IN THE MATTER OF THE PETITION OF SOUTH )  
JERSEY GAS COMPANY FOR APPROVAL OF A ) DECISION AND ORDER  
MUNICIPAL CONSENT IN THE BOROUGH OF )  
PITMAN, GLOUCESTER COUNTY, NEW JERSEY ) DOCKET NO. GE14040363

**Parties of Record:**

**Stacy A. Mitchell, Esq.**, Cozen O'Connor, P.C. on behalf of Petitioner, South Jersey Gas Company  
**Stefanie A. Brand, Esq.**, Director, Division of Rate Counsel

**BY THE BOARD:**

South Jersey Gas Company ("SJG" or "Company"), a regulated utility subject to the jurisdiction of the Board of Public Utilities ("Board"), is a corporation duly organized under the laws of the State of New Jersey engaged in the business of transmission and distribution of natural gas to approximately 360,000 customers within its service territory.

SJG currently provides natural gas service within the Borough of Pitman ("Borough") to approximately 3,053 residential, 199 commercial and nine (9) industrial customers. The Company's consent to use the streets within the Borough for the provision of gas service expired on September 22, 1997.<sup>1</sup> On February 24, 2014, the Borough adopted Ordinance No. 6, 2014, by which it renewed its consent and granted SJG continued permission to lay and construct its pipes and mains and related appurtenances and facilities within the streets, alleys, squares and public places within the Borough for a period of fifty (50) years. By letter dated March 13, 2014, the Company accepted and agreed to the terms of the consent. Copies of the Ordinance and the letter of acceptance are attached to this Order as Exhibits "A" and "B," respectively.

On April 15, 2014, pursuant to N.J.S.A. 48:2-14 and N.J.A.C. 14:1-5.5, SJG filed a petition requesting that this Board give its approval to the consent adopted by the Borough. As required

<sup>1</sup> The Board notes that municipal consents often expire some time prior to their renewal even when the Company initiates the renewal process prior to the expiration of the previous term. This is primarily the result of the time necessary for a municipality to fulfill the legal requirements that attend to all formal actions it must take along with the additional time for hearing and Board approval as required by law. The Board has been assured that pending review of its petition, SJG has continued to provide service to its customers within the Borough in an uninterrupted manner.

by law and after notice, a hearing in this matter was held on June 26, 2014, before William Agee, Esq., the Board's duly appointed Hearing Examiner. Appearances were made on behalf of the Company, the Division of Rate Counsel ("Rate Counsel") and Board Staff. No other party participated in the hearing or filed any written submission with the Board related to this proceeding.

At hearing, the Company relied on its petition and exhibits filed with the Board and presented the testimony of Joseph Schneider, its General Manager of System Engineering and Planning. According to Mr. Schneider's testimony, SJG anticipates growth in its defined service territory to be approximately one (1) percent annually for the next three (3) to five (5) years. According to the Company, it has the capacity to ensure continuation of its natural gas service and does not foresee any concerns regarding its ability to meet the existing and future demands of the Borough.

Rate Counsel, in its written comments to the petition dated August 11, 2014, indicated that it does not object to the Company's petition, and noted that the term of the municipal consent related to the use of streets is limited to fifty (50) years. However, Rate Counsel requests that approval of the petition include certain restrictions which are incorporated into this order.

Following its receipt of Rate Counsel's comments, SJG filed correspondence with the Board on August 12, 2014 indicating that it had no additional comments.

After a full review of the entire record, the Board **HEREBY FINDS** that the municipal consent for use of the streets, which is the subject of this matter, is necessary and proper for the public convenience and properly conserves the public interest, and that SJG has the ability to provide safe, adequate and proper service. The Board **FURTHER FINDS** that the Company has the necessary experience, financial capability, capacity and facilities in the Borough to continue to provide adequate and appropriate service to its existing customers as well as expected future customers, and that the fifty (50) year duration of the municipal consent to use the streets is consistent with N.J.S.A. 48:3-15. Accordingly, the Board, pursuant to N.J.S.A. 48:2-14, **HEREBY APPROVES** the consent granted to SJG by the Borough for the continued use of its public streets for a period of fifty (50) years for the provision of gas service in the Borough.

The approval granted hereinabove shall be subject to the following provisions:

1. This Order shall not be construed as directly or indirectly fixing for any purposes whatsoever the value of any tangible or intangible assets now owned or hereafter to be owned by SJG.
2. This Order shall not effect nor in any way limit the exercise of the authority of this Board of the State in any future petition or in any proceedings with respect to rates, franchises, services, financing, accounting, capitalization, depreciation, or in any other matters affecting SJG.
3. In an appropriate subsequent proceeding, SJG shall have the burden of demonstrating whether, and to what extent, any of the costs associated with this petition shall be allocated to ratepayers.
4. The rates for service to the Company's customers in the Borough shall continue to be those set out in the Company's current tariff approved by and on file with

the Board. These rates shall remain in effect until otherwise approved by the Board.

5. Approval of this municipal consent does not constitute Board approval of any costs or expenses associated with this petition. Any determination as to the appropriateness or reasonableness of the costs and expenses related to the ranchise, including but not limited to, cost of construction, contributions in aid of construction, depreciation on contributed plant, the cost of connection, or any related capital improvements, and the allocation of such costs and expenses, shall be made in an appropriate subsequent proceeding.
6. The term of the municipal consent as to the right to provide service is not limited by this Order and shall be effective as previously granted by the Borough.

This Order shall be effective as of October 10, 2014.
