

NEW JERSEY TURNPIKE AUTHORITY  
ANNUAL REQUEST FOR QUALIFICATIONS

During the course of the year, the Authority expects to engage engineering and architectural firms to provide professional services for capital construction and transportation planning projects. Through this advertisement, qualified firms are invited to express their interest in furnishing services to the Authority.

The Authority anticipates requesting separate from this advertisement, Expressions of Interest and Proposals for the following types of services: final design and contract document preparation for roadway, structural, environmental (including remediation) and facility projects; construction inspection; material testing; surveying; corridor and preliminary alignment studies; preparation of environmental assessments and impact statements; seismic risk and vulnerability investigations; traffic engineering; and structural integrity inspections. Requests for Expressions of Interest may be obtained on the Authority's Web Site ([www.state.nj.us/turnpike](http://www.state.nj.us/turnpike)) under the location entitled "Professional Services".

To be included among the firms to be considered for projects as they are initiated during the current year, it is necessary that a firm have on file with the Authority, a current (not older than 24 months) Professional Services Prequalification Questionnaire, and those who do, will be considered as having expressed their interest in furnishing these services to the Authority. Those who do not, may obtain this form on the Authority's Web Site ([www.state.nj.us/turnpike](http://www.state.nj.us/turnpike)) under the location entitled "Professional Services" or by request in writing to:
