MOTION OF THE INDEPENDENT MARKET MONITOR FOR PJM

Monitoring Analytics, LLC, acting in its capacity as the Independent Market Monitor (“Market Monitor”) for PJM Interconnection, L.L.C. (“PJM”), submits this request to participate in the review of applications for the second three year eligibility period of the Zero Emission Certificates (“ZECs”) program and requests access to information submitted on a confidential basis in this proceeding.

The Market Monitor received confidential information during the prior applications process that it used to prepare an analysis of the applications received in the first three-year eligibility period of the ZEC program. By order issued in this proceeding November 19, 2018, the Board granted the Market Monitor’s motion to intervene and request for access to confidential information stating (at 14):

[T]he Board FINDS that the IMM’s participation in this proceeding will add measurably and constructively to the scope of this proceeding. Given its unique familiarity, knowledge, and expertise in the functioning of PJM wholesale electric markets, the Board HEREBY FINDS that the IMM’s ability to contribute to a complete and thorough review of financial information submitted by applicants would significantly and substantially contribute to the Board’s understanding and determination of issues in this proceeding.

The Market Monitor requests the same access to confidential information in this proceeding as granted by the BPU in the prior proceeding in order to prepare and provide

a similar analysis in the review of applications for the second three-year eligibility period of the ZECs program

The Market Monitor respectfully requests that the Board grant this motion.

Respectfully submitted,
/s/ Michael J. Ash
