Blanton & Moore

Blanton & Moore has earned its reputation through more than 50 years of fine woodworking tradition. Our furniture is made to order by skilled, versatile craftsmen. Because we are not shipping from a finished-goods inventory, we will require approximately 90 days from the receipt of all information and the approval of any necessary layout or construction drawings.

Specific information required includes Blanton & Moore style, finish selections, plastic laminate selections, fabric selections, and any necessary field dimensions, as well as electrical and/or computer interface information.

In addition to selections from our standard product line, Santa Fe, Harmonia, Millennium\3, Jeffersonian, Westminster, modified and custom items are available. Please contact Blanton & Moore or your local Blanton & Moore representative for information on these product lines.

Our furniture frequently requires installation. Installation arrangements should be made with your Blanton & Moore dealer, or directly with Blanton & Moore.
