Managing Deer in Suburban and Agricultural Landscapes in New Jersey

A Workshop for Municipal and County Governments, and Farmers

Rutgers EcoComplex, Burlington County

www.ecocomplex.Rutgers.edu

Monday, March 19, 2018 from 9:30am - 3:30pm

This FREE workshop will present examples and case studies from landowners/managers who have implemented successful deer management plans. Learn from the experience of others, while considering common obstacles. Know what tools are available for your specific situation.

Open to all municipal and county administration /elected officials, and managers or farmers of agricultural lands.

Must RSVP** to Shelley Coltrain by March 5, 2018 at Shelley.Coltrain@dep.nj.gov or 609-292-6685

Spots are first come/first serve.

** registered participants will receive detailed directions and agenda.

Presented by New Jersey Division of Fish & Wildlife in partnership with New Jersey Audubon Society.
