The Department of Corrections provides notices of rule proposals in the New Jersey Register (N.J.R.), a semi-monthly official publication of the Office of Administrative Law which contains all State agency rule proposals and adoptions. The following paragraph is quoted from the Proposal section of the New Jersey Register: Interested persons may submit comments, information or arguments concerning any of the rule proposals in this issue until the date indicated in the proposal. Submissions and any inquiries about submissions should be addressed to the agency officer specified for a particular proposal. The required minimum period for comment concerning a proposal is 30 days. A proposing agency may extend the 30-day comment period to accommodate public hearings or to elicit greater public response to a proposed new rule or amendment. Most notices of proposal include a 60-day comment period, in order to qualify the notice for an exception to the rulemaking calendar requirements of N.J.S.A. 52:14B-3. An extended comment deadline will be noted in the heading of a proposal or appear in a subsequent notice in the Register. At the close of the period for comments, the proposing agency may thereafter adopt a proposal, without change, or with changes not in violation of the rulemaking procedures at N.J.A.C. 1:30-6.3. The adoption becomes effective upon publication in the Register of a notice of adoption, unless otherwise indicated in the adoption notice. Promulgation in the New Jersey Register establishes a new or amended rule as an official part of the New Jersey Administrative Code.

The agency proposal follows:

Summary
The proposed new rules are intended to promulgate and incorporate some of the requirements set forth in N.J.S.A. 30:1B-39 through 45 (the Act), effective August 1, 2020.

The Department of Corrections (Department) proposes to add new rules to carry out the requirements of the Act to create an Inmate Abuse Reporting and Investigation Program. The Act sets forth definitions and requirements for the Commissioner to establish training in which correctional facility employees and others will gain an understanding of the obligation to report incidences or any reasonable suspicion of inmate abuse to designate an individual(s) to receive the reports of abuse and to establish penalties for failure to report inmate abuse.

At N.J.A.C. 10A:7-1.1 the Department proposes to state the requirement to establish the program as set forth at N.J.S.A. 30:1B-39, and to note that this program is in addition to existing policies and procedures related to the Prison Rape Elimination Act (PREA).
The definitions set forth at N.J.S.A. 30:1B-39 include those for employees, Inmate Abuse Liaison, and State correctional facility and are proposed for inclusion at N.J.A.C. 10A:7-1.2. Although some of these definitions appear elsewhere in N.J.A.C. 10A, the Department proposes to add them at N.J.A.C. 10A:7-1.2 for the convenience in the context of this section of the administrative rules.

At N.J.A.C. 10A:7-1.3, the Department proposes to include the obligations of State employees and any other person to report suspected inmate abuse to be in compliance with N.J.S.A. 30:1B-40.

At N.J.A.C. 10A:7-1.4, the basic contents of the report are proposed in accordance with the Act. The Department proposes, at N.J.A.C. 10A:7-1.5, to include the requirement from the Act to establish an inmate abuse reporting program for State correctional facilities including the need for a training component and a designation of an individual(s) to receive reports of inmate abuse.

At N.J.A.C. 10A:7-1.6, the Department proposes the following minimum areas for inclusion in the training. As stated in the Act, these include recognizing and understanding what is inmate abuse, the duty to report inmate abuse, and how to report inmate abuse including contact information.

At N.J.A.C. 10A:7-1.7, the Department proposes designation of an Inmate Abuse Liaison to be the recipient of abuse reports, as well as take on the functional responsibility to transmit inmate abuse reports (incidents and allegations) to the Commissioner for investigation as required at N.J.S.A. 30:1B-41.

The responsibility to report all instances of inmate abuse, as determined by an investigation, to the county prosecutor is proposed at N.J.A.C. 10A:7-1.8 for compliance with the Act, which may include a review by the county prosecutor, but does not preclude the Department of Corrections from conducting an investigation.

The Department proposes to include rules pursuant to N.J.S.A. 30:1B-42, regarding confidentiality, immunity from liability, and retaliation at N.J.A.C. 10A:7-1.9.

At N.J.A.C. 10A:7-1.10, the Department proposes to include rules for assessing penalties for failure to report inmate abuse as set forth at N.J.S.A. 30:1B-43. These may include a penalty of not more than $5,000 and Departmental disciplinary action.

As the Department has provided a 60-day comment period on this notice of proposal, this notice is excepted from the rulemaking calendar requirement pursuant to N.J.A.C. 1:30-3.3(a)5.

Social Impact

The proposed new rules incorporate the requirements of N.J.S.A. 30:1B-39 through 45 into the administrative rules of the Department. The Department anticipates a positive social impact on the general public and inmate population resulting from the proposed rule changes as they provide an added measure of inmate protection from abuse and require that correctional facility staff and others report all known and suspected inmate abuse.

Economic Impact

The cost of meeting and maintaining the requirements of the proposed new rules should be accommodated by within the existing budget.

Federal Standards Statement

The proposed new rules are promulgated under the authority of the rulemaking requirements of the Department of Corrections at N.J.S.A. 30:1B-6 and 30:1B-10. The proposed amendments are not subject to any Federal statutes, requirements, or standards; therefore, a Federal standards analysis is not required.

Jobs Impact

The proposed new rules will have no impact on jobs.

Agriculture Industry Impact

The proposed new rules will have no impact on the agriculture industry.

Regulatory Flexibility Statement

A regulatory flexibility analysis is not required because the proposed new rules do not impose reporting, recordkeeping, and other compliance requirements on small businesses as defined in the Regulatory Flexibility Act, N.J.S.A. 52:14B-16 et seq. The proposed new rules only impose reporting, recordkeeping, and other compliance requirements on the New Jersey Department of Corrections and governmental entities responsible for the enforcement of the rules.
Housing Affordability Impact Analysis
The proposed new rules shall have no impact on housing affordability and there is an extreme
unlikelihood that the proposed new rules would evoke a change in the average costs associated with
housing. The proposed new rules set forth requirements for an inmate abuse reporting and investigation
program for State correctional facilities brought about by the requirements of the Act concern inmates in
New Jersey State correctional facilities, the New Jersey Department of Corrections, and governmental
entities responsible for the enforcement of the rules.

Smart Growth Impact Development Analysis
The proposed new rules will have no impact on the achievement of smart growth and there is an
extreme unlikelihood the proposed new rules will evoke a change in housing production within Planning
Areas 1 or 2, or within designated centers, under the State Development and Redevelopment Plan. The
proposed new rules set forth requirements for an inmate abuse reporting and investigation program for
State correctional facilities brought about by requirements of the Act concern inmates in New Jersey State
correctional facilities, the New Jersey Department of Corrections, and governmental entities responsible
for the enforcement of the rules.

Racial and Ethnic Community Criminal Justice and Public Safety Impact
The Department of Corrections has evaluated this rulemaking and determined that it will not have an
impact on pretrial detention, sentencing, probation, or parole policies concerning adults and juveniles in
the State. Accordingly, no further analysis is required.
