Domestic Violence and Sexual Assault Treatment Services

Take Notice that in compliance with N.J.S.A. 52:14-34.4 et seq. (P.L. 1987, c.7), the Department of Corrections hereby publishes a notice of the availability of the following grant:

“Saving Our Sisters” – A Multicultural Victim’s Services Program
Domestic Violence and Sexual Assault Treatment Services

A. Information for Bidders (Background)

The mission of the New Jersey Department of Corrections (NJDOC) is to ensure that all persons committed to the state correctional institutions are confined with the level of custody necessary to protect the public and are provided with the care, discipline, training and treatment needed to prepare them for reintegration into the community (N.J.A.C. 10A:1-1.1). The NJDOC oversees approximately 22,000 inmates throughout 13 major institutions including 11 adult male correctional facilities, one women’s correctional institution, a central reception facility, 14 contracted Residential Community Release Facilities (RCRP) and two contracted Residential Community Release Assessment Centers.

Edna Mahan Correctional Facility for Women (EMCFW) is responsible for housing state sentenced female offenders at all levels of security. Established in 1913, EMCFW has separate and diverse housing suited to the various custody status limitations of the population. New Jersey is one of few states in the United States experiencing a decline in the incarcerated female prison population. Departmental data on the average daily population reveals the following seven year trend: 825 (2011), 747 (2012), 783 (2013), 752 (2014), 774 (2015), 708 (2016) and 646 (2017) (NJDOC, 2017). Currently, the population is approximately 646 inmates. The race/ethnic background of the population remain relatively consist over the last two decades reflecting approximately 46% Black, 41% White, 11% Hispanic, and 1% Asian (NJDOC, 2017).

The mission of EMCFW includes several objectives regarding facility operations, inmate care and custody, and programming. One objective is to develop initiatives that support program
opportunities for inmates who are goal oriented in making positive changes for transition to the community. In order to strive toward the mission of the department and achieve the objectives of EMCFW, female victims of past incidents of domestic violence and/or sexual assault require specialized services that are sensitive and specific to their unique needs.

A 1999 report entitled “Prior Abuse Reported by Inmates and Probationers,” published by the Bureau of Justice Statistics, reports that more than half (57%) of the female state prison population has been abused, including 47% being physically abused and 39% sexually abused, with many being victims of both types of abuse (Bureau of Justice Statistics, 1999). Slightly more than a third of imprisoned women had been abused by an intimate partner in the past and just under a quarter reported prior abuses by a family member. Comparatively, a 2003 NJDOC survey of female inmates revealed that 56% indicated having been a victim of domestic violence. The survey was replicated in 2011 and ultimately uncovered an alarming increase in which 82% of the female inmates indicated having been personally victimized by domestic violence. In many ways those incarcerated at EMCFW strongly reflect the characteristics of those included in national statistics.

Research indicates that without some form of intervention and education, victims of domestic violence remain in abusive relationships. Moreover, battering tends to escalate over time, leading in some instances to homicide or suicide. It is also documented that domestic violence is a generational problem; that is, women having grown up in families where domestic violence was the norm will be accepting of the abuse and establish a role model for their female children that perpetuates this victim role.

The NJDOC receives Federal Violence Against Women Act (VAWA) grant funds through the New Jersey Department of Law and Public Safety, State Office of Victim-Witness Advocacy, to support multi-cultural domestic violence and sexual assault treatment services at EMCFW. The program is titled “Saving Our Sisters – A Multicultural Victim’s Services Program.” The “Saving Our Sisters” program has two primary components to the continuum of care including (1) contracted treatment services provided by a domestic violence or sexual assault service provider and (2) treatment services for the Hispanic population facilitated by an English and Spanish bilingual social worker, hired by the NJDOC. Through this competitive Notice of Grant Opportunity (NGO), the NJDOC seeks eligible organizations for contracted domestic violence and sexual assault treatment services for female inmates in the “Saving Our Sisters” program at EMCFW. As indicated above, the bilingual component is facilitated separately by the NJDOC. However, coordination between all domestic violence and sexual
assault services should occur to maintain a continuum of care.

C. Eligible Organizations

In order to be eligible for consideration, organizations must be a non-profit corporation duly registered to conduct business in the State of New Jersey. Government entities are also eligible to respond to the competitive grant opportunity. Eligible organizations must specialize in the provision of domestic violence services or both domestic violence and sexual assault services. One subgrant will be funded under this program.

D. Scope of Work

The NJDOC is seeking domestic violence and sexual assault services for female inmates at the EMCFW in Clinton, New Jersey. The services will be facilitated in both the minimum custody (grounds) and maximum custody units for female inmates who have been victim of domestic violence and/or sexual assault and who voluntarily request participation in services. Bi-lingual services in English and Spanish are ideal, but are not required.

The domestic violence and sexual assault treatment provided by the subgrant agency shall be available to the female inmate population at EMCFW as a continuum of services. The applicant shall propose a continuum of services which will include two primary interventions: (1) individual counseling; and (2) adjunctive therapy workshops. Individual counseling sessions shall be reserved for female inmates who are assessed to require more intensive and ongoing treatment. The subgrant agency shall provide a total of thirty (30) contact hours per month, for
sixteen (16) clients, with a fifteen (15) maximum session total. Adjunctive therapy is defined as specialized and supportive treatment services utilized in conjunction with the primary treatment (group and individual counseling). Adjunctive services should be holistic in nature and be appropriate for the prison environment. The subgrant agency shall provide these interventions once every three (3) weeks, on both the maximum and minimum units, with each session lasting 120 minutes. The therapy shall be offered via a series of workshops utilizing mixed expressive modalities, such as, but not limited to: dance movement, spoken word/poetry slam, yoga/meditation, creative writing, psycho-drama, music therapy, painting, sculpting, etc. (no more than four workshops of the same modality to be offered per grant period). Each workshop shall aim to address the social and emotional needs of victims of domestic violence and/or sexual assault. The content of the workshops shall be proposed by the applicant, but will be mutually agreed upon by the subgrant agency and the NJDOC prior to implementation, and may vary over time to address the needs of the EMCFW population. The workshop schedule shall be submitted to NJDOC on a quarterly basis, providing adequate time for review, approval and participant recruitment. Additionally, the subgrant agency shall offer a minimum of two (2) psycho-educational sessions throughout the grant period, focusing on the reentry process, as it relates to offender victims of domestic violence and/or sexual assault. Each session shall be 120 minutes in duration. Due to safety and security concerns, all services in the continuum must be facilitated separately in the minimum custody unit (grounds) and the maximum custody unit and may require modification based on the security location.

In addition to the two primary services, the subgrant agency will be responsible for assisting NJDOC with the coordination and presentation of programming and services during October Domestic Violence Awareness Month activities. Some examples include, organizing therapeutic presentations and showcasing of adjunctive services and/or utilizing guest speakers from outside community-based domestic violence/sexual assault agencies. The subgrant agency shall also participate in a weekly Offender Orientation, where they will briefly present on the domestic violence/sexual assault services available at EMCFW.

The subgrant agency will be responsible for recruiting inmates for program participation. One recommended method of recruitment is through the distribution of informational pamphlets. The pamphlets may be developed by the subgrant agency or designed jointly by the agency and the NJDOC. Pamphlets must be approved by the NJDOC prior to distribution. Recruitment may also occur via sign-up sheets and written inmate requests at EMCFW. The subgrant agency will interview inmates and work with the NJDOC’s program liaison to review potential participants
for appropriateness and eligibility. The subgrant agency will also coordinate efforts with the program liaison to create and submit a schedule for the daily authorized absence list that will allow each participant to attend services.

The program liaison at EMCFW will assist the successful bidder with scheduling program activities between the hours of 8:00 a.m. and 3:30 p.m., Monday through Friday. Additional time may be required for subgrant agency staff to enter and exit the facility each day. Program scheduling may be subject to revision over time, as determined by programming needs.

Upon subgrant award, subgrant agency staff, who are assigned to the program, will be required to submit to a background check and attend (2) two hour orientation trainings. Each training session will address safety and security protocol and institutional procedures. In addition, subgrant agency staff will be issued a NJDOC Volunteer Identification Card that must be worn visibly at EMCFW at all times. The NJDOC will inform the subgrant agency of the training requirements, with reasonable notice, as they are identified. Annual training will be required in instances of continuation subgrant awards.

E. Availability of Funds

Federal Violence Against Women Act (VAWA) grant funds in the amount of $36,000 are available for an annualized project period. Funding will be awarded for one subgrant of up to $36,000. Eligible organizations may provide an all inclusive bid for services; bids are not to exceed $36,000 for the annual project.

On a quarterly basis, the subgrant agency shall request funds from the NJDOC based upon costs incurred during the preceding three-month period. This is a cost reimbursement contract. No advance of funding will be allowable. The subgrant agency will submit a State of New Jersey Payment Voucher, an invoice, and shall be in compliance with all reporting requirements in order to request payment under the subgrant.

The subgrant agency shall recognize and agree that both the initial provision of funding and the continuation of such funding under the agreement are expressly dependent upon the appropriation and availability of State and/or Federal funds. In the event that the funds are not appropriated by the Legislature or are otherwise unavailable, the NJDOC reserves the right to terminate the contract upon written notice to the subgrant agency. Said termination shall not be deemed a breach of contract by the NJDOC or an event of default under the contract. Should
such an event occur, the subgrant agency shall be entitled to compensation of all satisfactory and authorized services completed as of the termination date. Upon such termination, the subgrant agency shall have no right to recover from the NJDOC any actual, general, special, incidental, consequential, punitive or any other damages whatsoever of any description or amount. In addition, future funding shall not be anticipated from the NJDOC beyond the duration of the award period set forth in the contract and in no event shall the contract be construed as a commitment by the NJDOC to expend funds beyond the expiration date set in the contract.
