And they were CERP, 7 into the bankruptcy. 8 Caesars Growth Partners, and CEOC, LLC. 8 So when Caesars emerged from bankruptcy, 9 9 these two other units, CGP and CERP were there. You know, historically, why are there 10 three instead of one? CERP, which Harrah's 10 They had their own credit or their own debt Atlantic City is one of the properties, and the 11 obligations. It had encountered no 11 12 other properties are Harrah's in Las Vegas, 12 difficulties, but they were at a higher rate of 13 Harrah's in Laughlin, Paris, and Rio. They 13 interest than what the market is now. So with 14 were at the time of the 2008 going-private 14 the emergence from bankruptcy, it was clear 15 transaction, financed through something called 15 that they could -- because CEOC, now the 16 collateralized mortgage-backed securities, CMBS 16 problem child of CEC -- had now reorganized. finance, which had a different term than the They could refinance this debt and realize 17 17 18 remainder of the approximately \$14 billion that 18 substantial savings. All right? 19 was borrowed at that time. And when they were 19 And if you were recall, Mr. Hession 20 20 testified here. He talked about the fact that to be refinanced, CMBS market had collapsed. there were substantial other savings that could 21 It collapsed shortly after they were financed. 21 22 22 And so they were financed conventionally. But be realized. These were those savings. 23 they were taken as a unit to be a credit, to be 23 So how do you do it? You do it by 24 24 financed to take the CMBS financing and put taking these two units, which literally both 25 25 into a company called CERP that was wholly hold the same kind of assets, and you put them 23 25 1 ITEM NO. 9 1 ITEM NO. 9 2 owned by Caesars. So they've always stood 2 together into one company which is separate 3 alone because they had that financing. 3 from CEOC because it's not involved with any of 4 CEOC -- you've heard the long and 4 the REIT or any of those particular properties. 5 tortured history and you sat through it. CAC 5 But their own properties plus CIE, plus was a company which was created, Caesars 6 6 assorted other things that Caesars owns like, 7 Acquisition Corporation. And it operated 7 you know, Summerall Land, airplane hangars. 8 8 through something called Caesars Growth And then you put them together and then 9 Partners. And in transactions which were part 9 refinance the existing debt. 10 of the runway that was created to try to work 10 Well, the first step in that is to find 11 through the CEOC debt, properties were sold by 11 out what are you going to refinance the 12 CEOC, then CEOC, to Caesars Growth Partners 12 existing debt for. And that's what Eric talked 13 through a company called CGPH, Caesars Growth 13 about. He said there would be substantial 14 Partners Holdings. That cash which was at CGP 14 savings. What they are is \$140-some-million a 15 year in interest expenses. So how do you do 15 was then the cash that went over to CEOC to 16 fund operations. And as you know what was 16 that? Well, you have to put together that kind 17 going on, which was the ever-increasing 17 of credit or that unit that will borrow the 18 interest expense against certain declining 18 money. And the way to do that, the easiest and 19 19 operating results. So those properties, which most efficient way, was to move one into the 20 are Planet Hollywood, The Ling, Bally's Las 20 other. And for a lot of reasons, including tax 21 Vegas, Cromwell, and Harrah's New Orleans were 21 reasons and the way that the companies were set 22 in that credit or that unit which was owned by 22 up, it was to take CERP which holds Harrah's 23 Caesars Acquisition, which was a separate 23 Atlantic City and merge it into CGP, Caesars 24 public company. 24 Growth Partners unit. And they merged into one 25 That company also owns CIE. And at that 25 of the those units, which is CGPH, Caesars

26 28 1 ITEM NO. 9 1 ITEM NO. 9 2 2 Growth Partners Holdings. That's the one which CIE over here. Comes together right there. So 3 already owned all the real estate, kind of 3 it's the same. In fact, it's the same entity. You just have one intermediary holding company, 4 operating casino assets, and is wholly-owned by 5 5 Caesars Growth. Caesars Growth owns that and CGP, and another CEOC, LLC, instead of having 6 CIE. So they are merged together. When they 6 7 7 are merged together, those two units together There's one other anomaly which is 8 become -- we have to give it a name. God 8 something called FinCo, which is CRC FinCo. As 9 9 forbid, we use the same names; right? So it's you've probably gathered, we've already 10 called Caesars Resorts Collection. 10 borrowed this money. This money is sitting in 11 CHAIR LEVINSON: Say it again? 11 something called Caesars Escrow which is what's 12 MR. O'GARA: Caesars Resorts Collection. 12 worked in. And that's a convention that's 13 CHAIR LEVINSON: Right. 13 available to some borrowers and not others. 14 MR. O'GARA: We're done with G's and 14 There's two ways you can borrow several 15 P's. We're into R's now. 15 billion dollars, apparently. One is you can 16 So that unit will now go out and borrow 16 get a commitment, pay a commitment fee, and 17 virtually the same amount of money but pay \$145 17 then pay certain ticking fees until you draw 18 million less a year for the use of that money. 18 down. The other is you can actually borrow the 19 So that's what we're asking you to approve, in 19 money, place it into an escrow company. And 20 a short form. 20 that's what the money is doing here. And it's 21 I mean, and what's involved? What's 21 Caesars Escrow Borrower or Holdings, LLC, and 22 involved is that Harrah's Atlantic City, which 22 FinCo. And the reason you have a FinCo is that 23 previously had as its holding company CERP, in 23 they want a corporate guarantor when they lend 24 the CERP chain, will now have CGP and CGPH as 24 the money. They want it in an entity other 25 its holding companies. They're already 25 than an LLC. 27 29 1 ITEM NO. 9 1 ITEM NO. 9 2 qualified companies because they already own 2 When this is consummated, that will 3 CIE. So it's just the approval of them to own 3 simply be merged in so that that money will 4 Harrah's which is being merged into CGP. 4 then go to CGP, and CGP will take that money 5 5 and pay off all of the existing debt of CERP So when this is done, in short form, you 6 take the charts that you have that show Caesars 6 and CGP. So that they'll be the one remaining 7 with three branches coming off its tree, and 7 tranche of debt which realizes the \$145 million 8 8 you rip off the CERP branch and just tape it to in interest savings. 9 the bottom of the CPG branch, and that's really 9 You don't actually pay interest on two 10 what occurred. 10 loans at one time, because instead of a 11 CHAIR LEVINSON: It's that easy, huh? 11 commitment fee, you pay a ticking fee. And the 12 MR. O'GARA: Exactly. 12 ticking fee on the escrow is less than the 13 13 (Laughter.) escrow and a ticking fee together would be. So MR. O'GARA: Or you can do it -- you 14 14 you're not paying the interest until a certain 15 know, you can do that -- you can take and play 15 date. They have certain benchmarks. And those 16 with the Power Point thing and move the boxes 16 dates -- I believe November 1st the ticking fee 17 17 started, which is rather -- it's not anything 18 Why does it go to CGPH instead of just 18 like the actual rate. And then at some point 19 19 to CGP? Number one, because if you've seen any in late November, scheduled against the date 20 decks from PriceWaterHouse, which they are the 20 they'll get the regulatory approval in Nevada, 21 21 yellow and orange series of decks, you have to which is based on the date of their meeting. 22 stay yellow or you have to stay orange for tax 22 Usually the meetings in Nevada and New Jersey 23 reasons when you bring certain classes of 23 are about ten days apart. It happens they're 24 assets together. But CPGH is simply CGP owning 24 17 days apart this time because they're earlier 25 real property and casinos over here and owning 25 in New Jersey. And then that borrowing will

30 32 1 ITEM NO. 9 1 ITEM NO. 9 occur. So FinCo comes over, but it's still 2 2 there's the CIE companies, which are owned 3 3 the -- you know, the initial finance company. identically, and CIE NJ who operates the 4 And that's why it's been qualified as an 4 internet -- they're the internet affiliate that 5 5 initial qualifier. FinCo, like everything else operates under the Caesars permit. They 6 in Caesars convention of not actually operating 6 operate the Real Money Poker in Nevada. And 7 7 companies, has that same group of officers. then there's a series of other CIE entities, 8 That would be Mark Frissora and Eric Hession. 8 which are not active entities right now. They 9 9 And Eric is also the secretary. are development entities for, you know, other 10 10 social gaming opportunities or things. And So that's essentially what it is. I then there's some disregarded entities, which 11 mean, if you have specific questions about 11 12 numbers or how it moves, I'll be glad to answer 12 historically had some function, Chairman, and 13 them. But I think that's kind of an 13 no longer do. 14 explanation why and historically having got 14 And when companies -- dormant companies 15 to -- it couldn't be done at the time we did 15 are dissolved, is determined largely by, are 16 the reorganization because until CAC, which 16 they necessary for the tax structure to works into CEC, CGP was owned by a separate 17 17 prevent -- to preserve concern accounting 18 public company. It couldn't transfer it over. 18 conventions which allow -- and that's why, if 19 So it couldn't happen. And this is relatively 19 you saw the big chart, there's all these 20 quickly after -- if you consider October 6th is 20 companies. Like they still go back to London 21 the date that we consummated it, we're talking 21 Clubs. There's some companies Bill Harrah 22 about doing this in November. It's about as 22 formed. 23 fast as you can do it after consummating it. 23 CHAIR LEVINSON: Right. So basically 24 24 Obviously, it would have been easier to do it, with this petition and the merger, it's the 25 but we had two different ownership chains at 25 Caesars Growth Partner, LLC, is literally 31 33 1 ITEM NO. 9 1 ITEM NO. 9 2 the top at the time we did the reorganization. 2 coming out of this deal. 3 So if you have any questions, I'll try 3 MR. O'GARA: No. Caesars --4 4 to answer them. CHAIR LEVINSON: It shows, if I'm 5 CHAIR LEVINSON: So with are the Caesars 5 looking at the chart -- that's what why I was 6 6 confused. Looking at the chart, it shows it as Report Collections --7 7 (There was a cell phone interruption.) a disregarded entity underneath Caesars. 8 CHAIR LEVINSON: -- in that last chart, 8 MR. O'GARA: As a disregarded tax 9 you talk about disregarded entities? 9 entity. 10 Corporations? 10 CHAIR LEVINSON: Tax entity. Okay. 11 MR. O'GARA: That's for tax reasons. 11 That's fine. 12 CHAIR LEVINSON: Right. So those are 12 MR. O'GARA: It's still -- Caesars 13 13 going away? Growth Partners is, in fact, an owner. 14 MR. O'GARA: Yeah. 14 CHAIR LEVINSON: That's what I --15 MR. O'GARA: And CPGH owns the casino 15 CHAIR LEVINSON: In terms -- in terms of 16 the Resorts Collection. 16 side and then directly to CIE. But what's 17 MR. O'GARA: Yes. What will -- in terms 17 going away is CERP. And what's going away is 18 of regulated operating companies in all the 18 being merged and into. So the surviving entity 19 19 states where they do business -- and it's is CPGH. 20 Nevada, New Jersey, and Louisiana -- I think is 20 CHAIR LEVINSON: Okay. Commissioners, where CRC or CERP both kind of interface with 21 21 any questions on this? 22 VICE CHAIR HARRINGTON: I do. And you CEC. They'll be the operating casino 22 23 companies, land-based casino companies, which 23 may have answered some of it. But first, Mr. 24 in this case include Harrah's Atlantic City 24 O'Gara, may I say, we never think that you're 25 owned by CPGH. And over on the other side, 25 done with them. You just seem to keep circling

34 36 1 ITEM NO. 9 1 ITEM NO. 9 2 2 already there to move over. The escrow will back. 3 3 break. The money flows it. MR. O'GARA: Yes. VICE CHAIR HARRINGTON: Thank you. 4 VICE CHAIR HARRINGTON: So. 4 5 5 MR. O'GARA: There may be one more Because another question was does -- is this 6 little one we do. 6 dependent on other states' approval as with the 7 7 CHAIR LEVINSON: I'm sure. last petition? 8 VICE CHAIR HARRINGTON: See? 8 MR. O'GARA: Yeah. Two. 9 9 VICE CHAIR HARRINGTON: I'm sorry? So late November is the time frame for 10 10 MR. O'GARA: Two. Louisiana and Nevada. this action? 11 VICE CHAIR HARRINGTON: All right. Are 11 MR. O'GARA: Well, yeah. It's -- what 12 will determine it is that in New Jersey -- you 12 there -- you talked about the numbers. Are 13 there any redactions that we should be aware of 13 know, we have two sets of approvals. One of 14 them are these approvals about the structural 14 15 merger. The other is for the borrowing itself, 15 MR. O'GARA: In the report that was 16 the material debt approval. 16 rendered to you, no. We have publicly --17 VICE CHAIR HARRINGTON: Okay. VICE CHAIR HARRINGTON: Uh-hum. 17 18 18 MR. O'GARA: And we have the material MR. O'GARA: -- in -- in the Division 19 debt approval. The Director granted that 19 reports, there are certain things about the 20 20 yesterday. If you look at the regulations, interest which I sent to Miss Berman this 21 it's one in which technically it was required, 21 morning. But, no. This has been a rather 22 22 but if you look at the spirit of the regulation public process. I mean, whether we chose to or 23 which is, are going to be more financially --23 not, the contents of our little closet, we're 24 open, and you know, everybody knew that they 24 are you going to be better off than you were? 25 25 Is there any improvement. \$145 million is a owed \$18 billion. I mean, they probably --35 37 1 ITEM NO. 9 1 ITEM NO. 9 2 lot of money to save in interest expense. 2 even though everybody on the board who voted 3 VICE CHAIR HARRINGTON: Uh-hum. 3 for what? I mean, there was a large report 4 about this. And there's an 8-K which has been 4 MR. O'GARA: In Nevada and Louisiana, 5 5 filed, which gives the same information but they don't require those financial approvals. They operate by what's called a "shelf," which 6 6 just gives the ranges of interest. And I think 7 is Caesars Entertainment Corporation is 7 that the public has been 140 to \$146 million. 8 8 approved to have \$15.3 billion in Nevada of I think it comes out at 145.1. 9 debt. So any affiliate can borrow until they 9 VICE CHAIR HARRINGTON: Okay. Something 10 reach the shelf limit of 15.3, and then they 10 we have is like 147, 148. 11 have to go back. The way they do the shelf is 11 But then, finally, so if you're saving 12 they look at the overall stability of the 12 all this money, will there be more capital 13 enterprises and see how much room is there. 13 expenditures in the future? 14 And there are certain restrictions, interest 14 MR. O'GARA: I know you're going to say 15 rate spreads and those kind of thing. But they 15 that. 16 likewise involve, you know, regulated companies 16 VICE CHAIR HARRINGTON: Well, there --17 being merged and changes of ownership of those. 17 (Laughter.) 18 So in Nevada, they will do them -- I 18 MR. O'GARA: You know, I -- when he 19 think next week is the board, and then the 17th 19 testified here, I -- you know, I'll give you my 20 is the -- or 18th is the Commission, which has 20 own impression. You could care less what I 21 to ratify that approval. And Louisiana is the 21 think. But I -- Eric Hession was very honest 22 16th. Assuming that all happens as scheduled, 22 about what he said. He talked about how he 23 one would assume this would close, you know, 24 23 does this. Yeah. What does it mean? It means 24 hours later. Because it only just has to be 24 that if Caesars saves \$145 million a year, and 25 the actual merger documents. The money's 25 it clearly saves a hundred of millions of

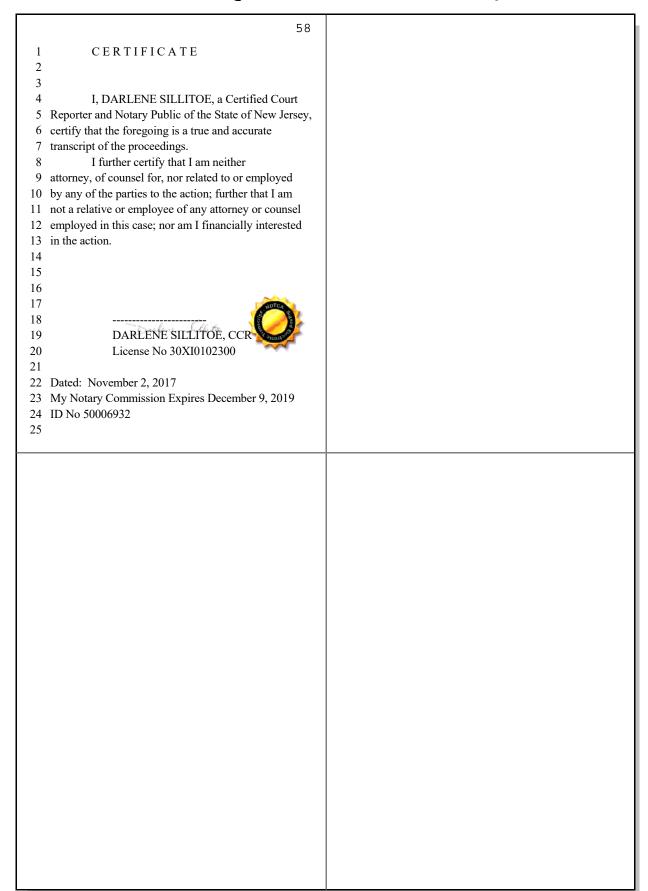

38 40 1 ITEM NO. 9 1 ITEM NO. 9 2 dollars in interest expense that they couldn't 2 MR. O'GARA: And one of things -- and I 3 3 afford, quite frankly, and with another know because I talked to someone. They just 4 transaction that we're going to do, which is 4 passed a law in Pennsylvania which effects how 5 5 going to put Chester into CEOC, it will save, anybody decides how to deploy capital here. I 6 like, \$20 million. There's money -- and assume 6 mean, I was thinking of buying a Wawa, putting 7 7 some gravel down, getting some slot machines that the business grows and continues to grow, 8 and it's growing more rapidly in Nevada than 8 in, and selling some diesel. I mean, there are 9 9 anywhere else. There's more money to the opportunities there. 10 10 enterprises. (Laughter.) 11 What does that mean? It means there's 11 MR. O'GARA: So all that will go in the 12 more money for, A, trying to find more 12 mix, and the changes in our market. But, yeah. 13 opportunity. Because this is a business in 13 It's more money. And I think that as you get 14 which you kind of have to grow if there's 14 the reports, you'll get that. You'll have the 15 opportunities. B, for this technology, which 15 answers to that as to how they made that 16 is cap ex, too. And I think Eric talked about 16 evaluation. But I anticipate there is going to be money that's going to be available 17 that, which is, you know, all these things 17 18 where you use these systems that make guests 18 enterprise wide. And if you look at the assets 19 move faster or give them a better experience. 19 that are in this borrowing and, you know, 20 there's substantial assets. So one would And, C, for things like rooms and all that. 20 21 Yeah. There's going to be more money. And the 21 assume some of that money is going to be 22 deployment will depend upon, you know, kind of 22 devoted here. Yeah. 23 the hurdles. And I think what Hession said was 23 VICE CHAIR HARRINGTON: Thank you. 24 that he saw returns on room improvements here 24 My final comment is that you just 25 25 that were very encouraging and were justified. indicated that materials came over this 39 41 1 ITEM NO. 9 1 ITEM NO. 9 2 How will it be spread? I mean, now 2 morning. I want to thank our staff for making 3 you'll have -- you know, they all three are in 3 all this available to us in a very accelerated 4 the mix. And, you know, that will be part of 4 way. It's a very complicated matter. And I 5 the mix. But, yeah, it should mean more money 5 think, you know, the CCC team did a great job 6 in being nimble and responsive. So thank you. enterprise wide. 6 7 Also be mindful, Commissioner, that the 7 CHAIR LEVINSON: I can also say --8 8 results of all of this restructuring and MR. O'GARA: I thank them and I thank 9 reorganization was that there's -- there are 9 Miss Berman as well. You know, I -- it's a lot 10 new shareholders. I'm led to believe that 10 of information and, you know, people are very 11 sometime today I'll know who the 20 largest 11 courteous in dealing with it in real time as we 12 shareholders are in Caesars. But they're 12 get it. And everyone, you know, tries to get largely institutions, and they were bondholders it done. I appreciate that. And I know that 13 13 14 in some cases. And they're looking for 14 the people in CEC do. I can tell you that. 15 stability and return on their investment. So, 15 You've seen them here, Eric and Tim do. 16 you know, there's not going to be, you know --16 Because we don't necessarily -- I mean, when 17 it's not one person who gets the -- you know, you deal with borrowings like this, one of the 17 18 makes them -- yeah, I really think it would be things that -- and one of the reasons why it's 18 a great idea to spend \$300 million in 19 19 not an escrow borrowing is, you know, you try 20 Indianapolis this year. 20 to capture rate. You you're trying to capture 21 VICE CHAIR HARRINGTON: Not 21 available money. You're trying -- I mean, you 22 Indianapolis. Atlantic City. 22 listen to people, and they will tell you that, 23 MR. O'GARA: Well, yeah. I think all 23 oh, maybe they would have priced it differently 24 that will be evaluated. 24 if Wolf had signed the bill. I mean, you know, 25 VICE CHAIR HARRINGTON: Uh-hum. 25 really. So everybody's willingness to do that

42 44 1 ITEM NO. 9 1 ITEM NO. 9 2 and be cooperative. I spoke to Dianna last 2 to the Petition and set forth the reasons why 3 3 night. I spoke to her again this morning. I we recommend that Petitioner's request be speak to Joanne more than Joanne would like. 4 4 granted. 5 So we appreciate it, too. I mean, it sometimes 5 We also made one other request, and that 6 goes, unsaid, but we do. 6 had to do with CRC FinCo, which Mr. O'Gara 7 CHAIR LEVINSON: I'd also like to second 7 started to talk about. And there are three 8 that. I mean, the staff worked very hard. 8 entities that were created basically to --Q Commissioners, also. As Mr. Agnellini 20 this -- does this give Golden Nugget AC more of 21 mentioned, this is a corporate reorganization 21 an access to funding for capital projects 22 that goes hand in hand with a material debt 22 moving into a bigger -- I guess, shifting over 23 transaction, for which approval was requested 23 to the other side of the ledger, does it show 24 by the Division. The Director granted that 24 that Golden Nugget has more of a positive 25 relief on October 20th subject to a couple of 25 outlook on their property in AC? Can you just 51 53 1 ITEM NO. 10 1 ITEM NO. 10 2 requirements, one of which is the entities in 2 give me kind of information on that? 3 involved in this reorganization and before you 3 MR. So it will have access to additional 8 company Golden Nugget, LLC, will be transferred 8 lending capacity. Or borrowing capacity. As 9 under this realignment, reorganization, however 9 far as the outlook, I think it's -- I think 10 you want to term it, to be subsidiaries of 10 everyone's waiting to see -- between Golden Nugget, Inc. And the holding companies 11 11 Pennsylvania and the two properties north of 12 above that chain, as he mentioned, Landry's 12 here what -- how the market reacts to that 13 Gaming, Inc., Landry's Fertitta, Inc., Golden 13 before there's any tower conversations or 14 Landry's, Inc., and Golden Fertitta, Inc., as 14 things like that. And I've actually talked to 15 well as the ultimate parent company, Fertitta 15 the people at the property and kind of feel 16 Entertainment, Inc., which is an existing 16 them out on what and where they're going, what 17 entity qualifier and now has to transfer to 17 their considerations are. And I -- You know, 18 holding company status. For your consideration the last couple of years have kind of been in 18 19 today will be the holding companies in the new 19 flux. And everybody's sort of waiting. 20 chain of ownership for the Atlantic City 20 There's obviously money spent at the property. 21 21 Great property. You know, they've -- last year property. 22 Again, as mentioned, the only officers 22 they spent over \$7 million at that property on 23 and directors of these companies are Mr. 23 different projects. This year they're on track 24 Fertitta, Mr. Scheinthal, and Mr. Liem. They 24 to be over \$6 million. And so I really think 25 are already qualified by the Commission, and, 25 that it's -- they're invested in the property.
