What is NJ FamilyCare?

NJ FamilyCare is publicly funded health insurance for New Jersey residents. It provides free or low cost quality health care for children and adults.

Who is eligible?

Qualified New Jersey residents of any age can be eligible for NJ FamilyCare. This includes children, parents, caretaker relatives, and adults without dependent children.

Eligibility is based on the income and household size reported on the applicant's latest federal tax return.

NJ FamilyCare also can use other sources, such as pay stubs, to verify information.

Income eligibility for children is higher than income eligibility for adults.

What is covered?

The *New* NJ FamilyCare offers full health care coverage through health plans contracted by the state.

NJ FamilyCare covers most health care needs including:

-  doctor visits
-  x-rays
-  eyeglasses
-  prescriptions
-  hospitalization
-  mental health services
-  lab tests
-  dental
-  specialist visits
-  preventive screenings

What Does it Cost?

For many people, NJ FamilyCare will cost nothing: no monthly premiums or co-payments.

For higher income families with children, there is a sliding scale for co-payments and monthly premiums.

Are There Any Restrictions?

Pre-existing conditions do not affect eligibility. In most cases, children must be without medical insurance for at least 3 months to qualify.

Because there are exceptions, it is a good idea to call NJ FamilyCare in case you have a question.

Adults must have legal permanent resident status for at least five years to be eligible. For undocumented residents, their children may be eligible if born in the U.S.
