director shall be performed within the United States, except when the Director certifies in writing a finding that a required service cannot be provided by a contractor or subcontractor within the United States and the certification is approved by the State Treasurer.

7.1.2.2 SOURCE DISCLOSURE REQUIREMENTS

Pursuant to the statutory requirements, the intended awardee of a contract primarily for services with the State of New Jersey must disclose the location by country where services under the contract, including subcontracted services, will be performed. The Source Disclosure Certification form is located on the Advertised Solicitation, Current Bid Opportunities webpage <http://www.state.nj.us/treasury/purchase/bid/summary/07x39091.shtml>.

FAILURE TO SUBMIT SOURCING INFORMATION WHEN REQUESTED BY THE STATE SHALL PRECLUDE AWARD OF A CONTRACT TO THE BIDDER.

If any of the services cannot be performed within the United States, the bidder shall state with specificity the reasons why the services cannot be so performed. The Director shall determine whether sufficient justification has been provided by the bidder to form the basis of his certification that the services cannot be performed in the United States and whether to seek the approval of the Treasurer.

7.1.2.3 BREACH OF CONTRACT OF EXECUTIVE ORDER 129

A SHIFT TO PROVISION OF SERVICES OUTSIDE THE UNITED STATES DURING THE TERM OF THE CONTRACT SHALL BE DEEMED A BREACH OF CONTRACT.

If, during the term of the contract, the contractor or subcontractor, who had on contract award declared that services would be performed in the United States, proceeds to shift the performance of any of the services outside the United States, the contractor shall be deemed to be in breach of its contract, which contract shall be subject to termination for cause pursuant to Section 3.5b.1 of the Standard Terms and Conditions version 05 09 06 of the RFP, unless previously approved by the Director and the Treasurer.

7.2 FINAL CONTRACT AWARD

Contract award[s] shall be made with reasonable promptness by written notice to that responsible bidder(s), whose bid proposal(s), conforming to this RFP, is(are) most advantageous to the State, price, and other factors considered. Any or all bid proposals may be rejected when the State Treasurer or the Director determines that it is in the public interest to do so.

7.3 INSURANCE CERTIFICATES

The contractor shall provide the State with current certificates of insurance for all coverages required by the terms of this contract, naming the State as an Additional Insured.

7.4 PERFORMANCE BOND

This section supplements Section 3.3b of the NJ Standard Terms and Conditions version 05 09 06, located on the Advertised Solicitation, Current Bid Opportunities webpage <http://www.state.nj.us/treasury/purchase/bid/summary/07x39091.shtml>. A performance bond is required. The amount of the performance bond is noted on the RFP signatory page located on the Advertised Solicitation, Current Bid Opportunities webpage

<http://www.state.nj.us/treasury/purchase/bid/summary/07x39091.shtml>. The contractor must provide the performance bond within thirty (30) days of the effective date of the contract award. The performance bond must remain in full force and effect for the term of the contract and any extension thereof. Within thirty (30) days of the anniversary of the contract effective date, the contractor shall provide proof to the Director that the performance bond in the required amount is in effect. Failure to provide such proof may result in the suspension of payment to the contractor until such time the contractor complies with this requirement.

Although the performance bond is required for the full term of the contract, the Director recognizes that the industry practice of sureties is to issue a one year performance bond for goods and services contracts. Thus, the contractor is required to submit a one year performance bond for the amount required under the contract and, on each succeeding anniversary date of the contract, provide a continuation or renewal certificate to evidence that the bond is in effect for the next year of the contract. This procedure will remain in place for each year of the contract thereafter until the termination of the contract. Failure to provide such proof on the anniversary date of the contract shall result in suspension of the contract, and possibly, termination of the contract.

For performance bonds based on a percentage of the total estimated contract price, the performance bond requirement is calculated as follows. For the first year of the contract, the performance bond percentage on the RFP signatory page is applied to the estimated total contract amount for the full term of the contract. On each anniversary of the effective date of the contract, the amount of the required performance bond, unless otherwise noted, is calculated by applying the established RFP performance bond percentage to the outstanding balance of the estimated amount of the contract price to be paid to the contractor.

In the event that the contract price is increased by amendment to the contract, the contractor may be required to provide, within thirty (30) days of the effective date of the amendment, performance bond coverage for the increase in contract price. The required increase in the performance bond amount is calculated by applying the established bond percentage set forth on RFP signatory page to the increase in contract price. Failure to provide such proof to the Director of this required coverage may result in the suspension of payment to the contractor until such time the contractor complies with this requirement.

8.0 CONTRACT ADMINISTRATION

8.1 CONTRACT MANAGER

The State Contract Manager is the State employee responsible for the overall management and administration of the contract.

The State Contract Manager for this project will be identified at the time of execution of contract. At that time, the contractor will be provided with the State Contract Manager's name, department, division, agency, address, telephone number, fax phone number, and email address.

8.1.1 STATE CONTRACT MANAGER RESPONSIBILITIES

For an agency contract where only one State office uses the contract, the State Contract Manager will be responsible for engaging the contractor, assuring that Purchase Orders are issued to the contractor, directing the contractor to perform the work of the contract, approving the deliverables and approving payment vouchers. The State Contract Manager is the person that the contractor will contact **after the contract is executed** for answers to any questions and concerns about any aspect of the contract. The State Contract Manager is responsible for coordinating the use and resolving minor disputes between the contractor and any component part of the State Contract Manager's Department.

If the contract has multiple users, then the State Contract Manager shall be the central coordinator of the use of the contract for all Using Agencies, while other State employees engage and pay the contractor. All persons and agencies that use the contract must notify and coordinate the use of the contract with the State Contract Manager.

8.1.2 COORDINATION WITH THE STATE CONTRACT MANAGER

Any contract user that is unable to resolve disputes with a contractor shall refer those disputes to the State Contract Manager for resolution. Any questions related to performance of the work of the contract by contract users shall be directed to the State Contract Manager. The contractor may contact the State Contract Manager if the contractor can not resolve a dispute with contract users.

APPENDIX 1 – CODE OF ETHICS

NEW JERSEY STATE LOTTERY COMMISSION CODE OF ETHICS FOR VENDORS AND CONTRACTORS

Introduction

The proper functioning and financial success of the New Jersey State Lottery are vitally dependent upon the maintenance of public trust and confidence. It is essential, therefore, that the Lottery and those persons or firms who do business with it avoid all situations where proprietary or financial interests or the opportunity for financial gain could lead to favored treatment for any organization or individual. They must also avoid circumstances and conduct which may not constitute wrongdoing or a conflict of interest but might nevertheless appear questionable to the general public, thus compromising the integrity of the Lottery.

The Lottery Commission recognizes that in this complex society there will often occur situations in which overlapping or linked ownerships make total separations of interest impossible. It is also familiar with the laws governing the executive Commission on Ethical Standards, N.J.S.A. 52:13D-12 ET SEC. which, while not strictly applicable to vendors or other contracting parties, provides guidance in this general area.

Accordingly, pursuant to authority embodied in N.J.S.A. 5:9-1, ET SEC., and for good cause, the following is hereby established as the New Jersey State Lottery Code of Ethics for Vendors and Contractors.

This code of ethics shall be made part of every request for proposals (RFP) promulgated by the Lottery following the effective date of this resolution. It shall be distributed to all present and future parties who do business with the Lottery (other than as purchasers of lottery tickets, public comment and projected enactment as an agency rule pursuant to the Administrative Procedure Act, N.J.S.A. 52:14B-1, ET SEC.

Lottery Vendors Code of Ethics

1. No lottery vendor* shall employ any person or maintain any business relationship with any person who is a Lottery Commissioner, Officer or Employee. The maintenance of a business relationship shall be deemed to include but not be limited to any interest, financial or otherwise, direct or indirect, any business transaction or professional activity involving a commissioner, officer or employee. However, it shall not be a violation of this paragraph for a Lottery Commissioner, Officer or Employee to seek future outside employment or to correspond with a lottery vendor with respect thereto, provided that (a) the director is promptly informed of such activities and (b) they are not violative of state law or such other ethical standards as may apply.**
2. No lottery vendor shall cause or influence, or attempt to cause or influence, any Lottery Commissioner, Officer or Employee to act in his official capacity in any manner which might tend to impair the objectivity or independence of judgment of said Lottery Commissioner, Officer or Employee.
3. No lottery vendor shall cause or influence, or attempt to cause or influence, any Lottery Commissioner, Officer or Employee to use, or attempt to use, his official position to secure unwarranted privileges or advantages for that lottery vendor or for any other person.
4. No lottery vendor shall offer any Lottery Commissioner, Officer or Employee any gift, favor, service or other thing of value under circumstances from which it might be reasonable inferred that such gift, service or other thing of value was given or offered for the purpose of influencing the recipient in the discharge of his official duties.
5. This code of ethics shall also apply to any licensed agent of the New Jersey State Lottery.
6. No lottery vendor shall, without the written approval of the director, disclose, directly or indirectly, any information not generally or legally available to the public concerning the affairs of the division.

7. This code is intended to augment and not replace existing administrative orders and pertinent codes of ethics. If any part of this code shall be found ineffective or inoperative, such finding shall not affect the other parts of the code.
8. This code shall take effect immediately upon adoption by the New Jersey State Lottery Commission.

* As used in this code of ethics, lottery vendor means any person, firm or corporation engaging or seeking to engage in business with the Division of State Lottery.

** Lottery Commissioners and Division Officers and Employees are covered by separate Code of Ethics.
