How is Luxor 9 have at Luxor. regulated by the Securities and Exchange Commission? 10 My role at Luxor, I'm part of -- I would 10 A. Now, I think -- I think there are a few 11 say the senior operational team. There's a chief aspects to being an registered investment advisor. In 12 operating officer, a chief financial officer, and I'm the first place, you simply register as an advisor, 12 13 General Counsel, and I'm part of that leadership and its creation involves what's form ADV, which is a 14 group. publicly filed document which you need to file in 15 With respect to the nature of the GC 15 order to get your registration and then which you 16 role in investment management firm, I think you have a 16 maintain throughout the life of your life as an investment advisor. 17 significant regulatory aspect to it both with respect 17 18 to the Investment Advisers Act and the Federal 18 As an investment advisor, you also 19 securities laws. - 2 site and have full authority to go through your books
- 3 and records. So that's the regulatory side of Luxor.
- 4 Q. And from your perspective as the Chief
- 5 Compliance Officer, how do you interact with -- with
- 6 the rules and regulations that you have to follow?
- A. Right. So I think there are sort of
- 8 several layers of regulation, again, that you're
- 9 dealing with. And so one is the Investment Advisers
- 10 Act. Secondly, as an investor in securities, there
- 11 are various securities files you need to make when you
- 12 make significant decisions in companies, which happens
- 13 with Luxor periodically.
- 14 There's also the securities laws
- 15 relating to the offering of the investment funds,
- 16 which all of them are private placement basis, but
- 17 nevertheless there's a compliance aspect of that as
- 18 well.
- 19 And then again, the other legal aspects
- 20 relate more to the investments Luxor makes and it's
- 21 more transactional in nature.
- Q. And you have more than one fund;
- 23 correct? You have different kinds of funds?
- A. There is one -- right. There's several
- 25 investment strategies that are followed at the firm.

- 1 Nissim direct Schrier
- 2 then over time, the firm developed through the
- 3 establishment of a strong track record, it developed
- 4 more of a marketing and investor relations aspect into
- 5 a larger firm with a broad client base, both on the
- 6 institutional and private sides.
- 7 Q. Can you tell the Commission a little bit
- 8 about the management team at Luxor?
- 9 A. Sure. So there's the founder, Christian
- 10 Leone who remains as the CEO of the firm. There are
- 11 two other senior people, one of whom you'll hear, Mike
- 12 Conboy today, who joined the firm near to its
- 13 inception and is the senior person on the investment
- 14 side.
- There's also Adam Miller who is the
- 16 Chief Operating Officer and is a senior person on the
- 17 operational side of the firm. There's Virgil Alagon,
- 18 and he joined at the inception. Virgil Alagon has
- 19 been with the firm over ten years and currently
- 20 functioning as CFO of the firm. For the last several
- 21 years, I'm at the firm as the General Counsel. I've
- 22 been there since 2006.
- Q. Can you generally describe the nature of
- 24 the investments that Luxor invests in?
- 25 A. Sure. So going back -- I think if you

55

- Nissim direct Schrier
- 2 So there's what we call the core or main investment
- 3 strategy, and there is an onshore fund and an offshore
- 4 fund which are organized to follow that strategy.
- 5 There's also a third fund, which has one primary 6 investor, which basically runs in parallel with those.
- 7 In addition, we have a couple funds
- 8 which are more sector-focused or strategy focused, so
- 9 we have one that is a credit oriented vehicle. And we
- 10 have another that's more focused on the internet
- 11 software sectors of the firm. And then again, we have
- 12 the private equity type investments which are earlier
- 13 stage investments in private companies.
- 14 Q. When was Luxor founded?
- 15 A. Luxor was founded in 2002.
- 16 O. And how was it founded?
- 17 A. So it was originally founded by Mr.
- 18 Leone. He did it -- essentially he had some
- 19 experience -- he had experience as a trader and in the
- 20 business world as well. And he founded the firm with
- 21 his own capital and capital of friends and family.
- 22 Shortly after the fund launched, it
- 23 received a seed investment from a significant hedge
- 24 fund which gave it additional capital with which to
- 25 invest and to support its business operations. And

- 1 Nissim direct Schrier
- 2 want to describe what was going on, going back to the

57

- 3 notion that you're doing fundamental research and
- 4 trying to understand companies in great detail, I
- 5 think a few things flow from that. One is you're
- 6 investing in companies where you have very deep sector
- 7 expertise. So you're going to -- if you're going to
- 8 know the company, you're going to have to know its
- 9 industry very well. And so our investments tend to be
- 10 concentrated in the areas where our analysts have a
- 11 deep sector knowledge. We don't cover every single
- 12 sector that's out there, but there are sectors that
- 13 are fairly broad ranged which our analysts specialize
- 14 in and focus on.
- Two, I think because of the backgrounds
- 16 of our investment professionals and the type of
- 17 research we do, we're very comfortable investing
- 18 across the company's capital structure, so we have
- 19 both significant equity investments and debt
- 20 investments and convertible other instruments. And so
- 21 we'll look at opportunities across the whole spectrum,
- 22 firm's capital structure.
- 23 And I think third what's come across in
- 24 our investment approach is, because of our focus on
- 25 particular companies, we develop high conviction in

(609) 989-9199

5

- 1 Nissim direct Schrier
- 2 our investment ideas. And so we will take very
- 3 significant stakes in our -- not every single
- 4 portfolio position, but many of our portfolio
- 5 positions will be concentrated, either from the
- 6 perspective of funds having a significant portion of
- 7 its assets in the investment or owning a significant
- 8 portion of the portfolio company, whether on the
- 9 public side or on the private side.
- 10 Q. Who -- or how would you describe, I
- 11 guess, the investors that Luxor has? The persons who
- 12 invest in your company?
- 13 A. Right. So I mean, we've been down now
- 14 17 years, and our client based has developed over that
- 15 time. The majority of our money is now on the -- on
- 16 the corporation -- on the side of the pension funds,
- 17 endowments, foundations, nonprofits, so institutional
- 18 investors. And that would be the majority of the
- 19 money.

1

- And then we also have a high net worth
- 21 money as typical for hedge funds and private equity
- 22 funds, which includes a significant portion of capital
- 23 from the principals at the firm as well.
- Q. Regarding Luxor's investment in AC
- 25 Ocean, who would be the best person in your company to

- 1 Nissim cross Flaherty
- Q. Okay. So even though you are going to
- 3 be the holding company of the casino licensee, the
- 4 legal counsel or legal will not be under your purview?
 - A. We view this as a portfolio company.
- 6 And so portfolio companies have separate management,
- 7 you know, the CEO and whatnot. So my -- they would
- 8 not be reporting to me in terms of the legal counsel
- 9 level.
- 10 Q. Okay. In terms of your compliance
- 11 officer position with Luxor, are you aware of the
- 12 compliance reporting structure at Ocean? Or will you
- 13 be involved in that?
- 14 A. To date -- and Luxor hasn't taken a
- 15 management role in the company yet. I have not been
- 16 involved in that compliance structure. But again, we
- 17 lean toward research portfolio company, so to the
- 18 extent that's advantageous. We would be able to do
- 19 that.

25

- Q. But going forward when ICA is granted
- 21 and you can be involved in Ocean's operation, do you
- 22 intend to have any role with regard to their
- 23 compliance?
- A. It's not currently part of the plan.
 - Q. Okay. And so basically in light of

59

- Nissim cross Flaherty
- 2 talk about that investment?
- 3 A. Sure. Mike Conboy has had a key role
- 4 from the beginning and has been the lead analyst and
- 5 investment person on this transaction.
- 6 Q. Thank you.
- 7 MR. SCHRIER: That's all I have, Mr.
- 8 Chairman.
- 9 MS. FLAHERTY: Yes.
- 10 CROSS-EXAMINATION BY MS. FLAHERTY:
- 11 Q. Good morning Mr. Nissim. You are both
- 12 the General Counsel and Chief Compliance Officer at
- 13 Luxor. And in your role as General Counsel, will be
- 14 oversee legal matters affecting Ocean?
 - A. I would not be counsel for Ocean. So I
- 16 have been involved to date in Luxor transactions with
- 17 Ocean. So it was Luxor -- you know, as part -- I've
- 18 been involved in Luxor's licensure process in working
- 19 with Steve.

15

- Q. Uh-hum.
- A. And to the extent Luxor makes
- 22 investments in Ocean in convertible notes and demand
- 23 notes and the other instruments, I'm involved in those
- 24 transactions. I will not be involved in the casino
- 25 regulatory aspect of this investment.

- 1 Nissim cross Flaherty
 - 2 Ocean being a standalone casino hotel and your
 - 3 background is an investment firm rather than an entity

- 4 with casino gaming experience, you intend for it to
- 5 operate on its own with no involvement on the part of
- 6 Luxor as to legal and compliance matters?
- A. Again, I think we're a resource. But
- 8 the company -- Ocean would have its own -- as a
- 9 portfolio company, its own legal structure, its own
- 10 compliance structure.
- 11 Q. Right.
- 12 A. Only compliance team. And there isn't
- 13 an attempt to usurp that on Luxor's.
- 14 Q. I guess my question is this. Typically
- 15 in casino licensing structures, there's a holding
- 16 company and a licensee. And the holding company
- 17 usually when its in control, as you will be, will have
- 18 oversight, overview and, you know, responsibility with
- 19 regard to their operation. But because of the nature
- 20 of this matter, that will not be the case here?
- 21 A. I don't -- I'm sorry. So I shouldn't
- 22 say that we are stepping back from our oversight
- 23 function with respect to any part of the casino.
- 24 O. Okay
- A. Okay? And so I will be still be in

- 2 DIRECT EXAMINATION BY MR. SCHRIER:
- 3 Q. Good morning, Mr. Conboy.
- 4 A. Good morning.
- 5 Q. Can you please state the nature of the
- 6 role that you play with Luxor?
- A. With Luxor. So Yes. I am the -- I'm a
- 8 partner at Luxor, and I am currently the head of
- 9 research.
- 10 Q. And how long have you had that position?
- 11 A. I've been at the firm since 2003. That
- 12 was -- we formed a partnership, I'm not exactly sure,
- 13 to be honest -- probably in 2013-ish and Head of
- 14 Research was probably 2006.
- 15 Q. And what is the nature of your job with
- 16 Luxor?
- 17 A. So it's a mix of primary research on
- 18 companies such as Ocean. I am with specialization in
- 19 credit and debt instruments and also managing a pool
- 20 of analysts. I also sit on the risk committee at
- 21 Luxor.
- Q. Can you tell the Commissioners how Luxor
- 23 first became involved in investing in the AC Ocean?
- A. Sure. So in the summer of 2017, through
- 25 a friend of a friend of the firm, we were introduced

- 1 Conboy direct Schrier
- 2 casino.
- 3 So our first interest in the policy was
- 4 really just Mr. Deifik's personal assets and his
- 5 personal wealth, as well as understanding the casino
- 6 and because there was going to be -- as part of our
- 7 loan to Mr. Deifik, we were going to demand an equity
- 8 stake in the casino so we were trying to understand
- 9 the upside of the casino.
- 10 Around November, the loan part of that
- 11 transaction fell down, and so Mr. Deifik quickly
- 12 arranged some funding from JPMorgan, the current
- 13 lenders. Excuse me. And we filled in the rest.
- So but the -- it was an incomplete
- 15 capital raise in that it was enough to buy the casino
- 16 from Mr. Straub to fund three to four months of
- 17 operations and carry costs. Some longer lead time
- 18 capital items, but there was still more capital that
- 19 needed to go into -- into the business to support the
- 20 opening of the casino of which over the coming six
- 21 months, between January when we funded that first loan
- 22 to June when the property opened, the combination of

69

- 23 Luxor, Mr. Deifik, and JPMorgan contributed the
- 24 remainder of those funds that opened the casino in
- 25 June.

- Conboy direct Schrier
- to Mr. Deifik. At the time Mr. Deifik had an option
- 3 to purchase the AC Ocean from Mr. Straub that expired
- 4 on January 4th, 2018. The purchase price at the time
- 5 was \$200 million. I believe 10 million had already
- 6 been put down, so it was a \$190 million purchase
- 7 price.
- 8 And so Mr. Deifik was out trying to
- 9 raise capital, not only for the remainder of that
- 10 purchase price, but also to fund capital programs and
- 11 the necessary working capital to open the casino,
- 12 among which was the reserves mandatory -- regulatory
- 13 reserves and various startup costs.
- And so the total number was around \$375
- 15 million that Mr. Deifik was trying to raise at the
- 16 time. When he approached us in the summer of 2017, he
- 17 believed he had around 250 to \$275 million spoken for
- 18 from -- from lenders, syndicated from some of the
- 19 investment banks so from the time -- he was trying to
- 20 fill the rest of the purchase price by capital
- 21 contributions of his own. And the way he planned to
- 22 do that is take a loan against his personal assets,
- 23 and then contribute those proceeds down to the
- 24 property as equity. So he came to us to consider
- 25 lending him personal money to investment in the

- 1 Conboy direct Schrier
 - 2 Q. So after that initial investment, what
 - 3 did you see transpire with the property with regard to
 - 4 your investment deal?
 - 5 A. Yeah. So at the time we were -- we were
 - 6 fairly removed from the property. We were lenders to
 - 7 Mr. Deifik personally. We were not lenders at the
 - 8 property level, and we were nonlicensed equity owners
 - 9 with information rights. So I think we saw what --
 - 10 you know, most people saw, which was a slow start.
 - 11 And while the company was cash flow break-even, making
 - 12 a little bit of money in the summer, the trajectory
 - 13 for the slower months was not -- not good. And so,
 - 14 you know, we spent a lot of time in the third quarter
 - 15 of '18 trying to convince Mr. Deifik to raise outside
 - 16 capital to support what we suspected was going to be a
 - 17 liquidity issue going forward. He was very optimistic
 - 18 about that. And so he spent a lot of efforts trying
 - 19 to raise that capital. Unfortunately for him, he had 20 to raise the capital at such a -- such a high price to

 - 21 avoid dilution and personal insolvency, so it became 22 difficult. So despite we saw the writing on the wall
 - 23 in October time frame that this was going to need
 - 24 significant liquidity injection and some sort of
 - 25 restructuring, he was not incentivized to hear that

- 1 Conboy direct Schrier
- 2 until we kind of ran up against a wall. So there was
- 3 nothing as lenders we really could do about that. So
- 4 we had to take it to the brink, and we did in
- 5 December.
- 6 And then I think when it was obvious
- 7 that at that point that the liquidity wasn't coming
- 8 from a third party. We all got very serious and
- 9 negotiated a quite tenuous and complex out-of-court
- 10 restructuring, which the Commission is probably aware
- 11 of.
- 12 Q. Right. So that then resulted in the
- 13 Divestiture Trust that was approved in February of
- 14 2018 by the Commission; correct?
- 15 A. Correct.
- Q. At that point in time, what did Luxor do
- 17 as part of that process?
- 18 A. Of the Divestiture Trust?
- 19 Q. The Divestiture Trust Fund. Yes.
- A. In terms of the actual -- the actual
- 21 Divestiture Trust Fund?
- 22 Q. Yeah. Obviously, you had --
- A. Yeah.
- Q. You said you got to the brink --
- 25 A. Yeah

1

4

- 1 Conboy direct Schrier
- 2 Q. In addition to the funding that you
- 3 talked about since February, what other kinds of
- 4 interaction have you had with AC Ocean?
- 5 A. Yeah. So we receive daily operating
- 6 reports, which are kind of the life -- lifeblood of
- 7 the company. We see on a daily basis how everything
- 8 is going. We see occupancy reports, cash management
- 9 reports. Mostly all the financial reports that are --
- 10 financial operating reports that are critical, we
- 11 review those on a -- as they come basis.
- 12 Our interaction with management has been
- 13 through the Trustee per the condition, so we've had
- 14 frequent interaction with Mr. Matejevich. Weekly
- 15 calls with the management team more frequent than
- 16 that, probably with Mr. Matejevich and to the extent
- 17 there's been -- you know, senior management, very
- 18 senior management additions, we've -- we've been asked
- 19 to join those interview processes.
- Q. So with the interaction that you've seen
- 21 and with your investment, how would you say AC Ocean
- 22 has done since February when the Divestiture Trust was
- 23 put in place and you infused some funds to the
- 24 property?
- A. Yeah. I would say that the projections

71

- Conboy direct Schrier
- Q. -- and then something had to change. So
- 3 my question is really what has changed?
 - A. Right.
- 5 Q. And what did you offer to do?
- 6 A. Right.
- 7 Q. And what role did you play?
- 8 A. I think Miss Flaherty hit a lot on all
- 9 of this, but just as a reminder Luxor committed \$20
- 10 million of convertible notes -- mandatory convertible
- 11 notes that were introduced into Trust and \$5 million
- 12 very shortly thereafter, for a total of \$25 million.
- 13 Those were really just designed to get the reserve14 levels back in compliance, for the most part. So most
- 15 of that -- almost the entirety of that money was used
- 16 for that. We also purchased \$50 million of lenders'
- 17 debt and then subordinated that debt and so they had
- 18 \$175 million of debt. We bought 50 million of it, and
- 19 then made that the bottom \$50 million junior to that.
- 20 So from their perspective, they moved up and in the
- 21 capital structure.
- Since then we have -- largely to address
- 23 the payables issue, which was previously spoken about,
- 24 we've contributed \$20 million of additional funding
- 25 between the Divestiture Trust hearing and today.

- 1 Conboy direct Schrier
- 2 that were submitted to the Division were management's

- 3 projections. Luxor had its own kind of view of what
- 4 the operations were going to look like. The property
- 5 lost \$6 million in EBITDA in January. I will tell you
- 6 from what an operating perspective, the turnaround has
- 7 been dramatic and much faster than we were expecting.
- 8 So we went from \$6 million loss in January and lost
- 9 \$1.5 million in January. You know, just from low
- 10 hanging fruit and just execution.
- 11 So really -- really surprised positively
- 12 about that. We had our most profitable month ever in
- 13 June. Another profitable in July. August is off to a
- 14 great start. And our market share trends has been
- 15 much better than we had been expecting.
- 16 From a cash flow perspective, it's
- 17 about -- it's been about where we expected. So our
- 18 operations have done better than we were opening
- 19 hoping. There's been just, you know, the fire
- 20 suppression equipment breaks. The insurance needs
- 21 more collateral. There's been, you know, a little bit
- 22 more of these things than we were kind of expecting
- 23 coming in.
- And then also we've decided to -- Mr.
- 25 Matejevich has decided to invest proactively in the

- 1 Conboy direct Schrier
- 2 business. So the elevators -- I'm not -- you know,
- 3 we'll probably going into this. We added elevators.
- 4 We added a food court. We added the speakeasy. We
- 5 added casino bars. So these are all things that are
- 6 investing in the property that have positive ROIs but,
- 7 you know, associated with them, but from a cash
- 8 perspective that drains them.
- 9 Q. If the Commission grants Luxor's
- 10 petition today for ICA approval, what would you say in
- 11 near-term plans would be for the property?
- 12 A. So from a financial perspective, you
- 13 know, obviously the market is so seasonal, you can't
- 14 look at August and say we're profitable. From but
- 15 from a next-12 month basis, given where our market
- 16 share is, given where our costs are, we're profitable.
- 17 I think Luxor can take that confidently from a EBITDA
- 18 perspective. When we think about the solvency of the
- 19 entity, that's very important because property and
- 20 companies can liquidate. They can always restructure,
- 21 whatever. So we think we are -- we're profitable
- 22 right now. The next step is free cash flow. You
- 23 know, we're profitable. We have a CAPEX burden. We
- 24 have an interest burden. And we think we're very
- 25 close to free cash break-even, but we're not quite

- 1 Conboy direct Schrier
- 2 property? How do you see that?
 - A. Long-term we're -- as bullish as we can
- 4 be. I think we're as optimistic on this property as
- 5 we've ever been. We've been, you know, under the hood

76

77

- 6 for six months. I confidently believe that this is
- 7 going to be one of the best two or three properties in
- 8 Atlantic City in the long term. You know, I've walked
- 9 all the properties many, many times now. And I think
- 10 once -- and we're there. Once we're delivering
- 11 consistent customer experience and giving them value.
- 12 And we're speaking to the gamers that long term this
- 13 is a property that should be a winner, a market share
- 14 taker.
- 15 From Luxor's perspective, we get asked
- 16 the question all the time. We're not interested in
- 17 selling right now. We think the upside, we'd be
- 18 foolish to sell right now because we think that we're
- 19 in an inflection point of profitability. So I, you
- 20 know -- obviously things can change and we're in an
- 21 investment firm. But I think right now we can safely
- 22 say that we're going to be the long-term owners.
- 23 Q. Commission Harrington asked a question
- 24 earlier about Luxor's experience in the gaming
- 25 industry. Can you elaborate on that?

75

- Conboy direct Schrier
- there yet. So from a financial perspective, that kind
- 3 of next five to ten percent improvement that gets us
- 4 from burning a little bit of cash to making a little
- 5 bit of cash allows us to go from being reactive to
- 6 being proactive and reinvesting. And so that's very
- 7 exciting to us from a financial perspective. That's
- 8 it's most important things.
- 9 From a management perspective, we have
- 10 to find permanent CEO. That process is well on its
- 11 way. And so but from an overall management
- 12 perspective, I think we're in great shape. This is
- 13 not a situation where in our opinion, the CO will come
- 14 in and bring with him or her their own team. This
- 15 is -- if there's any changes, it's around the edges.
- 16 We're in really great shape with our existing
- 17 management.
- Q. Is there a transition plan now that the
- 19 Divestiture Trust Trustee will be leaving the property
- 20 after ICA approval?
- A. There is. We think we have a very solid
- 22 plan in place. But we'd like to get the approval from
- 23 the Commission and share with the Commission then.
- 24 But we're very confident.
- Q. What about a long-term outlook for the

- Conboy cross Flaherty
- A. Yeah. So we've -- we've invested well
- 3 over \$2 billion in gaming companies in our past. You
- 4 know, we've been large holders of gaming activity.
- 5 Construction lenders to say ARIA. We've been mezz
- 6 lenders to Harrah's. At the Golden Nugget.
- 7 Distressed owners of Caesars. Number of other
- 8 investments globally.
- 9 Hospitality. We've invested in excess
- 10 of that. Mostly is hotels and timeshares. Candidly,
- 11 we've never been this involved in a gaming company
- 12 before. Mostly from the public security side. But we
- 13 have -- it's a -- you know, if you combine gaming,
- 14 real estate, and hospitality, it might be our biggest
- 15 single dollars invested over a history of the firm.
 - Q. Thank you.
- 17 Is there anything else that you wanted
- 18 to add, Mr. Conboy?

- 19 A. I'd just like to say thanks. Thanks
- 20 very much to the Division and the Commission. This
- 21 has been a very complex and arduous process. So we're
- 22 really -- Luxor really appreciates all the hard work.
- Q. Thank you.
- 24 CROSS-EXAMINATION BY MS. FLAHERTY:
- Q. Hello, Mr. Conboy. How are you?

- 1 Conboy - cross - Flaherty
- 2 Good.
- Now that you're looking to obtain ICA, 3
- 4 if that is granted, will Luxor be even -- will it be
- very involved with regard to the Ocean operation? Or
- could you just describe how you will be involved with
- 7 Ocean.
- 8 Yeah. I think -- I think the history of
- our private equity investments are -- and our style in
- 10 those investments are to find the right management
- 11 teams and monitor but stay out of the day-to-day
- 12 operations. So, you know, I think we're well on our
- 13 way. We're 95 percent there with terms of getting the
- 14 right team. And then so it's just supporting the
- 15 team. Making sure that, you know, we are hitting all
- 16 our targets. And then to the extent changes need to
- 17 be made, then we'll make changes. I think our style
- 18 has always been let management -- give them the rope
- 19 to succeed and fail. And, you know, if they fail
- 20 then, you know, you have to be willing to make
- 21 changes. But I see that being the same with Ocean
- 22 here. I think we have a great management team, and we
- 23 will be -- it's an important investment for us. We'll
- 24 be highly involved from a monitoring perspective and 25 share opinions, but largely it's going to be

- Conboy cross Flaherty
- 2 would be no further advances through year end 2019

80

81

- from Luxor to Ocean. And how do you see that
- occurring? That there will not be a need for further
- funding going into the Fall and Winter?
- 6 For 2019?
 - Q. Correct.

7

- 8 Yeah. So, you know, we'll be -- we'll
- be comfortably above our liquidity threshold,
- providing the conditions are approved. We also have
- \$2 million coming in from a lease of a sports skin
- that was contingent upon Luxor ICA approvals. So
- there will be another \$2 million of liquidity coming
- in. We expect to be substantially cash free positive in August. I think we will be cash free positive in 15
- September. And to be fair, we will be cash flow
- negative in the fourth quarter. But the sum of those
- numbers should still result in us being positive.
- 19 Q. Okay. Thank you.
- 20 Under the Divestiture Trustee CEO, steps
- 21 have been taken to improve the operating results of
- 22 Ocean. What additional actions do you have planned if
- 23 Luxor obtains ICA?
- 24 In terms of operations?
- 25 O. Yes.

79

- Conboy cross Flaherty
- managements show to run.

- 3 Q. Okay. With regard to Luxor advances in
- the amount of approximately \$20 dollars which has been
- made during the Divestiture Trust period, they
- reflected a demand promissory note which means they
- can be called on demand. So what is the plan to
- address those obligations?
- A. Yeah. That's just nomenclature. In
- 10 reality we can't really call those because the credit
- 11 line -- the lenders wouldn't allow us to do that. So
- 12 it's really -- it was just a placeholder to be honest.
- 13 I think there's a good chance that those just get
- 14 converted to equity. But there's no -- that will not
- 15 be a financial, you know -- that's not a -- I wouldn't
- 16 even really think about that in terms of a financial
- 17 obligation of the company. We have no intention to
- 18 call and cause a cash issue for the company. If we
- 19 needed to, we would convert them.
- 20 This year Luxor has provided close to a
- 21 hundred million dollars in financial support to Ocean
- 22 in terms of the \$15 million JPMorgan loan paydown.
- 23 The \$25 million in funding in February and then the
- 24 additional \$20 million in funding into July of this
- 25 year. The projections going forward show that there

- 1 Conboy - cross - Flaherty
- 2 A. I think it's just -- I think it's just a
- continuation of what we're doing. You know, in terms
- of delivering customer service, I think, you know, we
- 5 can always improve on that? I think that in terms
- of -- the two biggest things that I think we've 6
- improved on are one -- the long list. But one,
- financial reporting and financial accountability. And
- so there was a lot of low-hanging cost savings and
- 10 revenue opportunities that Terry and her team have
- 11 tackled day one.
- 12 Mike Donovan and his team on the
- 13 marketing side, you know, very basic things. Like we
- weren't even talking to the old Revel database. You 14
- 15 know, we weren't sending out mailers because the
- 16 stamps cost too much. So you know, basic things.
 - Now I think the next step in that is
- 17 really delivering consistent customer experience and
- customer service. I think part of -- you know, when 19
- we're talking about attracting a CEO, I think one 20
- thing Luxor is very focused on is building a culture 21
- among the employees, which I think candidly, we're
- 23 missing a little bit of that right now because we
- 24 don't have a CEO. And so I think the next step will
- 25 be building that culture among the employees that

- 1 Conboy cross Flaherty
- 2 translates into great customer service. And I think
- 3 that -- that drives repeat business. It drives
- 4 people's staying at the property longer. I think
- 5 that's in -- in terms of our focus, that's I think the
- 6 biggest.
- 7 Q. And do you have major capital
- 8 expenditure plans under consideration at this point?
- A. Yeah. I think the highest -- the
- 10 highest priority would be -- as many are probably
- 11 aware that the hotel has 500-ish, depending on how you
- 12 decide to -- how many suites you decide to put in.
- 13 There's about 500-ish unfinished rooms that are in the
- 14 towers. So we are currently working on design for
- 15 that. And getting bids for that. And also doing
- 16 return analysis on that. I think the numbers are very
- 17 compelling. We're under-roomed right now. As Mike
- 18 will tell you later, you know, we're running 99-plus
- 19 percent capacity. We're turning people away from
- 20 rooms. We're under-roomed right now. So I think that
- 21 has a very high ROI. And then, you know, how we
- 22 finance that, the most optimal way to finance that.
- Q. Okay. Ocean usually ran seventh place
- 24 in revenue among the Atlantic City operations on a
- 25 monthly basis at this point?

- 1 Conboy cross Flaherty
- 2 obviously the two casinos, I think, have taken a bite
- 3 out of everyone. You know, the market -- the
- 4 market -- when we look at it, the market basically has
- 5 grown on the weekends in the summer and the holidays.
- 6 So it basically sucked up all the supply. So if you
- 7 look at kind of coin-in growth or table-drop growth
- 8 it's -- you know, the supply is up 28 percent-ish.
- 9 And the -- and the volumes are up, you know, 12 to 13
- 10 percent-ish year over year. So what that tells us is
- 11 there's kind of infinite demand on the weekends in the
- 12 summers and the holidays. And then the rest of the
- 13 time it's just pure cannibalization.
- 14 And so from a -- from a same historical
- 15 basis, you know, the casinos are all down kind high
- 16 single digits. I think it's a highly competitive
- 17 market right now. But that's why I think it's really
- 18 important to us to get to cash flow break-even and
- 19 cash flow positive. Because when I look at the other
- 20 physical plants in the market, our competitors, it's
- 21 going to be very difficult for those competitors -- in
- 22 my opinion -- to investment significant dollars when
- 23 there's so much deferred CAP EX in a lot of those
- 24 properties versus us that I think we can investment
- 25 very aggressively and continue to take market share.

85

83

- 1 Conboy cross Flaherty
- 2 A. I look at differently, so I have to
- 3 think about that. So we are -- I look at it on -- I
- 4 look at it as a coin-in market share. So we're
- 5 running around 80 percent in the market share. Versus
- 6 the market. Which puts us -- I guess that's right.
- 7 Seventh. Six or seventh. And then, you know, table
- 8 drop, we look closer to third or fourth. Our hold has
- 9 been stubbornly low. So on a table win basis, we're
- 10 lower than that. When you combine those together, I
- 11 think that's probably right. Probably sixth or
- 12 seventh. I don't know the number off the top of my
- 13 head. That's probably right.
- 14 Q. And is that basically comparable to
- $15\,\,$ where they stood last year? To where Ocean stood last
- 16 year?

17

- No. We were dead last.
- 18 Q. So you have moved from nine to seven?
- 19 A. Correct.
- Q. In terms of the expansion and the gaming
- 21 capacities in the Atlantic City market, seven to nine
- 22 casino last summer and resulted in increase
- 23 competition. How do you see Ocean in the current
- 24 Atlantic City gaming market?
- 25 A. Yeah. As I said, I think it's --

- Conboy cross Flaherty
- 2 And we're seeing that. And so our ability to take
- 3 profits and reinvestment them in the casino in driving
- 4 market share, I think, is going to create a scenario
- 5 where we're kind of a threshold taker.
 - Q. So that will be basically your plan to
- 7 succeed in the environment, that you would get the
- 8 cash flow and then invest and improve into the
- 9 property.

- 10 A. Correct.
- 11 Q. And I'm going to run through some
- 12 numbers with you to get to my ultimate question here.
- 13 But under the former owners, Ocean had projected 81.1
- 14 million in operating income for its first year of
- 15 operation, but instead it had a \$31.2 million in
- 16 operating losses for that time period; is that
- 17 correct?
- 18 A. That's correct.
- 19 Q. And then Ocean generated a \$19.4 million
- 20 operating loss from July 1 to December 2018. Is that
- 21 also correct?
- A. Yeah. That sounds light.
- Q. Okay. And then for the first six months
- 24 in '19, Ocean improved but still had an operating loss
- 25 of 11.9 million for that time period.

- 1 Conboy - cross - Flaherty
- 2 Correct.
- And are the \$13 million in positive 3 Q.
- 4 operating results projected for the second half of
- 5 2019 -- that is your projection; right? That there
- will be 13 million in positive operating results for
- the casino?
- 8 A. So to be clear, that's management's
- 9 projections.

23

1

- 10 Q. Okay.
- That were submitted. I think ours would 11 A.
- 12 be slightly -- slightly under that.
- 13 Q. Okay. But in that regard, the
- 14 projections would be for -- under management's
- 15 projections a \$1.1 million positive EBITDA, and under
- yours I guess maybe flat?
- A. Yeah. I think we probably would be
- 18 negative three, negative four.
- 19 Q. Okay. Now, do you see the -- that
- 20 results, whether it's managements or more particularly
- 21 Luxor's forecast in that regard, is that achievable
- 22 for the remaining months of this year?
 - I think it's very achievable. Yes.
- 24 Okay. And then for 2020, the projection
- 25 is positive in the amount of \$25.5 million. Do see

- Conboy cross Flaherty
- one thing to note is that we -- we had a tough hold

88

89

- month in July. So that's not reflected in that \$13
- million. So I think if you adjusted that \$13 million
- for a tough hold month in July, that that's in the
- ballpark of what we would expect. 6
- Q. Okay. So that would be a specific
- 8 reason for what you -- or what has been projected at
- least by management as a -- obviously a dramatic
- 10 reversal? Operating results. And that you didn't
- 11 meet it because of that hold. Would that be right?
- 12 A. Yeah. I -- yeah.
- 13 Okay. As set forth in the Division's
- 14 report, it seems that Ocean's forecast is difficult to
- obtain in the short term. In the next 18 months, will
- Luxor provide funding if Ocean does not meet its
- 17 forecasts over the ICA term?
- 18 A. Yeah. So I think if we look at Luxor's
- 19 projections -- and Luxor projections does, to be
- 20 candid -- does call for some funding in the first
- 21 quarter next year because, while we think the 20 to
- 22 \$25 million is achievable, when you look at the
- 23 seasonality of that, we would expect to have cash
- outflows in the fourth quarter and the first quarter
- 25 that by the end of the first quarter would require
- 87
- Conboy cross Flaherty
- that forecast as aggressive?
- 3 A. I think it's the high end. It's
- 4 reasonably the high end of what we -- that assumes
- 5 no -- no additional rooms are built and come on. If
- 6 the rooms were to come on, I think that number is
- conservative. But absent the rooms, that's probably
- 8 the high end of what we would expect. I don't think
- 9 it's unachievable. But it would be very, very
- 10 reasonable. We're not -- you know, I think something
- 11 in the range of 15 to 20 million is completely,
- 12 completely achievable.
- 13 Okay. So you see overall that that's --
- 14 you know, at least potentially possible or likely
- 15 depending on all factors?
- 16 A. Correct.

- Q. Okay. All right. And then from July to
- 18 December 2018, as you said there was negative EBITDA
- 19 at Ocean, and now it's in the amount of 19.4 million.
- 20 And so therefore, the positive \$13 million EBITDA for
- 21 the same period in 2019, which I understand is
- 22 management's, would be a \$32.4 million improvement
- 23 over 2018. Does that seem realistic? Or in light of
- 24 the changes that have been made, is it doable?
 - A. Again, that seems -- you know, I think

- Conboy cross Flaherty
- some additional funding and so we're very open-eyed
- about that. It's not a big number. It's a quite
- small number. And then coming out of the first
- quarter next year, we expect there would be no need
- for additional funding from Luxor. 6
- 7 But, you know, we're -- I think the
- 8 interesting thing is we're -- we're all through the
- capital structure. So there's only \$126 million of
- debt on this company now. Everything after that is
- essentially 90 to a hundred percent owned by Luxor.
- 12 And so, you know, I -- from what I see, there's 0.0
- 13 percent chance that this asset is worth less than \$126
- million, so there's always incentive for us to support
- 15 this. So I don't see -- I don't see any scenario
- 16 where we're not going to be supporting it in the
- 17 quarter.
- 18 So the Division analysis indicates that
- 19 Luxor may need to provide Ocean with further financial
- 20 support. And how will Luxor address those potential
- 21 cash needs?
- 22 A. I think we're agnostic to that, whether
- 23 it's equity or additional demand notes, I think we
- 24 would -- you know, we've been funding through demand
- 25 notes. So it seems to be working. But if it were

My -- my top four senior 24 24 executives, at the top is Terry Glebocki, who I think the witness, please. 25 25 you'll hear from next. We hired Terry as our Senior 95 97 1 Matejevich - direct - Schrier Matejevich - direct - Schrier ERIC MATEJEVICH, having been first duly 2 VP and Chief Financial Officer. Good afternoon, Mr. Matejevich. 9 trouble. 10 Good afternoon. 10 And then secondly, I stole Mike Donovan A. 11 Can you tell us what position you are away as our Senior VP and Chief Marketing Officer. 12 Mike had also extensive not only Atlantic City 12 currently in regarding AC Ocean? 13 Sure. I'm currently the Trustee of the experience but marketed in a number of different 14 Divestiture Trust. I'm also the manager of Ten Re and jurisdictions across the country, and he was tasked 15 acting CEO of Ocean. 15 with, again, changing that marketing message and the 16 Q. Can you tell the Commission a little bit 16 value proposition for the property which we've been 17 about your background in the gaming industry? 17 very successful at. A. My background in gaming was historically 18 And then Loretta Pickus who was our 18 19 as chief financial officer. As it pertains to 19 Senior VP and Senior Counsel. Loretta was there at 20 Atlantic City, I was the CFO of a company called day one in Ocean and was there and inherited a number 21 Resorts International Holdings. We owned the Resorts of the contracts that the prior owner had negotiated. 21 22 property for a number of years, as well as the 22 And so she has been instrumental in working with me in 23 Atlantic City Hilton which ultimately became the 23 trying to restructure a number of deals that don't 24 Atlantic Club. 24 really work for the asset for any number of reasons. 25 Q. As the Divestiture Trust and the Manager 25 And a lot of those negotiations continue.

14

16

- 1 Matejevich - direct - Schrier
 - And then finally, we were successful in
- 3 hiring back Lori Yeager as our Senior VP of HR. And
- 4 Lori was the day two employee at Ocean, and she had
- 5 left. But we wanted her back because she knew the
- 6 employees. She hired all 3,000 of them. And she's
- got great relationships with the unions. And the
- employees love her. So it's really good for morale.
- Q. Can you brief just talk about any of the
- 10 initiatives that you oversaw or undertook when you
- 11 started?

2

- 12 A. Yeah. Again, I -- you know, the focus
- 13 really was hiring the right people to manage the
- 14 variance departments and then empowering to do that.
- 15 And that makes -- made my job significantly easier.
- 16 And so again hiring the right management team, we've
- 17 completely changed the marketing message, as I think
- 18 all of you know. We have really focused on the
- 19 publicity of the asset. And we had a great
- 20 celebration for the one-year anniversary. We've made,
- 21 I think, the right -- the property improvements in the
- 22 asset. And I think Michael Donovan will take you
- 23 through those. And then we focused on the operating
- 24 expenses at the property, and we managed to cut those
- 25 significantly without impacting -- negatively

- Matejevich cross Flaherty
 - Mr. Matejevich, I want to thank you on
- behalf of Luxor for serving as its Divestiture Trustee
- during this period of time.
- 5 Is there anything else you would like to
- 6 add?
- 7 A. The only thing I would add is a personal
- 8 thank you to the Division and the staff of the
- Division. They worked very closely with us in a
- collaboratively way and, you know, in what is I think
- bar none the toughest and most competitive casino
- market in the country. I think we've made tremendous
- strides in just six months. Very happy for that. 13
 - O. Thank you.
- 15 MR. SCHRIER: That's all I have, Mr.
 - Chairman.
- 17 MS. FLAHERTY: Thank you.
- 18 CROSS-EXAMINATION BY MS. FLAHERTY:
- 19 Q. Good morning. Or is it afternoon? Good 20 afternoon.
- 21 You've talked about the management team
- 22 changes that you made as well as your, you know,
- 23 immediate need and goal to stem the operating losses
- 24 at Ocean which had been \$19.4 million for the second

101

25 half of 2018, and an initial 11.9 million for the

99

- impacting the customer-facing experience. We cut a
- number of salaried positions and were very cognizant
- of not again impacting guest experience.

Matejevich - direct - Schrier

- 5 Very good.
- 6 There's been in talk about the financial projections that have been in the Division's report.
- 8 Did you participate in the preparation of those
- projections?
- 10 A. I did. As I said, I was the CFO of the
- last few companies that I've been with, and so I felt
- 12 pretty comfortable with building those projections,
- 13 which I did in the late February or early March time
- 14 frame originally.
- 15 And I would add, had players not been
- 16 incredibly lucky at our casino, we'd be very close.
- 17 If you look our last five months, if we were just
- 18 holding the market average at the tables, our net win
- 19 would be up after taxes almost \$9 million.
- 20 Q. So you're saying that AC Ocean is the 21 luckiest casino?
- That's what I keep telling Mike Donovan.
- 23 We have to put that on a billboard, that players are
- luckiest at Ocean. But it's uncanny, actually.
 - Q. Very good.

- Matejevich cross Flaherty
 - first six months. So in terms of taking those steps,
 - do you see those as having succeeded? How do you --
 - how do you grade yourself?
 - 5 A. Yeah. I grade myself kind of
 - 6 sequentially month to month, actually.
 - O. Okav.
 - 8 A. And that's the way, you know -- we look
 - at and try to look at our month-to-month operational
 - group improvements. Right? And so what we saw was
 - like a month in April, which the Easter Holiday is not 11
 - great for gambling or gaming. But we set a net slot
 - win record in April. We set another one in May. We
 - set another one in June. Obviously another one in July. So every time we set a record like that, I

 - 16 said, well, we're obviously moving in the right
 - 17 direction.
 - 18 And the other metric that I look at is
 - 19 really fair share and to see where are on a fair share
 - 20 basis and are we growing our share fair percentage of
 - 21 the market.
 - 22 O. Do you have a plan to achieve the
 - projected positive 13 million EBITDA which management 23
 - 24 had forecasted for the second half of 2019?
 - 25 A. Yeah. I think the property is well on

- 1 Matejevich cross Flaherty
- 2 its way to achieving that as we sit today. Obviously,
- 3 the challenge with Atlantic City is it's gone from
- 4 being a seven-day-a-week market to really outside of
- 5 the summer being a three-day-a-week market. And so
- 6 you have fairly significant percentage of fixed costs
- 7 in the business. And to try to bury those fixed costs
- 8 through the week is a challenge. But I think we're
- $9\;$ there. And, you know, we still have tremendous growth
- 10 and a trajectory.
- 11 Again, I look at -- you know, you asked,
- 12 how do I look at it? And I said sequentially month to
- 13 month. But I look at it each Monday. How have we
- 14 done this Monday versus last Monday versus two, three,
- 15 four, five Mondays ago. And if you look at that
- 16 specifically on a net slot win basis, the slopes, the
- 17 upward slopes of those lines, are still pretty
- 18 dramatic which is encouraging.
- 19 Q. Okay. And now that we're in August
- 20 which is, you know, not only a month plus into the
- 21 last six months of the year but also, you know,
- 22 critical July and early August time period, do you
- 23 remain confident with regard to the projected
- 24 performance for the second half of '19?
- 25 A. I do. Yeah. I'm very confident. Like

- 1 Matejevich cross Flaherty
- 2 what already was a good slot floor, you know, they
- 3 made no argument. And, obviously, I was able to
- 4 negotiate really attractive terms with the slot
- 5 manufacturers. And so now we have, by far, the vastly
- 6 superior slot floor in the city.
- 7 So again, I think the only challenge --
- 8 specifically in Atlantic City -- is how do you provide
- 9 a strongest experience through the week and yet still
- 10 operate your asset profitably? You know, the weekends
- 11 here, as we all know, we're at a hundred percent
- 12 occupancy every weekend. And I think that will always
- 13 continue. Which begs the need for additional rooms,
- 14 whether it be at Ocean or in the city in general. And
- 15 so it really comes to how flexible can you make your
- 16 operating expenses through the week?
- 17 Q. And you have just mentioned some capital
- 18 expenditures that were made with Luxor's approval and
- 19 funding. And they have helped the financial
- 20 performance of the facility. They have translated
- 21 into some that interim results we've seen; is that
- 22 correct?
- A. That's correct.
- Q. And Ocean has made some improvements in

105

25 technology. In what ways have they helped?

103

- Matejevich cross Flaherty
- 2 I said, we are still seeing operational improvements.
- 3 The weekends -- we're hitting a peak, only because we
- 4 only have 1400 rooms.
- 5 O. Uh-hum.
- 6 A. But through the week, we continue to
- 7 make, vou know, outstanding strides.
 - Q. Okay. And given the highly competitive
- 9 Atlantic City gaming market and the regional
- 10 operations what obstacles do you still see to Ocean's
 - 1 ability to turn around its operating results?
- 12 A. Look. I think the great thing about
- 13 Ocean, as you see behind me, is it is the superior
- 14 physical asset in this market; right? But I've always
- 15 said to the management team, we can't rest on the fact
- 16 that physically we're the most beautiful because I
- 17 think the last two or three people did that, and it
- 18 didn't work out so well.
- We've dramatically improved the flow at
- 20 the asset, as anybody whose been there can see. We
- 21 have invested in the -- and the one thing I'll say
- 22 about Luxor is, unlike a lot of other private equity
- 23 owners, they understand the importance of reinvesting
- 24 in the asset. And so when I said we're going to
- 25 spend, you know, four-plus million dollars to update

- 1 Matejevich cross Flaherty
 - 2 A. Could you be more specific? Is there
 - 3 something you're --
 - Q. I understand that there were
 - 5 improvements in technology and customer data
 - 6 management?

- 7 A. Oh, yeah. Then that's a better question
- 8 for Mike Donovan.
 - O. Okay.
- 10 A. But, yeah. We have made tremendous
- 11 strides, both in the finance department and the
- 12 software that we've purchased to increase our ability
- 13 to dig -- dig deeper into and make operational
- 14 decisions based on the -- you know, the financial
- 15 models that we're looking at, financial analysis. And
- 16 then, of course, on the marketing side Michael's done
- 17 a great job hiring outside talent where necessary to
- 18 ensure that we're marketing in a very not only --
- 19 marketing in a much wider net but in a very efficient 20 way.
- 21 Q. Okay. And have you improved the casino 22 layout?
- A. Yes. We've also worked to -- one of the
- 24 crazy things about our place, as beautiful as it is,
- 25 the pathways through the casino weren't necessarily

- 1 Matejevich cross Flaherty
- 2 clear, and it lacked casino signage. And so we have
- 3 changed some of the pathways to make it very clear
- 4 where you are in the casino at any given time. And
- 5 we've added significant overhead signage. That will
- 6 continue. There are still some additional changes to
- make which we're talking about right now.
- 8 Q. Okay. And then in terms of the CAP EX,
- 9 is the amount that's basically going to be dedicated
- 10 to that or projected to be dedicated to that over the
- 11 next two years which is aimed at new slot machines,
- 12 maintenance, and some small projects, is that going to
- 13 be sufficient to keep Ocean competitive?
- 14 A. Absolutely. And, in fact, I'm always
- 15 impressed that the Luxor guys consider that in every
- 16 decision that we make. The -- the need and the
- 17 ability to reinvest. Because, like I said, historical
- 18 experience here among certain private equity owners is
- 19 that that doesn't enter into the equation. It's all
- 20 about how much cash can this thing produce, and they
- 21 don't really take into account not only CAP EX but
- 22 defensive CAP EX which is necessary to be spent in
- 23 that industry.
- Q. Okay. But the forecast is for rather
- 25 limited CAP EX going for the next two years. Is that

- 1 Matejevich cross Flaherty
- A. Well, I'm on the Luxor guys to figure
- 3 out how to build the second tower. But I think to not
- 4 put the cart in front of the horse, I think the 500
- 5 rooms are the key. At least right now. My
- 6 projections now that were developed, they did not
- 7 anticipate the 500 new keys coming on board. But to
- 8 the extent that that could be done, yeah, I think that
- 9 would lift this property to a whole 'nother area.
- 10 Q. So it would really have an incremental
- 11 effect in terms of the whole casino in terms of casino
- 12 revenue --
- 13 A. Significant.
- 14 Q. -- and other revenues from noncasino
- 15 areas?
- 16 A. That's correct.
- 17 Q. Uh-hum. And what cost cuts has Ocean
- 18 made to its operation under your Divestiture
- 19 Trusteeship and CEO?
- A. So we cut 105 salaried employees. Like
- 21 I said, we have looked at every component of our
- 22 business where we can save money. The largest savings
- 23 will be in insurance. Terry can get into some of the
- 24 others. But those were the two significant ones. The
- 25 insurance side where we've saved close to a million

107

- Matejevich cross Flaherty
- because you believe the facility is in sufficiently
- 3 good shape that's not needed or --
- 4 A. Yeah.
- 5 Q. -- you --
- 6 A. Well, I would say with the exception of
- 7 the rooms.
- Q. Uh-hum.
- A. When and if the rooms are built, that's
- 10 a fairly significant number. But separate from that,
- 11 the facility is in outstanding shape.
- 12 Q. Okay.
- 13 A. And we've managed to really stretch a
- 14 buck, as they say, and get things done, hammering
- 15 contractors. We're fortunate in that there isn't a
- 16 ton being down in the city right now. So we can get
- 17 18 contractors at the right price and develop things
 18 like the food court, which we have opening in the
- 19 Labor Day time frame, at a cost that's, you know, a
- quarter of what something like a buffet might cost.
- Q. Okay. And the 499 hotel room tower, is
- 22 the completion of that basically dependent upon
- 23 improved EBITDA and availability of funding? You
- 24 don't have any plans right now to either complete the
- 25 unfinished rooms or to build another tower?

- 1 Matejevich cross Flaherty
 - 2 dollars, as well as the head count, which is a 7 to \$8

109

- 3 million annual savings.
- 4 Q. Okay. And if ICA is granted, what do
- 5 you see as the steps to the transition from
- 6 Divestiture Trust to ICA?
- 7 A. I don't know that I'm completely
- 8 qualified to answer that one.
- 9 Q. Not from a legal standpoint --
- 10 A. Yeah.
- 11 Q. -- but from your position in terms of
- 12 the casino.
- 13 A. As Michael had said, you know, we
- 14 already have a plan in place which -- which I'm sure
- 15 they'll share with you upon the granting of ICA. But,
- 16 you know, I am an interim CEO. We would bring in a
- 17 permanent CEO. We are in the midst of that process
- 18 today, and hopefully we'll have that person identified
- 19 here in fairly -- in the near term.
 - Q. Okay. And is it your intention that the
- 21 transition will be conducted as smoothly as possible?
- 22 A. Absolutely.
- Q. Thank you very much.
- A. Thank you.
- 25 O. Uh-hum.

110 112 1 Matejevich 1 Matejevich 2 CHAIRMAN PLOUSIS: Commissioners, any 2 because I think a lot of people when they saw 3 3 "Ocean Resort" they figured that it was just a questions? 4 COMMISSIONER HARRINGTON: Thank you. 4 resort property like you would see in any 5 5 I'm just wondering. You were talking number of resort markets. And that's not what 6 about the rooms and the capacity. Can you 6 we are. You know, thankfully, you know, we've 7 explain -- and maybe you're not the right 7 got the best parking garage. We've got a 8 person -- but the relationship with Hyatt and 8 phenomenal casino. And like I said, all the 9 9 how that will -- what the anticipation of that resort amenities to go with it, whether it's 10 10 Top Golf or you can do great restaurants, et is going forward. When did you begin that position? THE WITNESS: When I came in, I think a 18 18 February 19th of this year. A. 19 19 lot of folks on the -- the management team, Can you tell the Commission about your 20 they were thinking of this, and I think in its 20 background in the casino industry? 21 days as Revel, as a Resort first. And so it 21 Sure. I have over 30 years of gaming 22 was a resort with a casino amenity. And what I 22 experience, all of which were in Atlantic City. More 23 wanted to say was, no. We're a spectacular 23 than half of those years were at the Trump 24 casino that happens to have really nice resort 24 organization, and I left Trump for a little startup 25 25 company that nobody's had ever heard of named Revel in amenities. And I wanted to emphasize that

1 Glebocki - direct - Schrier

2 2007. So I was at Revel from 2007 through the sale in

- 3 2015. I became the CFO in the second half of my
- 4 tenure there after the first bankruptcy. I was
- 5 promoted into the CFO role.
- 6 I left there on a Friday, and was
- 7 fortunate enough to Monday to start at Tropicana where
- 8 I was the corporate CFO overseeing all of the
- 9 properties in multiple jurisdictions across the
- 10 country and in Aruba. And I was there through the
- 11 successful transition to Eldorado on October 1. And
- 12 then I got the phone call, and here I sit today.
- 13 Q. What are your basic responsibilities as
- 14 the CFO of Ocean Casino Resort?
- 15 A. I'm a member of the senior leadership
- 16 team, setting strategy for the property and all things
- 17 accounting. So whether it's financial accounting or
- 18 operational accounting, that all falls under me.
- 19 Q. And since February when you arrived,
- 20 have you taken any initiatives or made any changes to
- 21 improve the financial aspects or the financial
- 22 reporting at the property?
- A. Absolutely. I'd like to think so,
- 24 anyway. One of the things that I thought was most
- 25 important and what was lacking at the property was

- 1 Glebocki direct Schrier
- 2 that makes sense. You can find the categories where
- 3 you would expect to find something, rather than the
- 4 previous scenario, where if you wanted to know what
- 5 your operating supplies were, you had to scroll
- 6 through eight pages of accounts that weren't even in
- 7 alphabetical order to try to find it. So now when we
- 8 give our reports to the departments, they cannot only
- 9 see how they did versus last year, but they can see
- 10 how they did for 12 months. And we can give them a
- 11 trend. So it's been very meaningful.
- 12 O. We've heard about improved operating --
- 13 I guess improving the operating losses that had
- 14 existed. What measures did you initiate in that
- 15 regard?

16

- A. I decided to follow the cash. When I
- 17 first got there, I thought, well, let me see what
- 18 we're spending money on and what we're buying and
- 19 going to spend money on. So for the first four
- 20 months, I signed every check that went out of the
- 21 building whether the check was for \$2 million or for
- 22 \$2, I had my eyes on it. And then I went in and
- 23 reduced everybody's approval authority. And I joked
- 24 that if it has a comma, I need to see it. So no one
- 25 could approve anything above \$999 without it coming to

115

- Glebocki direct Schrier
- 2 good visibility into the numbers. If you're not
- 3 telling people every day how they're doing, they
- 4 really don't know. So there was a daily operating
- 5 report. I think maybe Mike Conboy mentioned it in his
- 6 testimony. The daily operating report when I got
- 7 there was in its infancy. It was difficult to use.
- 8 It didn't have the right information on it. We've
- 9 matured that and continue to mature it on a monthly
- 10 basis. It wasn't comparative to anything before. So
- 11 when the new management team came in, we thought,
- 12 well, we can't compare year over year, but we can
- 12 went, we can't compare year over year, out we can
- 13 compare month over month. So we started showing how
- 14 we were doing in April versus the same day in March.
- 15 So people can start seeing the trends. So I think
- 16 that's the most important report that goes out on a
- 17 daily basis.
- In addition, the accounting software
- 19 that I inherited is adequate, and it works, but it
- 20 just does the basics. So you can track your debits.
- $21\,\,$ You can track your credits. But at the end of the
- 22 day, it doesn't give you meaningful reports to work
- 23 from. So we bought a report writer that we put on top
- 24 it, and we're in the process of writing reports now.
- 25 And we're actually able to run an income statement

- Glebocki direct Schrier
- 2 me. And that was the best way think knew to not only
- 3 understand what expenses were being occurred but to
- 4 control the spending.
- 5 Q. Are there any initiatives that you
- 6 implemented?
- 7 A. Yeah. Well, based -- based upon
- 8 watching the flow of money, and I think Eric has
- 9 already alluded to this -- that we were spending a lot
- 10 of money on leased slot product. A disproportionate
- amount. So everybody in town and in every casino, in
- 12 America probably, has product that is owned and
- 13 product that is leased. And the leased product is a
- 14 daily fee. So you might pay \$65 dollars a day, \$75 a
- 15 day, a hundred dollars a day. Or it's a percentage of
- 16 handle. And if you have too much of that product on
- 17 your floor, it eats into your profitability. So we
- 18 were able to go in, and we were able to pick the least
- 19 played of those games and remove them from the floor,
- 20 take the money that would have been spent in these
- 21 lease fees, which is over \$4 million dollars a year,
- 22 and invest that in 200 brand-new slot units. So I
- 23 think Eric had mentioned our slot floor is much
- 24 improved and we've got some of the latest and greatest
- 25 slot product out there.

- 1 Glebocki - direct - Schrier
- 2 Other things that we did were best
- practices. The management team has a lot of gaming
- 4 experience, and we've seen a lot of things. We
- implemented those. Certainly the staffing reduction,
- 6 the management streamlining that occurred in April.
- But the other part of what was going on was -- it
- 8 wasn't just an expense problem, it was also a revenue
- problem. And so we took the marketing dollars that
- 10 were currently being spent and we reallocated them to
- 11 drive more visitation to the property. And you've
- 12 heard testimony today about how our slot market share
- 13 as increased. And also our net slot market share has
- 14 also increased. And that one is always very important
- 15 to me because I'm always looking at the bottom line.
- Another area was our hotel. One of the
- 17 our greatest assets is that that we have these hotel
- 18 rooms. We would like more, but we have 1399 hotel
- 19 rooms. And if they sit empty, they don't help us out
- 20 at all. So our goal was to maximize that hotel
- 21 occupancy so that we had more -- more people to come
- 22 to the casino. And we took the yielding of that
- 23 process -- a yielding of the rooms. We moved it under
- 24 marketing. They are able to decide the highest and
- 25 best use for each room and make sure that they're full

- Glebocki cross Flaherty
- finance. Because if we know about it, we can plan for
- it, and we can pay for it. And so that has worked out
- very well.

q

- 5 O. There's been quite a bit of discussion
- 6 about the financial projections for the property. Did
- you participate in those projections? Or have you
- participated in them since you you've arrived?
 - A. I have. Eric actually prepared the
- projections in the time frame when I had first
- 11 started, and I was signing all the checks. But I did
- 12 have the opportunity to review them to give input, and
- I've been working with him ever since. 13
- 14 Are you comfortable with the
- projections, particularly ones that will -- that the 15
- property will generate positive EBITDA in the second
- half of this year? 17
- 18 A. I am.
- 19 O. And for 2020?
- 20 A. Yes, I am.
- 21 Thank you. That's all I have.
- 22 CHAIRMAN PLOUSIS: Okay.
- 23 CROSS-EXAMINATION BY MS. FLAHERTY:
- 24 Q. Yes. Good afternoon.
- 25 A. Hi.

119

Glebocki - cross - Flaherty 2 Q. What additional, if any, steps do you 121

- 3 see to improve financial reporting and operating
- 4 results at Ocean?
- 5 A. Well, the financial reporting, we're
- 6 still in the process. This report writer we've had
- for about two and-a-half months now. So I want to
- continue to write -- write reports that will address
- a -- help with the analytics. So analytics was
- something that was missing in the property. So we'll
- continue to enhance those reports. As far as
- improving the profitability, we plan to continue to
- grow our market share. Of coming into the shoulder
- season, I want to make sure that the hotel is occupied
- 15 and continue the buzz and the energy that has -- has
- 16 been started, I think, over the past few months.
- 17 Q. Okay. With regard to the payables which
- Mr. Schrier has asked some questions about, I'm going
- to refer to the June figures. And from February this 19
- year to June of this year, have accounts payable
- decreased by about \$9.9 million? 21
- 22 A. Yes. 23 Q. Yes?
- 24 Yes.
- 25 That's yes?

- as often as possible.
- 3 Q. One of the topics that has been

Glebocki - direct - Schrier

- discussed leading up to the Divestiture Trust was the
- payables that were outstanding. What kind of
- improvements did you make to address that?
- So the payables had hit a high watermark
- 8 in February when Luxor was last behind, I believe.
- 9 With infusions of cash from Luxor, we were able to 10 bring those payables down, and we are now way less
- 11 than half of where it was. Our current payable
- 12 balance is very manageable.
- 13 And I guess the reason that it's more
- 14 manageable now is, one, we're spending less because
- 15 we've gone in and looked at the spending. And, two, I
- 16 had better visibility into the payables. What was
- 17 happening, I think, in the beginning is the property
- 18 was so anxious to get open that everybody was -- was
- 19 doing everything they could to get the property open,
- 20 and they were dealing directly with vendors. Vendors
- 21 would then send the invoices to the department heads
- 22 rather than to accounts payable. And so it became 23 obvious to me -- and I hate surprises. And I told
- 24 management team, you can't accept invoices. You need
- 25 to tell your vendors all invoices need to come to

3

14

- 1 Glebocki - cross - Flaherty
- 2 Uh-hum.
- And I think you indicated that's mainly 3
- 4 because of funding provided by Luxor?
- 5 A. Yes. So the -- I would just clarify
- that's through June. 6
 - Yeah. Q.
- 8 A. As of this morning before I came over, I
- 9 checked, and our payable balance was down to 1.8
- 10 million.

7

- 11 Q. And my number for the June in terms of
- 12 the payables in the 31-to-60 day period was 2.4
- 13 million. And you can clarify that that's going down
- 14 as well. But does Ocean have a plan to bring those
- 15 accounts current?
- 16 A. Yes. So right now we are between -- of
- 17 the eight million, most of that is in the 0 to 30
- 18 days. That's about three million of it. There's
- 19 about one million in the 31 to 60 days. And then the
- 20 rest are payment arrangements that we've made with
- 21 vendors or disputed amounts.
- 22 Now, with regard to the amounts that are
- 23 accounts payable over 60 days, if they are in
- 24 repayment plan, are those obligations being addressed
- 25 in accordance with the terms of the repayment plans?

- Glebocki cross Flaherty
- requirements of the recommended conditions as imposed?
 - A. Yes, I will.
 - Q. And as Ocean's CFO, do you see them as
- warranted and appropriate under Ocean's financial
- 6 situation at this point in time?
- 7 A. Yes. I understand why they're in place.
- 8 Okay. Are you a member of the Ocean
- 9 Compliance Committee?
- 10 A. Yes, I am. I'm the chairperson of the
- 11 Compliance Committee.
- 12 And have you served in that capacity
- 13 since shortly after you began employment at Ocean?
 - Yes, I have.
- 15 Q. In the event that any compliance matters
- pertaining to the financial department or financial
- 17 area of Ocean, would you act on that matter or would
- 18 you recuse the yourself in the event of such a
- 19 conflict?
- 20 A. Well, I would recuse myself if it was a
- 21 financial matter. But certainly, I think that because
- 22 I am the chairperson, my expectations are that much
- greater than somebody not holding that position.
- 24 Q. Those are all the questions I have.
- 25 Thank you?

123

9

Glebocki 2 A. Thank you.

CHAIRMAN PLOUSIS: Commissioners?

125

4 MS. HARRINGTON: None for me.

5 CHAIRMAN PLOUSIS: Any questions?

6 VICE CHAIR COOPER: Just one. You have 7 a very, very extensive background in gaming in

Atlantic City. I think you said over 30 years.

THE WITNESS: Yes.

10 VICE CHAIR COOPER: Under a variety of 11 properties, now CFO at the Ocean Casino Resort.

12 So 30-plus years you've seen a lot of ups,

13 downs, ups, downs. What is your personal

14 outlook so to speak for the next five or ten

15 years? And I'm going to defer to you if you

16 want to say -- answer it in five or ten -- for

gaming in Atlantic City with this current

17

18 market.

19 THE WITNESS: That's an interesting 20 question because we've seen a lot of changes in

21 what's going on in Atlantic City, and

22 especially with the recent acquisition -- or

23 the pending acquisition of Eldorado acquiring

the Caesars properties. I'm going enjoy

watching what happens there.

- Glebocki cross Flaherty
- 2 A. Absolutely.
- 3 Okay. And then with regard to the
- 4 amount of accounts over 60 days that are disputed, are
- those obligations actively moving towards a 5
- resolution? 6

1

- A. Yes, they are.
- Q. Now, does Ocean have options or 8
- flexibility if it does not meet its forecast for the
- 10 90-day period?
- A. Well, I know Mike Conboy's phone number. 11
- 12 Yes. I believe that, you know, I would work with -- I
- 13 would work with Luxor to fulfill those needs.
- Q. Okay. And have you been provided with
- 15 all the tools needed to perform your responsibilities
- as CFO of Ocean?
- A. Yes, I have. 17
- If the conditions recommended in Exhibit 18
- 19 7 to the Division's report are imposed by the
- 20 Commission, will there been any issues or concerns to
- you as the CFO as to Ocean's ability to address its
- 22 obligations and have sufficient cash resources?
- 23 Α. No concerns at all. I've reviewed the 24 conditions.
- 25 As CFO of Ocean, will you follow the

24

126 128 1 Glebocki Donovan - direct - Schrier 2 I really -- I don't know. I actually 2 your background in the casino gaming industry? 3 3 A. I've had the distinct privilege for the was surprised that Eldorado made the 4 acquisition. I just didn't expect that that 4 last 12 years to be in the industry, 11 of those years 5 was going to happen, just with the little bit 5 I was at Tropicana Entertainment in various 6 of exposure that I had there. So we had a jurisdictions. I started off my career in Nevada, 7 friendly wager, I'll call it, just for bragging Louisiana, worked in Missouri for a couple of years. 8 rights as to whether or not they would buy it. And then I had also the privilege to work with Terry 9 And I lost. So I lost the bragging rights at Tropicana Atlantic City, also with Tropicana. 10 10 Prior to Ocean, I was with -- I was corporate VP of there. marketing for Peninsula Pacific Entertainment. We 11 But I think it's an exciting time. 11 12 Especially with two new properties that have 12 owned properties in New York State, Virginia, Kansas, 13 opened. Ocean has an energy now that it hadn't and Louisiana. I guess, yeah. 13 14 had before. I'm seeing a shift of energy down 14 And as Chief Marketing Officer, what are 15 to our end of the Boardwalk that wasn't there 15 your responsibilities? 16 when we were Ocean. We've got a great neighbor 16 A. I'm -- my priorities are the overall 17 in Hard Rock. And the new North Beach Group 17 strategic marketing for the property, including casino 18 that's going on. So there's I think it's an 18 marketing, entertainment advertising and branding. 19 exciting time. 19 When you came to Ocean, what were the 20 VICE CHAIR COOPER: I agree with you a 20 priorities that you had? 21 hundred percent. I think it's -- my personal 21 Yeah. You know, when I came and I went 22 but I just wanted to get yours. But I think 22 into evaluate the current business levels that were 23 things are looking great, and exciting things there, finding the opportunities that we could to grow 24 are going to be happening. Thank you so much. 24 those revenues. I think, you know, just like anyone 25 THE WITNESS: Thank you very much. 25 else when you go to the property, you see how 127 129 1 Donovan - direct - Schrier Donovan - direct - Schrier 2 CHAIRMAN PLOUSIS: Thank you. beautiful it is, when I -- first came to the property 3 MR. SCHRIER: Mr. Chairman, I'd like to that had pretty good table games business. Had good 4 4 food and beverage business. But I think we saw the call Michael Donovan. 5 two biggest opportunities in our minds were growing 5 CHAIRMAN PLOUSIS: Mr. Nance? 6 the slot revenues and increase in hotel occupancy. MR. NANCE: Would you say raise your 6 7 When we look at hotel occupancy for the right hand? 8 8 first nine months of the property they averaged about 9 MICHAEL DOVOVAN, having been first duly 75 percent hotel occupancy and with only 1400 rooms, 10 sworn, testified as follows: 10 that's pretty typical for the city. Over the last 11 MR. NANCE: State your name for the three months we've averaged 95 percent hotel 12 occupancy. And pleased to say in July we had 99.9 record. 12 13 THE WITNESS: Michael Donovan. 13 percent hotel occupancy. 14 MR. NANCE: Thank you. You may be 14 From a slot standpoint, again, we've 15 seated. 15 seen tremendous strides there. You know, that's the 16 DIRECT EXAMINATION BY MR. SCHRIER: core of every casino business in Atlantic City. And 17 Good afternoon, Mr. Donovan. if -- you know, if your core is not strong, you're Q. 18 Good afternoon. going to have a difficult time with ultimately growing A. 19 What's your position the Ocean and your business and being profitable. We've been able Q. 19 20 casino Resort? to, from the brief period from the beginning of this 21 A. I'm the Chief Marketing Officer and 21 year until June, increase our slot market share 300 22 Senior Vice President. 22 bases points. And I think as alluded to earlier, 23 And when did you begin that position? 23 we've gone from last in the market so ninth place to 24 March of this year. 24 most recently in June we were sixth in the market in 25 Okay. Can you tell the Commission about 25 gross slot revenue.

130 132

- 1 Donovan direct Schrier
- 2 O. In terms of Ocean Casino Resort, there
- 3 was a question earlier about the change of the name
- 4 and how that took place. Do you have a view on that?
- 5 A. Yeah. It was -- it was operating truly
- 6 like a Resort for the history of the property. Where,
- 7 you know -- we know in Atlantic City, you know, you
- 8 need a certain amount of casino business to be viable.
- 9 So the change from Ocean Resort Casino to Ocean Casino
- 10 Resort, while seems small, it was a very symbolic of
- 11 our approach that we took to how we operated from not
- 12 only, you know, casino operation standpoint but from a
- 13 marketing standpoint. So we went in and saw three big
- 14 opportunities just in specifics. But overall we just
- 15 weren't aggressive enough with what else is out there
- 16 in the market. So we saw the need to increase the
- 17 amount of offers that we had out there from our
- 18 entertainment offerings to, we went from weekly to
- 19 daily free play, which slot customers like. We added
- 20 dining offers. We also -- you know, we had an over a
- 21 million-person database and the old Revel database
- 22 that the property hadn't talked to in the history of
- 23 the property. So, you know, for any marketer coming
- 24 in, you would love to have a million-person database
- 25 to just, you know, you have those customers. You know

- 1 Donovan direct Schrier
- 2 showroom. You know, we can fit up to 4300 people. If
- 3 you've ever seen a concert there, it's just a
- 4 beautiful room to have entertainment in. So, you
- 5 know, I think pretty much every weekend from the
- 6 beginning of June until the end of the summer, we've
- 7 had entertainment in there. You know, we actually
- 8 have a fight on Thursday. We have a comedian on
- 9 Saturday this week. But we have big names in there.
- 10 In June we had Brooks & Dunn, Charlie Wilson. Later
- $11\;$ this month we have Ron White. Reba McEntire. And we
- 12 continue to have large names going into the Fall. And
- 13 actually and entertainment plan, we're actually
- 14 booking into Spring 2020. So Spring 2020, we're
- 15 thinking about next Spring and next Summer and what
- 16 does our summer lineup look like for 2020? Very, very
- 17 exciting.

18

- And also we didn't really have anything
- 9 to give customers that sense of excitement to when
- 20 they came to the casino floor. So with Luxor's help
- 21 and Eric at the helm, we were able to create a new
- 22 casino lounge experience. It has live entertainment
- 23 every night. So when you go to the casino floor, you
- 24 would have that sense of excitement that people would
- 25 have something to do on property, which I think really

133

131

- exactly how much they spent the last time they were at
- 3 the property. You know exactly how much -- where they
- 4 live. And we started marketing to them, and we

Donovan - direct - Schrier

- 5 started marketing to them in a very aggressive
- 6 fashion. Where suddenly people who hadn't been to the
- 7 property in a couple of years got these great offers
- 8 from us and they were getting free every day and got
- 9 hotel comps. And that's where we've seen a lot of our
- 10 success grow.
- Also, we've increased our frequency of
- 12 communication with our customers. Right? So where
- 13 they were getting one mailer a month for cost saving
- 14 purposes before, now they're get weekly offers from
- 15 us. And we send out close to ten million e-mails on a
- 16 monthly basis. And that's really paid dividends. If
- 17 you look at our June numbers, it was the highest gross
- 18 gaming revenue in the property's history, the highest
- 19 slot revenue in the property's history both gross and
- 20 net. It was the highest market share in the
- 21 property's history, and also the highest profitability
- 22 in the property's history.
- 23 Q. How have you addressed the entertainment
- 24 offerings at the property?
- 25 A. Yeah. It's Ovation Hall is such a great

- 1 Donovan direct Schrier
 - 2 adds to our casino.
 - Q. Mr. Donovan, you've told me that you
 - 4 like to show a video to the Commissioners that is a
 - 5 result of some of your summer advertising; correct?
 - 6 A. Yeah. Absolutely. You know, when we
 - 7 rebranded the property, we went out and we had great
 - 8 video shot that, you know -- so visual. It's tough to
 - 9 explain the place to people. So we thought what
 - 10 better way to do that than with digital and television
 - 11 ads. And this is just kind of a mix of some of the
 - 12 ads that were out there this summer promoting the
 - 13 resort and trying to create that branding awareness
 - 14 for Ocean.
 - MR. SCHRIER: Mr. Chairman, can you all
 - see it?
 - 17 (A video was shown.)
 - 18 Q. Mr. Donovan, since being a part of Ocean
 - 19 Casino Resort, do you have any insight into how you
 - 20 think the property is being viewed by the consumer or
 - 21 by the industry since you've been there?
 - A. Actually, we just won several
 - 23 first-place awards that we're going to be announcing
 - 24 later on this month. So we'll be excited to share
 - 25 that with the Commission and the general public.

22

134 136 1 Donovan - cross - Flaherty 1 Donovan 2 Very good. Thank you. 2 that and who's involved in that? 3 MR. SCHRIER: That's all I have. 3 THE WITNESS: Yeah. Absolutely. You 4 CHAIRMAN PLOUSIS: Okay. 4 know, the conglomeration of both casino and 5 5 MS. FLAHERTY: Thank you. resorts and other local businesses, including 6 CROSS-EXAMINATION BY MS. FLAHERTY: 6 some here on Tennessee, are all in the North 7 7 Good afternoon. Beach initiative. As Terry alluded to earlier, 8 Good afternoon. 8 you know, I think that we've created a 9 9 I noticed there were various elements to Q. tremendous amount of PR and had events planned 10 the marketing area, and one of them is an enhanced 10 around that. You know, we have a great team at 11 gaming program, which I believe deals with slots and Ocean that, you know, is involved, intimately 11 12 the improved customer database management as well as a 12 involved with every aspect of that. We've 13 new loyalty program. Can you discuss how those work 13 committed to financial commitments with North 14 and how they work together to help marketing? 14 Beach. And, you know, really -- if you think A. Yeah. Absolutely. You know, and I --15 about all the things that happen in Atlantic 16 you know, kind of know what other properties around 16 City and all the things that happen in North 17 the country have done and what best practices are 17 Beach, you know, it's where I think the 18 throughout the casino industry. And needless to say, 18 excitement is in Atlantic City today. So it 19 we weren't following the majority of those when I came 19 was, I think, a great publicity for us just to 20 in. So you know, in addition to not having, you know, 20 get our names out there. And, you know, you 21 property segmentation and not using best practices, we 21 really felt that come to fruition on the 22 didn't have great logic that was given to our players. 22 one-year anniversary celebration of both Ocean 23 And we just flat-out weren't aggressive enough. So 23 and Hard Rock. And we just had so many things 24 you know, when you walk into most casinos, you expect 24 going on that weekend. But you know, we had a 25 kind of a seamless experience. And it just wasn't 25 party at Land Shark at Resorts and everybody 135 137 Donovan 1 Donovan 2 that. So, you know, we've added more kiosks to our 2 got together. So I think it's a great 3 casino so customers can come in, check their point 3 collaboration of Atlantic City businesses and 4 4 balances. Get their offers. They can go over, get a just a great thing to have happen. 5 gift card and come back. And that just wouldn't even 5 COMMISSIONER HARRINGTON: Well, that --6 be possible to do something as basic as that six 6 collaboration is the term. Because I was going 7 months ago today because we just didn't have the team, 7 to ask about when Ocean changed hands last 8 8 and the knowledge just wasn't there. time, Mr. Deifik talked a lot about Q. Okay. So you basically brought all 9 collaborating with other properties throughout 10 those pieces together to make it more seamless and 10 the city so that is actually underway; right? 11 help the marketing and help the customers? 11 THE WITNESS: Yeah. Absolutely. You 12 A. Absolutely. Yeah. We've invested in 12 know, we work very closely with Hard Rock and 13 both the technology aspect of it and just having the 13 Resorts and, you know, all the local businesses 14 team. I have a great team that has that knowledge and 14 to just drive people to town. You know, if --15 that knowledge of the Atlantic City market 15 you know, Hard Rock or Borgata or Boardwalk specifically. 16 Hall has a concert that directly affects our 16 17 Q. Uh-hum. Okay. Thank you. That's all I 17 ability to sell rooms then, you know, we're 18 have. 18 busy on those days. So the more people that CHAIRMAN PLOUSIS: Commissioners? 19 19 come to the city, I think it's not only 20 **Questions?** 20 beneficial for us but, you know, the city as a COMMISSIONER HARRINGTON: Miss Glebocki 2.1 21 22 referenced and the North Beach initiative. 22 COMMISSIONER HARRINGTON: My last 23 THE WITNESS: Uh-hum. 23 question is this. Can you talk a little bit COMMISSIONER HARRINGTON: Can you talk a 24 24 about -- it's not actually a question. But can 25 little bit about that and what's involved in 25 you talk a little bit about the sports wagering

138 140 1 Donovan 1 Donovan 2 and how that factors into the whole 2 entertainment. And just to hear you say a few 3 3 moments ago and then show this magnificent operational --THE WITNESS: Yeah. I started March 6th 4 video where you are addressing the need for 5 5 and, it was right in time for March Madness. live entertainment. The lounges, whether it's 6 And I got to see first hand the amount of 6 a small lounge or whether you're in Ovation 7 7 crowds that would come through the property for Hall, small to large, large to small, and I'm 8 sports betting events. And our ability to sell 8 going to say to you and everybody from Luxor 9 9 that is here today, acknowledging the hotel rooms with that and, you know, table 10 games are busy, and just that excitement that 10 importance of live entertainment to enhance the 11 customer experience. It's very easy. It's 11 you get to the casino that, you know, wasn't 12 there, you know, before. Our sportsbook at 12 very -- real, real easy to plug in your iPhone, 13 Ocean is actually directly in the middle of our 13 plug it into the speakers, one, two, three, 14 casino. So if there's a big sporting event 14 music. Blah-blah-blah. Uh-uh. I mean, so --15 that goes on, it feels great. If there's not a 15 I mean, we all have it in our cars and 16 big sporting event going on, there's 16 everything, in our offices. But this is not 17 definitely, you know, that gap that you feel in 17 what somebody come to go Atlantic City needs to 18 the casino. 18 hear. They want to go to a property and have a 19 But I think, you know, on a 19 drink, a lux -- magnificent meal and hear some 20 going-forward basis, it's a huge opportunity 20 type, whether it's jazz, whether it's hip hop, 2.1 for us to attract customers that otherwise 2.1 whatever -- whether it's 40's. Whatever type 22 wouldn't come to the city. And I just continue 22 of music and entertainment, there's nothing 23 to work with William Hill to build those 23 like live entertainment. So again, I am just 24 24 partnerships. We have football season coming commenting that I am very, very happy to hear 25 up, so I'm sure we'll have our fair share of 25 what you were doing the whole property is doing 139 141 1 Donovan 1 Donovan 2 Eagles fans that will be down here for those 2 with regard to live music and entertainment. 3 games, too, so. 3 THE WITNESS: I only mentioned our 4 COMMISSIONER HARRINGTON: Maybe you can 4 casino lounge, but we also have live 5 5 attract some Giants fans, if -entertainment in Amada that's wonderful on the 6 THE WITNESS: Giants fans. Bengal fans. 6 weekend. Villain & Saint. And then our beach 7 7 club and nightclub have, you know, huge DJs out (Laughter.) COMMISSIONER HARRINGTON: Thank you. 8 8 there. So a lot of entertainment and 9 CHAIRMAN PLOUSIS: Commissioner? 9 excitement. 10 VICE CHAIR COOPER: Okay. I actually 10 VICE CHAIR COOPER: Very, very happy and 11 have a comment with regard to a few of the 11 very pleased. And again, I say it from a 12 things, as you've just communicated to us. 12 personal note, but again, it enhances the whole 13 First again, thanks for being here 13 experience here at your property as well as 14 14 here in Atlantic City. So thank you. today. 15 I was going to ask a question, but Mr. 15 THE WITNESS: Thank you. 16 Schrier asked it. So with regard to 16 CHAIRMAN PLOUSIS: Mr. Donovan, No. I 17 entertainment -- and as I said I don't have a 17 have a few more you. A million people that you have in your 18 question but more of a comment. I just want to 18 19 acknowledge -- emphasize, and acknowledge my 19 database, is that -- how did you get that? Are 20 personal excitement, my personal gratification 20 they people that visited or went on your 21 because I was in the music and entertainment 21 website? Where does that million come from? 22 business many for over 35 years here in 22 THE WITNESS: So overall, we have 23 Atlantic City. And over those years, it was 23 a-million-four, and they have visited the 24 24 always the cry, the comments, live property at one point or another about a little 25 entertainment. Live entertainment. Live 25 bit over a million of those were from Revel.

142 144 1 Donovan 1 Donovan 2 And we have little bit over 300,000 that have 2 marketing strategic to make it successful? 3 been there since the inception of Ocean. 3 THE WITNESS: I think those are all good CHAIRMAN PLOUSIS: Now you said earlier 4 4 starts; right? But it's not going to be 5 5 your room occupancy has increased. What's ultimately the thing that's going to drive 6 6 customer to the property. Right? Having a 7 THE WITNESS: You know, we've used the 7 nice property alone is just the cost of entry. 8 excess demand that we had in the hotel and 8 Now, you know, Atlantic City casino customers Q we've found all these, you know, great quality 9 they want, you know, free play and gifts and 10 customers from the Revel database. And we've 10 food comps. And you need to be just as 11 offered them hotel rooms to come back and try 11 aggressive as everybody else in town in order 12 the property. I know Terry alluded to earlier, 12 to get them to choose your property ultimately 13 to have those these great rooms and not 13 at the end of the day, because any quality 14 introduce them to people is -- you just can't 14 casino customer they have, you know, four or 15 do that in the city. So even in a month like 15 five different offers that are on their kitchen 16 May, you know, typically isn't a home run 16 table, and they're making that decision on 17 month, you know, we ran close to 90 percent 17 where to go that weekend. So, you know, we 18 occupancy in May. So, you know, I think that's 18 think about just the competition in Atlantic 19 going to be for the -- for the 12 months 19 City. But the regional competition is great, 20 definitely a benefit for us is just to get 20 too. So to get people to drive from two hours 21 quality casino customers in those rooms. Where 2.1 away, three hours away to make that drive and 22 I think before it was, let's wait for this cash 22 come to us and drive past other casinos. I 23 customer to come in and sell it cash. And you 23 think you have to have a really compelling 24 24 know, it's just -- nobody else does that in reason on top of the just that great product 25 25 town, so. and service. You know, it has to be, you know, 143 145 1 Donovan 1 ITEM NO. 13 2 CHAIRMAN PLOUSIS: Buses. I know you 2 something that's a wow for customers to come to 3 have a few. Do you see any growth in that 3 4 4 CHAIRMAN PLOUSIS: Thank you. 5 THE WITNESS: Yeah. You know, we did a 5 Anything further? 6 lot of buses down the street at Tropicana. 6 (No response.) It's tough because there's not a bus, like. 7 CHAIRMAN PLOUSIS: Thank you. 8 lobby at Ocean. So you don't really have 8 THE WITNESS: Thank you. 9 anywhere to do it. But, you know, we've looked 9 MR. SCHRIER: Thank you. 10 at specific buses coming from New York, whether 10 CHAIRMAN PLOUSIS: Closing statements. MS. FLAHERTY: Yes. The Division 11 that is Asian buses or overnight buses, you 11 12 know, we've tried to get that tourism customer 12 through its ICA investigation has conducted a 13 in. And so not giant volumes. But, you know, 13 preliminary review of Luxor, its entities, and 14 any quality bus that we can get in, we're going 14 the natural person qualifiers associated with 15 to take that. And we have a few of those 15 these entities to determine whether statutory 16 today. 16 ICA criteria are met. 17 CHAIRMAN PLOUSIS: Okay. And my last 17 In connection with this preliminary 18 question is, we've had other licensees coming 18 review, the Division completed a comprehensive 19 19 financial analysis. As a result, the Division talking about their strategic in regards to 20 marketing, the ones, we're in the entertainment 20 sees the financial forecasts here to be 21 business not really the gaming business. Your 21 optimistic, especially in the near term of the 22 22 next 18 months. Based on the Division's property when previous people came in, they 23 said that the Hyatt connection was going to 23 analysis, it has recommended in its ICA report 24 help them. Allowing smoking was going to make 24 specifically Exhibit 7 to that report, that 25 25 them successful. What -- what is your 25 conditions being imposed if ICA is granted.

So with that, I would ask for your 5 5 As set forth in the Division's ICA approval of the ICA of Luxor. 6 report, the Division does not object to the 6 MS. FLAHERTY: Yes. Mr. Chairman and 7 7 the Commissioners, the Division assents to Commission granting ICA to the Petitioner 8 subject to our recommended conditions. 8 transfer of the assets from the Divestiture 9 9 Trust to the ICA Trust. Thank you. 10 CHAIRMAN PLOUSIS: Thank you. 10 Thank you. 11 CHAIRMAN PLOUSIS: Thank you. 11 MR. I would like to thank 5 5 everybody, specifically the Division of Gaming testimony today and the cross-examination from 6 the Division, the aspects of the financial 6 Enforcement, Miss Flaherty and also you and the 7 picture for the property has been outlined. 7 Commissioners for sort of riding this along 8 8 And I think there's a plan in place to continue with us from the end of the year through 9 the improvement. 9 February. I think there's been a lot going on, 10 At this point in time, since February I 10 and I know that you've spent a lot of time looking at it. I know the Division has spent 11 think we're all pleased to see that there has 11 12 been improvement. And I think everyone in this 12 an enormous amount of time working on this, and 13 I would be remiss if I didn't thank everybody 13 room is responsible for a piece of that involved in that process.
