SECTION B – MISCELLANEOUS MATTERS**B-1 CHANGE IN CLASSIFICATION PLAN – TITLE REACTIVATION AND TITLE INACTIVATION**

The Division of Agency Services recommends that the title Work Leader, Electrical Metering and Relay Mechanic, be reactivated, and that the title of Sewage Plant Superintendent/Sewer Superintendent/Water Superintendent, be inactivated.

**MEMORANDUM**

DATE: September 25, 2015
 TO: The Civil Service Commission
 FROM: Kenneth Connolly, Director *Kenneth Connolly*
 Division of Agency Services
 SUBJECT: Change in Local Classification Plan

LOCAL TITLE

The City of Vineland requests the reactivation of the title Work Leader, Electrical Metering and Relay Mechanic (70353). The City of Vineland Electric Utility is the only municipally-owned electric generating utility in the State of New Jersey. The technical work performed is highly specialized, requiring distinct titles in some cases. An urgent need presently exists to fill a position in the title.

The primary function of the title involves supervising and performing work related to the installation, maintenance and repair of revenue metering, interconnection metering and relay systems.

Title history records indicate the title was established in 2008 at the request of the City of Vineland. It was inactivated approximately two years later as part of a large group of unencumbered titles. Vineland claims they did not intend for it to be inactivated at that time.

A draft title specification has been developed to accommodate this request.

The title Sewage Plant Superintendent/Sewer Superintendent/Water Superintendent will be inactivated. It has been unencumbered for approximately three years.

TITLE REACTIVATION

Effective: 10-1-15
