

WELCOME

Remember when you first learned how to ride a bike? Remember when you first learned to say *bonjour*, *hola*, *ciao*? Better yet, when you first used this knowledge to communicate in another language? Now recall the environments you have learned in, the first elementary school, high school, college, home, gym, and work? What made these environments stand out?

Study upon study continues to reinforce the best learning environments combine flexibility to move from individual to group work with facilitating connections to the technology that is enriching our learning environments.

Here at LearningWorks, we believe passionately that the environment can effect how we learn. Our team has assembled a broad collection of products and services to assist you in creating the environments which make outstanding learning environments. They are presented here for you.

The LearningWorks Class of 2006

TABLES COLLECTION

New York School Construction Authority classroom tables

Vatterott College

New York School Construction Authority classroom tables

Tables provide an important role in every school environment. We have assembled this collection of 5 product categories to provide work surface solutions from the classroom to the lunchroom. Floor plans need to be functional yet flexible and for that reason, we offer a variety of surface shapes and sizes. Tables can be designed in a variety of layout options for team learning sessions or for specialized projects. As technology plays a key role in every room, we offer a selection of options for wire management and computer accessories.

Activity

These tables provide a perfect work surface for general all-purpose needs. Adjustable legs come standard with locking and tamper proof features. All of the shapes: rectangle, round, clover, horseshoe, trapezoid and kidney are available in 3 price point options to accommodate your budget preference. Color coordination is made easy by selecting laminate and edge band finishes from the Color & Finishes Guide.

T-Leg / C-Leg

Both table configurations are available in a range of rectangle and trapezoid sizes. All of these tables come standard with adjustable legs. Wire management options include grommets, modesty panels and CPU accessories. Color coordination is made easy by selecting laminate and edge band finishes from the Color & Finishes Guide.

Utility

These tables are built to last and withstand frequent use. Fully welded steel frame gives tremendous support and durability. Legs options include adjustable or a fixed height. Choose from a selection of rectangle, round or trapezoid shapes. Color coordination is made easy by selecting laminate and edge band finishes from the Color & Finishes Guide.

Mobile Folding Tables

All of the tables in this collection are available with a high performance laminate surface and edges that are sealed with EDGEGUARD™, a sanitary and durable resin composite edge, providing superior resistance to moisture and eliminating unsanitary food traps.

Bench Table—This folding bench table is available in 10' or 12' lengths with adjustable heights from 54"-78". The foldable features have patented adjustable latch locks, self adjusting anti-glides, and exceed current UL anti-tipping safety standards.

Rectangular Table—This folding table is available in 10' or 12' lengths and features an exclusive spring "Lift Assist System" for smooth, controlled set up. The 12' length is ADA accessible.

Folding Table with Stools—Choose from a 10' length with 10 stools or a 12' length with 12 stools. Torsion springs in conjunction with torsion bars provide one of the easiest lifting tables on the market. A center leg provides additional load-bearing capacity.

Round Folding Tables with stools—This table features a seating configuration of 8 stools. A two-stage safety lock mechanism is provided for extra safety assurance and an ADA-accessible model accommodates one or two position wheelchair access..

ORDER INFORMATION

Custom Solutions

LearningWorks understands that standard solutions aren't always the best solutions. We appreciate that the best ideas sometimes go outside our product lines. That's why we keep LearningWorks open to interpretation. From simple in-line product modifications and COMs to complex furnishings crafted to exacting specifications, LearningWorks encourages and specializes in custom work. Contact your relationship manager who can assist you in developing product solutions for your customers.

Phone Orders

LearningWorks accepts phone orders as a service to our customers. We do require that a purchase order marked Confirmation is the responsibility of the customer.

Acknowledgements

Customer must notify LearningWorks immediately of any discrepancy between purchase order and acknowledgment; otherwise LearningWorks can accept no responsibility for manufacturing errors. Please use the LearningWorks control number when inquiring about your order.

Quotations

All quotations by factory or representatives are valid for 90 days, unless extended otherwise in writing.

Prices

Prices are per unit unless otherwise noted. Prices may change without prior notice. All prices are F.O.B. factory.

Manufacturing

Periodically, we make changes to existing product designs to improve the general construction of our product. In this event, product may vary slightly from catalog photography.

Material Samples

We make an effort to fill all sample orders promptly. Samples are supplied on firm orders only; must be paid for, and cannot be returned for credit.

Wood Finish Specifications

Wood (solid hardwood and veneers) are renewable resources and each section of the tree is unique. The color and grain pattern will vary, emphasizing the natural beauty of each product built. Wood is a natural material and accepts stain differently. LearningWorks cannot guarantee finished products to be exact matches to finish samples due to the natural characteristics of wood.

Hedberg Business System

(not supported at time of printing)

LearningWorks is supported through the Hedberg data system. The company code is SLS. The electronic catalog code is SPS. This system allows a dealer to specify and quote their project through their own business system. LearningWorks has an electronic linkage with the Hedberg business system, which allows for electronic transmission of orders, acknowledgments and invoices between the dealer and LearningWorks. This equates to efficiency, reduction of errors and accelerated acknowledgments.

Shipping Information

As a reminder, LearningWorks is a F.O.B. Factory. More than one item may be packed together for shipment and may be noted in the price list. LearningWorks reserves the right to change quantity packed without notice. The quantity packed is independent from price.

We offer three easy ways to handle freight charges:

1. LearningWorks zone pricing
2. LearningWorks freight quote
3. Customer Pickup: Normal delivery is on a dock to dock basis. Special requests such as "inside delivery," "call before," "guaranteed delivery," "blanket wrap," "lift gate or truck with ramp," etc., should be noted on the customer's purchase order and are subject to additional charges.

Minimum Orders: For orders less than \$1000 list, a min. \$150 freight charge will apply.

Guaranteed Freight Program

These freight rates are for a minimum order of \$4000 list. All others will be quoted on a per order basis. An order is defined as one shipment going to one place at one time.

The program is based upon the 48 contiguous states in North America. It has been divided into 4 zones. Rates may fluctuate during peak times.

Zone	% of list	Estimated Transit Time
Zone 1	4	1–2 days
Zone 2	6	2–3 days
Zone 3	8	3–4 days
Zone 4	10	4–5 days

Charges are for normal delivery only and do not include installation, inside delivery, uncartoning or removal of cartons. Carrier selection is determined by LearningWorks.

Additional Fees:

Call Before will be additional \$50

Guaranteed Delivery Time — between 8–5 PM an additional charge.

Expedited Freight: Call for quote

Expedited Delivery: Call for terms

Freight Claims

All of our shipments are F.O.B. factory. While we will do everything possible to ensure your order arrives in good condition and on time, we cannot be held responsible for freight damage or delays.

When you receive an order, please follow these few simple steps:

1. Thoroughly inspect all incoming orders before signing proof of delivery.
2. If an item has been freight damaged, it is important to note the damage on the delivery receipt.
3. Call the carrier immediately to request an inspection and freight claim instructions.
4. Claims for concealed damage must be filed with the carrier within 15 days of receipt.
5. If a shipment is received undamaged but is not what you ordered, call LearningWorks within five days of receipt.

Please note:

Refusal to accept an order from the carrier does not relieve you of responsibility for payment, and may incur additional charges.

Terms and Conditions

Net 30 from date of shipment, subject to credit department approval. There will be a service charge of 1 1/2% per month on all invoices past due. In the event LearningWorks must use any collection agency, attorney or courts to effect collection, purchaser agrees to pay all reasonable and actual collection agency fees, attorney fees and court costs.

Taxes

LearningWorks requires a State Resale/Exemption Certificate on file in our main office. Sales made without a resale/exemption certificate will be charged the appropriate sales tax as required by law.

Shipments on Hold

Any shipment placed on hold, either by customer's request or due to balances owed, will be manufactured per the originally scheduled ship date. Storage charges will begin to accrue 7 days from that date. Any manufactured order held by our factory over 30 days will be billed and must be promptly paid even though shipment is held at factory at dealer's request. Any charges incurred by LearningWorks for C.O.D. fees, inside delivery, etc. will be invoiced to the customer.

Order Changes/ Cancellations

All changes to or cancellations of orders placed must be in writing and sent to LearningWorks. Orders may be changed or cancelled without penalty if LearningWorks is notified at least four weeks before the scheduled ship date. All order changes or cancellations made less than four weeks before the scheduled ship date will incur a minimum change/cancellation fee of 15% of net. Irrespective of when notified, changes or cancellations are not binding upon LearningWorks until LearningWorks issues a written acknowledgment of the change or cancellation. Order changes are defined as the deletion of line items or change in style, color, quantity, or ship-to-address. Order changes that result in a quantity reduction may be subject to an additional small order handling fee.

Cancellation & Changes to acknowledged orders are subject to cancellation/change fees. Orders for "special" items are not subject to change or cancellation after acknowledgment. Once production of a "special" item has begun, cancellation of order is subject to LearningWorks approval. A 15% surcharge will be assessed to approved cancelled items. All returned shipments are subject to a handling charge of 25% plus all transportation charges. Delivery date could be impacted by order change.

Complete Purchase Order

Purchase orders must include the following information

Sold to including:

name/address/telephone/email/contact person/fax

Ship to including:

name/address/telephone/email/contact person/fax

- Order date
- Delivery date

- Discount
- Quantity
- Full model numbers & finish
- Total, either list or net
- Specials; customer must sign off on purchase order.

Storage

If a customer is unable to accept a scheduled product delivery, LearningWorks, if notified before the product is placed with a carrier, shall store the product at the customer's expense. LearningWorks shall invoice the customer for the product and monthly storage fees. If a customer is unable to accept a scheduled product upon delivery, customer shall be responsible for placing the product in storage and bears the risk of loss. However, payment of the balance due is Net 30 from date of shipment.

Return Authorization for Unused Product

All returns are subject to a thirty percent (30%) restocking fee. The customer must request a Return Authorization Number through LearningWorks within 90 days of product receipt to return any unused product. If LearningWorks agrees to repurchase the product, the customer must return it freight prepaid to LearningWorks, F.O.B. the original shipping point or as otherwise instructed by LearningWorks. If product is returned without a Return Authorization Number, LearningWorks will notify the customer of the unauthorized return and the customer must provide instructions for its disposition within one week. Failure of the customer to respond within one week will result in LearningWorks' right to dispose of the product with no credit for the return. The customer must promptly provide a purchase order or other acceptance of fees/credit reduction as required.

Customer's Own Material

Contact customer service at 616.451.7800 for inquiries regarding COM and/or to submit samples, including repeat information. The COM must be approved prior to order fulfillment. Contact us for logistical details.

Submitting COM

Reference PO# on all COMs

- For all COMs, please attach a sample of the COM, include all information and send it to LearningWorks for testing and approval. Please include all specifications regarding COM.
- LearningWorks will notify customer of COM approval

Upon COM approval, send purchase order to LearningWorks:

1. Purchase orders must include clearly defined COM information including name, color, description, and supplier company name.
2. Orders requesting COM will be placed on "Manufacturing Schedule hold" until the COM is received.
3. Upon receipt of COM, the order will be released into production and given a normal lead time.

All COM received at LearningWorks must include the following information:

1. Customer's name, address, and phone number
2. Purchase order number
3. LearningWorks number
4. Any special instructions for application
5. Any flaws in COM must be clearly indicated.

LearningWorks is not responsible for COM submitted to us beyond the required amount. Excess COM will be held in house for 60 days and will be discarded after that time period. If a customer requires the COM excess yardage returned, they must contact Customer Service at LearningWorks to make arrangements. The customer will be responsible for delivery charges.

LearningWorks can buy your COM! Please contact Customer Service to discuss your request.

Installation

We have a professional team of product installers available upon request.

LearningWorks Warranty

LearningWorks extends to the original purchaser, from the date of purchase, a 15-year limited warranty against manufacturing defects in material and workmanship for LearningWorks products purchased from and installed exclusively by LearningWorks or a factory authorized installation company. The warranty does not apply to any product that is misused, neglected, modified or used in a manner other than its intent.

Product purchased from LearningWorks and installed by other than the aforementioned will carry a 15-year limited warranty for materials only.

LearningWorks products with non-laminate finishes have a one year limited warranty. If these products are installed by other than the aforementioned, the one-year limited warranty applies to materials only.

LearningWorks will repair or replace, at its discretion, product found to be defective in workmanship or materials.

This warranty replaces all other warranties, expressed or implied, and we neither assume nor authorize any person to assume for us any obligation of liability in connection with our furniture.

No salesperson or representative has the authority to change or alter any provisions or prices as noted on these pages.

LearningWorks is a StelterPartners company.

Note: Warranty may be voided if proper maintenance procedures are not followed.

LearningWorks is one of an integrated team of StelterPartners companies that includes SpaceWorks™, PartnerStudio™, and WorkSphere™.

These companies are united in a common mission to provide affordable products that are well designed and that are supported with outstanding service. We believe that traditional business objectives and social and environmental responsibilities must work together to maximize the benefit to all stakeholders.

We are also committed to maintaining strong partnerships with our product designers, the architectural and design communities, our suppliers, and our dealers.

AFFORDABILITY.DESIGN.SERVICE

Just a Ring Away

Typically, nineteenth-century students played games and socialized outside the school in the morning. Unless the school had a bell tower, the teacher would stand at the door and ring a hand bell when it was time for school to commence in the morning or after a recess. Students needed to be within earshot to hear the bell, or otherwise risk punishment for tardiness.
