In the Matter of D.M.D., County
Police Officer (S9999U), Camden
County

CSC Docket No. 2019-1135

Medical Review Panel Appeal

ISSUED: December 20, 2019 (BS)

D.M.D. appeals his rejection as a County Police Officer candidate by Camden County and its request to remove his name from the eligible list for County Police Officer (S9999U) on the basis of psychological unfitness to perform effectively the duties of the position.

This appeal was brought before the Medical Review Panel on August 21, 2019, which rendered its report and recommendation on September 1, 2019. No exceptions were filed by the parties.

The report by the Medical Review Panel discusses all submitted evaluations. The appellant did not appear before the Panel due to a flat tire and the Panel noted that the appellant was also late to second interview due to a flat tire. The Panel concluded that the test results and procedures and the behavioral record, when viewed in light of the available information and the Job Specification for County Police Officer, indicate that the candidate is psychologically unfit to perform effectively the duties of the position sought, and therefore, the action of the hiring authority should be upheld. Accordingly, the Panel recommended that the applicant be removed from the eligible list.

CONCLUSION

The Job Specification for County Police Officer is the official job description for such positions within the Civil Service system. The specification lists examples of work and the knowledge, skills and abilities necessary to perform the job. Examples include the ability to find practical ways of dealing with a problem, the ability to effectively use services and equipment, the ability to follow rules, the ability to put up with and handle abuse from a person or a group, the ability to take

the lead or take charge, knowledge of traffic laws and ordinances, and a willingness to take proper action in preventing potential accidents from occurring.

County Police Officers are responsible for their lives, the lives of other officers and the public. In addition, they are entrusted with lethal weapons and are in daily contact with the public. They use and maintain expensive equipment and vehicle(s) and must be able to drive safely as they often transport suspects, witnesses and other officers. A County Police Officer patrols a designated area and performs searches of suspects and crime scenes and is responsible for recording all details associated with such searches. The job also involves the performance of routine tasks such as logging calls, recording information, labeling evidence, maintaining surveillance, patrolling assigned areas, performing inventories, maintaining uniforms and cleaning weapons.

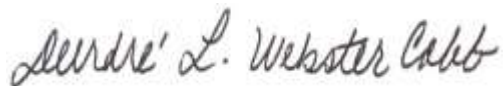

The Civil Service Commission has reviewed the job specification for this title and the duties and abilities encompassed therein and found that the psychological traits, which were identified and supported by test procedures and the behavioral record, relate adversely to the appellant's ability to effectively perform the duties of the title. Having considered the record and the Medical Review Panel's report and recommendation issued thereon and having made an independent evaluation of same, the Civil Service Commission accepted and adopted the findings and conclusions as contained in the Medical Review Panel's report and recommendation.

ORDER

The Civil Service Commission finds that the appointing authority has met its burden of proof that D.M.D. is psychologically unfit to perform effectively the duties of a County Police Officer and, therefore, the Commission orders that his name be removed from the subject eligible list.

This is the final administrative determination in this matter. Any further review should be pursued in a judicial forum.
